

CHARTER BYLAW 19825 TEXT AMENDMENT

If approved, Bylaw 19825 will amend Section 993.6 (RTCC) Riverview Town Centre Commercial Zone by removing the facade length limitation of 48 m and adding a revised regulation that states that any facade greater than 40 m must be articulated to mitigate the impact of the length of the facade. An administrative update to the Appendix is also included. This is in conformance with The Uplands Neighbourhood Structure Plan. Administration **supports** this proposed Charter Bylaw.
