GARTNER CANADA CO	\$104,308	Executive program membership EPS IT Branch requires IT Executive Program advisory services. This PO is for a one-year term commencing July 01, 2021 and is based on the Gartner Service Agreement attached to the PO.	P950179 Sole Source Issued upon recommendation of Edmonton Police Service
SPATIAL TECHNOLOGIES (2017) INC	\$133,167	Lieca mapping laser After a two-year development period; Traffic Services Branch has determined that they require a new spatial mapping laser and associated software upgrade to assist with collision investigations. After an evaluation the business area received two presentations from vendors for potential solutions and determined that the Leica RTC360 was the most appropriate solution. This laser reduces the time on scene for the members and the associated software provides more accurate results during investigations. TELUS COMMUNICATIONS INC	\$102,133	<p>Genetec Clearance Plan 1000</p> <p>In May 2020 the EPS leveraged the COE Telus Master Service Agreement (MSA) to support the Genetec Clearance pilot project. At the time, Covid-19 was just beginning and the EPS had a requirement to update its digital evidence acquisition solution (previously Dropbox).</p> <p>Telus was chosen for this project as they have the existing infrastructure and business relationships to facilitate the transfer of digital information between the third parties and EPS. Genetec Clearance was selected for compatibility reasons as many EPS partner organizations utilize Genetec products which eases integration challenges. The urgency of this requirement was paramount due to circumstances involving the pandemic.</p>	<p>P950178 Sole Source Issued upon recommendation of Edmonton Police Service</p>
