Report Summary

This Bylaw is to designate the Blue Cross Animal Hospital as a Municipal Historic Resource and to allocate financial incentives for its restoration.

Report

The Blue Cross Animal Hospital is listed on the Inventory of Historic Resources in Edmonton and merits designation under City Policy C450B – A Policy to Encourage the Designation and Rehabilitation of Municipal Historic Resources in Edmonton. The building was constructed in 1948 and is significant as the first purpose-built small animal hospital in Edmonton and for its Moderne design.

The owners have completed the application requirements to have the Blue Cross Animal Hospital designated as a Municipal Historic Resource under the provisions of City Policy C450B, and have agreed to rezone the property to Direct Development Control Provision (DC1). This zoning is often applied to sites of special historical, cultural, or environmental interest or concern.

Upon the passage of the Bylaw, the Rehabilitation Incentive and Maintenance Agreement (Schedule “C” of Attachment 1) will be approved and come into effect.

The payment of up to \$58,087 will be made to the owner, pursuant to the terms of the Rehabilitation and Maintenance Agreement (Schedule “C” of Attachment 1), to encourage the designation of the Blue Cross Animal Hospital as a Municipal Historic Resource in accordance with City Policy C450B.

The regulated portions of the building, as outlined in Schedule “A” of Attachment 1, will be restored. Rehabilitation work will be required to meet the *Standards and Guidelines for the Conservation of Historic Places in Canada*.

Public Engagement

Broad public engagement is not required for this process. Administration has engaged with the owner of Blue Cross Animal Hospital throughout the designation process.

Budget/Financial Implications

Upon completion of the project phases, the owner will be paid up to \$58,087 for rehabilitation from the Heritage Resources Reserve. The current reserve balance is sufficient to cover committed funding, including the Blue Cross Animal Hospital.

The total estimated cost of the restoration portion of the project is over \$116,173. Additional non-heritage work is estimated at greater than \$190,000. Beyond the \$58,087 grant from the Heritage Resources Reserve, the owner is responsible for all costs associated with the restoration portion of the project.

The projections for the reserve, using current commitments, anticipate a Reserve balance of \$539,938 at the end of 2018; however, Administration is considering a number of potential heritage designations for use of these funds, which will be brought forward for Council approval as required. The Reserve is funded by the tax levy on an annual basis (\$2.3 million in 2018). All unused funds will be used to top up the Reserve for future designations and any overages will be drawn from the Reserve annually.

Legal Implications

In consideration of the incentive payable for the rehabilitation of the Historic Resource (as described in Schedule "C" of Attachment 1), the Owner has waived the right to compensation under the Alberta *Historical Resources Act*.
