Edmonton

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of Edmonton
Alberta**

For the Quadrennial Beginning

January 1, 2019

A handwritten signature in black ink that reads "Christopher P. Morill". The signature is written in a cursive style.

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Edmonton, Alberta for its annual budget for the fiscal years beginning January 1, 2019, January 1, 2020, January 1, 2021 and January 1, 2022.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of four years only.

Amortization Schedule	83

2022 Budget Highlights

Impact on a Typical Homeowner

The average Edmonton household would pay approximately \$714 dollars in property taxes for every \$100,000 of their assessed home value in 2022, an increase of \$14 compared to last year. Those dollars keep Edmonton moving with traffic lights, snow removal, repair crews and transit. They keep residents healthy with parks, recreation facilities, libraries, winter skating, and social programs. They help keep residents safe with Fire Rescue and Edmonton Police Services, and enhance life in the city through tourism, attractions, sports, and supporting small businesses.

Impact of the Proposed 2022 municipal tax increase per \$100,000 of assessment value, residential

	2021 Budget	2022 Budget	Annual Impact
Municipal Services	450	459	9
Police Services	157	160	3
Alley Renewal	69	70	1
Valley Line LRT	24	25	1
Per \$100K of assessment value, residential	700	714	14

Municipal Services is based on a proposed tax increase of 0.7% for 2022, including assessment growth.

Police Services is based on a proposed tax increase of 0.7% in 2022.

Alley Renewal is based on a proposed tax increase of 0.3% in 2022.

Valley Line LRT is based on a proposed tax increase of 0.1% in 2022.

	Impact of the Proposed Tax Increase			
	2019	2020	2021	2022
Municipal Services	0.8	(0.5)	(1.8)	0.7
Police Services	1.2	1.0	0.6	0.7
Alley Renewal	-	-	0.3	0.3
Valley Line LRT	0.6	0.8	0.6	0.1
	2.6	1.3	(0.3)	1.8

Branch - Parks & Roads Services

Program - Parks Operations (Districts & Forestry)
Title - Tree Bylaw

**Council Directed
 Funded
 Ongoing**

Results to be Achieved

This funding request describes the resources required for issuing tree protection permits and inspections so that the resources are required to ensure that protection requirements are being followed in alignment with the recently passed Public Tree Bylaw 18825. Three options are presented for consideration to address Council motion to achieve high compliance with Bylaw 18825 - Public Tree Bylaw, including but not limited to, minimum thresholds for inspections of blanket permits, for example 10 percent, and whether the proposed fees provide adequate resources required for education, inspections and enforcement: 1) 10% of tree permits inspected, 2) 20% of tree permits inspected or 3) 50% of tree permits inspected.

Description

Administration is introducing a new tree permit system obtained by submitting a tree preservation or protection plan. While costs related to setting up the tree permit technology, public education programs and performance reporting can be absorbed within the existing operating budget, other program costs will require additional operating funds. This includes additional enforcement capacity to ensure compliance with the new bylaw, and additional permit review and site inspections capacity to manage the permitting program and ensure a quick turnaround. Bylaw Enforcement costs will require ongoing tax levy funding. It is estimated that Urban Forestry operational costs can be recovered in full or in part through the permit and inspection fees. Administration is proposing to operate for one year without a set revenue target in order to measure actual revenues in 2022, and present a revenue target as part of the next budget cycle (2023-2026). Three options are presented for consideration: 1) 10% of tree permits inspected with Forestry staffing costs prorated for 10 months of work in 2022 (\$790K); 2) 20% of tree permits inspected (\$1,002K); or 3) 50% of tree permits inspected (\$1,118K).

Justification

Sustaining a healthy urban forest aligns with The City Plan's commitment to be Greener As We Grow, as well as ConnectEdmonton's strategic goals of Healthy City and Climate Resilience. The City Plan lays out the goal of planting two million new trees, in addition to a commitment to protect, expand and improve access to natural systems and open spaces in support of biodiversity and the health of all Edmontonians. The key to achieving these outcomes, especially in light of a changing climate and the intensification of development, is to plant and care for new trees and to preserve and protect the existing tree canopy. A successful bylaw and tree permit program will require sufficient resources to initiate and sustain.

EPS Subsidy Increase For Signature and Foundational Events

Request that the Festival & Event Civic Services Subsidy program be increased to cover Edmonton Police Services costs from the current 50 percent, to a 75 percent subsidy. EPS services are required to manage traffic and pedestrians on roadways, and to provide site safety and security at Festivals and Events. All other civic services would remain at the existing 50 percent subsidy.

Branch - Community & Recreation Facilities

**Program - Civic Events and Partnerships
Title - EPS Subsidy Increase For Signature
and Foundational Events**

**Growth on Existing Services
Funded
Ongoing**

Results to be Achieved

Administration engaged with local festival and event producers and the City's civic service providers to review and assess the strategic priorities and actions outlined in the Festival and Events Delivery Action Plan. To determine changes to better support festival and event delivery in Edmonton and explore ways to reduce red tape and costs. A number of process and procedure updates and service modifications were identified to support more effective delivery of festivals and events, reduce red tape and increase the civic service subsidy funding to offset increasing police costs.

Description

This Service Package requests an ongoing budget increase to eligible festivals and events to offset their Edmonton Police Services (EPS) costs from the current 50% subsidy to a 75% subsidy. Festival producers currently receive a subsidy for up to 50 percent off of eligible civic services. This subsidy model ensures cost sharing responsibility for the success of the event. Since 2013 civic services fees have increased with the overall cost for EPS increasing more than any other City service. EPS members are required to provide traffic control on roadways as well as public safety and security at larger foundational and signature festivals/events. An applied safety and security risk assessment which considers the event's activities, crowd size, demographics and intelligence from previous incidents determines the approach to security and the police deployment strategy.

In 2021, funding a 75 percent subsidy was provided for EPS costs and was supported by Council as an interim measure to assist local festivals recovering from impacts due to Covid-19. Ongoing funding is required to maintain the subsidy at the 75% level EPS services.

Justification

The EPS provides an important and necessary response in the layered approach to public safety and security at festivals and events, however the service comes at a significant cost to festival & events producers and accounts for 63.75 percent of the total civic service costs billed by Administration annually. Funding to increase the subsidy in 2021 was found within existing budgets due to the decrease in the number of events as a result of the Covid-19 pandemic. Existing budgets are not sufficient to cover a 25% increase to the police service subsidy once festivals and events return to pre-pandemic levels.

Festival and Events producers identified the increased EPS costs as a concern given its importance to the success of the event and requirement to ensure public safety.

The special event hosting and coordination service is vital in delivering on the City's intention of promoting gathering spaces for culture, sports, recreation and entertainment. The service seeks to ensure that Edmontonians are physically and emotionally healthy and spaces are safe for use by the public. This strongly links with the "Healthy City" Strategic Action in ConnectEdmonton.

Branch - Workforce Safety & Employee Health

Program - Disability Management, Wellness & Mental Health
Title - Disability Claims Management

Growth on Existing Services
Funded
Ongoing

Results to be Achieved

Disability Management achieves the Corporation's strategic objectives by ensuring employees are safe and supported to achieve their aspirations and deliver excellent services. The outcomes for Disability Management are threefold: employees return to meaningful work, they are actively engaged in their well-being, and the occurrence of illness and injury in the workplace is reduced by providing a safe and supportive work environment. Adequately resourcing the Disability Management team to respond to employees and leaders and manage claims means that employees can get the support they need and meaningfully contribute to the services the City of Edmonton provides to citizens.

Description

Additional resource of 1.0 FTE and personnel funding required to address the increase in disability claims.

Justification

As the pandemic continues the City is experiencing increased disability management claims, particularly related to mental health. As an interim, temporary measure, a vacant safety FTE was transferred to Disability Management to address immediate needs. The duration and magnitude of demand for employee and leader support has increased throughout 2020 and 2021 and this is anticipated to increase and continue beyond 2022. We have seen mental health claims and absenteeism costs related to COVID-19 rise considerably in the past year. This led to claim caseloads for each Disability Management Consultant rising well above industry average. We have had many temporary Consultants work with us to try to fill gaps in service needs over past few years. However, temporary employees often leave for other permanent jobs and we have found that our permanent hiring pool is significantly more skilled, committed, and able to provide higher levels of service compared to temporary hires. Another FTE is needed for the team to sustain required services for the anticipated ongoing demands and expected support for our leaders and their employees.

Branch - Workforce Safety & Employee Health

Program - Disability Management, Wellness & Mental Health
Title - Employee Family Assistance Program (EFAP)

Growth on Existing Services
Funded
Ongoing

Results to be Achieved

Effective October 1, 2020, the City of Edmonton selected a new Employee and Family Assistance provider, LifeWorks by Morneau Shepell, to support our employees with short-term counselling and resources on mental health and wellbeing. Since then, employees can call LifeWorks to arrange to meet with professionally trained counsellors who can assist with family problems, relationship concerns, stress, depression, and other issues affecting personal or work life. Employees are also be able to sign in to LifeWorks online platform or mobile app where they can have access to information and resources regarding their health and wellbeing.

Description

A formal budget for the Employee and Family Assistance program was never established. The 2021 contract value is approximately \$560,000.

Justification

The City provides the Employee and Family Assistance program through LifeWorks to help employees and their families work through the difficulties that life can present. The program provides professional assessment, short-term counselling and assists in referrals to appropriate community service programs.

This service is available to all permanent, temporary, and provisional City of Edmonton employees and their eligible dependents.

Having a comprehensive EFAP for employees is a key component of meeting the City's OHS obligations with respect to ensuring the health and safety of employees, including their psychological safety.

Branch - Workforce Safety & Employee Health

Program - Occupational Health, Safety & Environment
Title - OHS Legislative Changes

Growth on Existing Services
Funded
Ongoing

Results to be Achieved

OHS Services achieves the Corporation's strategic objectives by ensuring employees are safe and supported to achieve their aspirations and deliver excellent services. The outcomes for OHS Services are to properly identify hazards and take corrective action in a timely manner and to verify effectiveness of controls to embed safety into the way work is carried out at the City. The replacement of an FTE on this team will ensure that the business areas have the OHS tools and systems they need and are supported to functionally own and successfully manage the risks in their operations. This ultimately reduces injuries and downtime for operations and translates into efficient services for Edmontonians.

Description

Additional resource of 1.0 FTE and personnel funding to replace the FTE that was transferred to Disability Management.

Justification

To address the immediate needs in Disability Management we transferred a vacant safety FTE to the disability section as an interim, temporary measure. Based on the pandemic, external OHS audit, SODALES implementation, legislative changes and physical risks being identified via the work to systemize the Community and Recreation Facilities and Fleet and Facility Services OHS programs, it is increasingly apparent the FTE in OHS Services needs to be replaced for the long term outcomes of the OHS system.

Branch - Community Standards & Neighbourhoods

Program - Enforcement and Program Services
Title - City Hall Security and Support Model Service Package

New or Enhanced Service Funded Ongoing

Results to be Achieved

In 2020, Community Standards and Neighbourhoods expanded the coverage of the Downtown Community Standards Peace Officers (DCSPOs) for downtown communities. The DCSPOs conduct hotspot patrols in the downtown core, work in partnership with stakeholders and integrate services within Administration for a safer and more secure downtown. A new safety and security model has been implemented for City Hall aligning with the recommendations of the Community Safety & Wellbeing Task Force. The new model uses appropriate level resources in City Hall without enforcement as a primary response. The new service creates an open and inclusive space for all including visitors, staff and members of Council. The layered approach to security will include staff training to improve interactions with patrons.

Description

This Service Package funds a new model for safety and security in City Hall using contracted Security Guards to replace Peace Officers. Peace Officers have been redeployed throughout Downtown to provide increased service within the boundary (107 St east to 95 St and 98 Ave north to 107 Ave) to proactively manage issues, work with partners/stakeholders, and respond to incidents. The new model was implemented in August 2021 and has been a success. Security Guards are ~50% more cost effective and are able to respond to incidents and connect vulnerable patrons with appropriate social support resources, as required. If significant incidents arise, they escalate to Peace Officers or EPS. This Package also requests funding to train Social Development staff to become Train the Trainers in the Compassion to Action program. These trainers will then provide City Hall staff training in positive interactions and connections, psychological first-aid, mental health first aid, and trauma-informed care to support interactions with patrons in City Hall.

Funding includes:

\$377K for three contract security guards daily - ongoing funding

\$20K for Train the Trainer (Compassion to Action) - one time

Proceeding with the contracted security guard model for \$377K to carry out this function would require less funding than the alternative of hiring Peace Officers, which would cost ~\$746K.

Justification

- Using contract security guards allows for a more appropriate response as per the recommendations of the Community Safety & Wellbeing Task Force.
- Peace officer resources are limited and more appropriately used throughout the downtown for proactive patrol and enforcement issues. Administration has had the capacity to be more responsive to the downtown community as a result of these changes.
- The pilot to date has been a success with positive outcomes and interactions between vulnerable Edmontonians and security personnel. Continuing the model anticipates less incidents occurring that require an enforcement response.
- Everyone ensures the safety and security in City Hall. Through positive interaction training, staff capacity and compassion in dealing with those who are vulnerable increases.
- One time funding will train internal resources to provide "compassion to action" on an ongoing basis
- Supports the public safety program intention of ensuring vibrant and inclusive communities where children, youth and families can live, learn and grow, while contributing to Edmontonians feeling safe and secure using public and open spaces

Branch - Service Innovation and Performance

Program - Strategic Management and Corporate Performance
Title - Strategic Performance Management Support

New or Enhanced Service Funded Ongoing

Results to be Achieved

To advance the Corporation's Strategic Planning Framework, additional funding is required for Enterprise Performance Management data management software, benchmarking sources (ex. World Council on City Data (WCCD) and Statistics Canada, community perception survey), and to refine and strategically assess overall direction in preparation for the 2023-2026 Corporate Business Plan.

The need is driven by corporate initiatives and direction. Current budgets are not sufficient to absorb these requirements.

Description

Additional funding is required to advance and mature the Strategic Planning Framework. Specifically:

- Enterprise Performance Management software and data benchmarking (ex. World Council on City Data (WCCD), Statistics Canada data, community perception survey) resources are required to continue to mature EPM across the organization and also to meet the 2021 Productivity Audit recommendation to increase focus on data management and benchmarking.
- To set the strategic direction for 2023-2026, strategic assessments related to the 2023-2026 Corporate Business Planning and Budget cycle.

This is estimated to cost \$255K (\$130K ongoing and \$125K one-time): \$50K: Performance software tool used to support the roll-out and implementation of EPM across the organization; \$60K: Community Perception Surveys; \$20K: for benchmarking sources; and \$125K (one-time): strategic assessment and review.

Justification

Data Management software and benchmarking tools are required to support the advancement and maturation of the Corporation's Enterprise Performance Management system and are essential to meet the 2021 Productivity Audit recommendation to increase focus on benchmarking and data management. Resources will be allocated to support community perception surveys to report on six Connect Edmonton indicators and inform Council on results for citizen perceptions on their Connectedness, Sense of Safety, Discrimination and Racism, Art and Culture, and Access to Amenities. This work will build into the 2023-2026 Corporate Business Plan and compliment the strategic assessment to refine the direction of the next four year cycle ensuring that decisions align to the outcomes and goals expected by Edmontonians.

Branch - Economic Investment Services

Program - Local Economy & Investment Services
Title - AKSIS

New or Enhanced Service Funded One Time

Results to be Achieved

Support the operations of AKSIS, Edmonton's Aboriginal Business and Professional Association. This includes overhead costs associated with office space and personnel. AKSIS seeks to hire an Executive Director to help steer and grow the organization and develop more tangible services for member businesses and professionals. Funding will enable AKSIS to continue to be a resource for the City on matters related to Indigenous business and economics, and an advocate for Indigenous business in our region. Supporting AKSIS' operations will also help to ensure AKSIS has the capacity to support the City on important, reconciliation-oriented City initiatives, particularly around actions 3 and 21 in the Economic Action Plan, the City's indigenous framework and the Indigenous Procurement Framework.

Description

AKSIS intends to utilize funding to recruit and hire an Executive Director (ED) to provide executive oversight and strategic planning to guide the organization's operations and grow both its scope and scale, and impact. The ED will develop a business plan in consultation with board and members, which will support and enhance core organizational activities of providing referral and pathfinding/navigating services to the system of supports; facilitating linkages and connections between and amongst the larger business and professional communities; and serving as the catalyst to creating a voice for Indigenous people at key decision making tables. The business plan will include metrics developed in consultation with the City that support implementation of the City's Indigenous Framework as well as the Economic Action Plan. In subsequent years, enhanced activities and programming will support membership growth, while tracking metrics and outcomes will inform adjustments to business plans and services offered. It is anticipated that sustainable funding over 3 years will further entrench relationships and opportunities with the Indigenous business community.

Justification

The City has committed to meaningful actions in economic reconciliation (as defined in TRC Call to Action 92). Specifically, long-term work includes Indigenous Awareness Training for all City staff, the Indigenous Framework, Urban Reserve Strategy, renewed MOU with Treaty Six and work to create an Indigenous Procurement Framework (in development).

Supporting AKSIS, which helps member Indigenous businesses and professionals build networks and understand supports and opportunities available for them, contributes to the implementation of the City's Economic Action Plan, specifically Actions 3 and 21. Action 3 includes supporting and strengthening partnerships and programming with organizations that support Indigenous entrepreneurs. Action 21 includes promoting greater cooperation and increasing capacity to support economic participation by Indigenous peoples, nations, and businesses in the region.

AKSIS board directors and members, either on behalf of AKSIS or acting independently, have helped to shape both the Indigenous Framework and the Indigenous Procurement Framework.

Branch - Fire Rescue Services

Program - Training and Logistics
Title - Fire Fleet Growth 2019-2022 Operating
Impact of Capital

Operating Impacts of Capital
Funded
Ongoing

Results to be Achieved

This profile contributes to corporate outcomes 'Edmonton has sustainable and accessible infrastructure' and 'Edmonton's operations are environmentally sustainable' as it replaces obsolete apparatus and decreases environmental impact.

Preventative maintenance programs ensure that vehicles are safe, reliable and available for programs and services provided to citizens.

Description

This service package supports the operating impacts of capital profile 19-70-0020 Fire Fleet Growth and 15-70-0004 Windermere Fire Station and will fund costs associated with additional apparatus due to fire fleet growth. Fleet Services provides maintenance services for the Fire Rescue Services fleet. Due to the addition of four Growth Pumper units and one Growth Aerial unit, additional Fleet Services resources are required to meet the service level requirements. This package includes 1.0 Fire Apparatus Technician and 1.0 Clerk II in 2022 to provide fleet maintenance for growth fire apparatus and Logistics support.

Justification

The FTEs for this service package will enable Fleet Services to add additional maintenance personnel to meet service level requirements for Fire Rescue Services and Logistics support to Fire Rescue Services.

Fire Rescue Services, in partnership with Fleet Services, has established the minimum fleet requirement for front line emergency response, which incorporates the number of apparatus units needed to ensure that required vehicle maintenance is performed. This fleet establishment is intended to ensure sufficient units are available to swap units out of service for maintenance and subsequently provide a replacement unit.

Branch - Fire Rescue Services

Program - Fire Rescue Operations
Title - South Edmonton Hazardous Materials
Unit Operating Impact of Capital

Operating Impacts of Capital
Funded
Ongoing

Results to be Achieved

Funding of this service package will result in providing for a safe city by contributing to the objective of meeting service level targets identified in the Fire Rescue Master Plan, City Policy C523. Specifically, Hazardous Materials unit response coverage to emergency events in South Edmonton are expected to improve. The first and only HazMat unit in Fire Rescue Services was established in 1987. The crew is currently deployed from the Lauderdale fire station (#10) in North Edmonton.

Adding this HazMat apparatus to the city wide deployment model, together with funding to staff the crew, will contribute to maintaining the Fire Underwriters Survey Insurance Grading in Edmonton.

Description

This service package supports operating impacts of capital profile 18-70-0002 FRS South HazMat Unit and will fund the staffing of 25.0 permanent FTEs for an additional Hazardous Materials unit to be deployed from South Edmonton. Fire Rescue Services responds to approximately 1,000 emergency events per year in which a specially trained and equipped HazMat crew performs a service that contains and abates hazardous material spread. Fire Rescue Services has identified the need to add a HazMat unit crew in South Edmonton to handle the growth in petrochemical and processing industries in the region as well as increased transportation of hazardous materials through the city. More than half of the hazardous materials transported through the city rail pass through South Edmonton. Of note is that the City of Edmonton is the only municipality in the Edmonton Metropolitan Region with HazMat response capabilities.

The operating impacts of capital will provide ongoing funding for personnel costs, equipment and training.

This service package was previously approved by City Council, but due to delays the funding was deferred to a later date to align with the expected completion of the Hazardous Materials unit.

Justification

As the city has grown in population and also geographically outward into developing communities, response times to HazMat incidents that occur on the south side of the city have been increasing and are becoming challenging to arrive on scene within an amount of time to manage the incident in an effective and efficient manner. During 2020, there were 964 Hazardous Materials emergency events responded to, of which 453 were located on the north side of the river (47%) and 511 were located on the south side of the river (53%). In 2019, there were 1,083 Hazardous Materials emergency events responded to, of which 508 were located on the north side of the river (47%) and 575 were located on the south side of the river (53%). During 2020, the average response time to Hazardous Materials emergency events on the north side of the river was 8 minutes 37 seconds while the average response time to Hazardous Materials emergency events on the south side of the river was 15 minutes 48 seconds.

Not funding this service package will result in increased emergency event response times that impact service level delivery and citizen safety.

Branch - Fire Rescue Services

Program - Fire Rescue Operations
Title - Windermere Fire Station Operating
Impact of Capital

Operating Impacts of Capital
Funded
Ongoing

Results to be Achieved

This service package improves the livability of Edmontonians by contributing to the Corporate Outcome: “Edmonton is a safe city” through protecting property, people and the environment and minimizing the impact of fires. It also contributes to the Corporate Outcome: “Edmonton is an environmentally sustainable and resilient city” by minimizing the impacts of hazardous material breaches through quick and effective suppression of fire events.

With the Windermere fire station operational, Fire Rescue’s capacity for first unit fire and medical event response to this community and surrounding area will move toward Council endorsed response time Service Level Targets and current units will be kept within their primary area of response coverage.

Description

This service package funds the ongoing operating impacts of the Windermere fire station capital project approved by City Council in December 2014.

- 20.0 FTEs to staff a pumper unit crew, effective June 2022

This service package was previously approved by City Council, but due to construction changes and delays the funding was deferred to a later date to align with the completion of the Windermere Fire Station now expected in late 2022.

Justification

Previous investments made by City Council have enabled Fire Rescue Services to maintain key performance measures such as full first alarm response times and fires contained in the room of origin, despite significant population and commercial growth in the city. The Fire Rescue Master Plan outlines fire response service level targets (Principle 1.1) and the strategic station based deployment model (Principle 1.3).

Operationalizing the Windermere fire station will improve Fire Rescue’s first unit fire and medical event response to communities in the southwest of the city.

If funding for the staffing of new Windermere fire station is not provided, opening of this facility will be negated.

Branch - Talent Acquisition, Service & Solutions

Program - Workforce Analytics and Business Solutions
Title - Human Capital Management (HCM) Sustainment Model

New or Enhanced Service Funded Ongoing

Results to be Achieved

A Sustainment Model for all Enterprise Commons streams (i.e. Human Capital Management, Supply Chain Management, Finance Delivery, Technology Delivery) was created to support the future state of the City's Enterprise Resource Planning (ERP) solution. These models include positions that support functional, technical, and training related work.

Description

A Training Specialist FTE within the Human Capital Management Sustainment Model is currently unfunded.

Justification

The collective vision and goals within ConnectEdmonton and the Corporate Business Plan are built on the principles of a nimble organization - an organization that has the technological foundation to continuously evaluate the evolving landscape and embrace the endless possibilities of innovation and change. Enterprise Commons offers new opportunities for modernized processes that will enhance both the citizen and employee experience.

The Training Specialist role is vital for the successful sustainment of Enterprise Commons, specifically to implement the learning strategy by translating technology and business process changes into the user experience. These roles analyze training requirements, design training plans, develop training materials, and facilitate training delivery to support the business area subject matter experts.

Branch - Open City & Technology

Program - Technology Transformation
Title - EC - SAP Software Maintenance

Operating Impacts of Capital
Funded
Ongoing

Results to be Achieved

Provide funding for incremental SAP software license and maintenance fees as part of Enterprise Commons [formerly Enterprise Systems Transformation Program (ESTP)].

Description

In 2019, Administration recommended implementing a single modernized software solution resulting in the lowest total cost of ownership to the City. Enterprise Commons (EC) offers new opportunities for modernized processes that will enhance both the citizen and employee experience. Incremental operating impacts of capital were estimated at \$1.6 million per year as part of sustainment plan, to be included in a future Supplemental Operating Budget Adjustment.

Open City and Technology (OCT) is requesting funding for increased SAP Software License and Maintenance costs resulting from Enterprise Commons (EC).

Enterprise Systems Transformation Program - Business Case: June 10, 2019 CR_6894rev

Capital profile: 19-18-1904 Enterprise Systems Transformation Program

Justification

As per the June 10, 2019 Council Report (CR_6894rev) received by Exec. Committee for information and release of funds, this request is a follow-up on the commitment made by administration to include the incremental operating impacts of EC in a Fall SOBA.

Rationale for increased funding includes (i) the original business case made the assumption that the new system could perform all required functionality the City required, however, due to complexities in some aspects of the City (e.g. multiple Collective Bargaining Agreements, pension calculations, budgeting) more products were required; (ii) product fracturing; where extra modules are needed for required functionality; and (iii) more details regarding license counts related to partner organizations such as Edmonton Public Library and Edmonton Police Services, as well as the seasonal contingent workforce the City employs.

Note, this service package is only for additional SAP costs and does not include post-implementation costs (e.g. increase in Ariba or infrastructure costs, costs related to cases whereby legacy systems may need to be supported for longer than originally anticipated to allow for appropriate data migration).

Branch - Legal Services

Program - Legal Services
Title - Legal File Management Software

Operating Impacts of Capital
Funded
Ongoing

Results to be Achieved

The goal is to secure funding for modern legal file management software for use by lawyers, paralegals, legal assistants and clerks.

Description

Under Law Society requirements, legal files must be retained for 10 years. Most legal firms use digital file management systems to reduce administrative burdens and retain legal files. In previous attempts to procure software, there were few software platforms that were compatible with the Google platform. However, recent advancements have resulted in a few software options that are compatible with Google.

Justification

A modern, out-of-the-box file management system will allow the branch to quickly digitize workflows and provide maximum alignment with the City's hybrid work arrangement program. Digital enhancements will drive efficiencies and streamline work for staff members not only within Legal Services, but across the Corporation. Moving towards standard software will also help manage external counsel and provincial court priorities. As work locations are trending towards a blend of office and remote locations, file management software is crucial to successful day-to-day operations and the achievement of branch action plan outcomes.

Branch - Community & Recreation Facilities

Program - Civic Events and Partnerships
Title - Basketball Canada & Basketball
Alberta Sponsorship

Growth on Existing Services
Unfunded
Multi-Year

Results to be Achieved

Event sponsorships typically provide benefits in three key areas: economic impact, reputational benefits and community/social legacies. In the case of this particular sponsorship we would look for the following outcomes: minimum of two national and/or international basketball events to be held in Edmonton annually; continued recognition of Edmonton as the Home of the Women's Senior Team on the team's jersey, Canada Basketball web site and in other appropriate location; ongoing efforts to support the growth of the game locally through local clinics for players, coaches and other officials; and continued programming offered by Alberta Basketball that targets Edmonton children and youth who are experiencing marginalization.

Description

Since 2013 Edmonton has been home to Canada Basketball's Women's Senior Team through an annual \$500,000 sponsorship. The first four year agreement was signed in 2013 and was renewed in 2017. The annual funding is shared between Canada Basketball (\$450,000) and Alberta Basketball (\$50,000) to support operational needs, as well as team camps, events and community engagement activities in Edmonton. The funding provided to Alberta Basketball supports basketball experiences and opportunities for inner city children and others experiencing marginalization. The current agreement expires December 31, 2021. Committee passed a motion in January 2021 for Administration to collaborate with all partners and return with an unfunded service package based on a revised agreement with shared outcomes agreed to by all. The new agreement more clearly outlines how the funding can be used including providing Canada Basketball a smaller amount for operational needs (i.e. team camps), continuing the funding for Alberta Basketball to provide programming targeting children and youth experiencing marginalization, and setting \$200,00 of the funding specifically for basketball events in Edmonton.

Justification

The City has provided this annual sponsorship since 2013 in alignment with Edmonton's Event Attraction strategy. In January 2021 Council directed Administration to work with all partners to revise the agreement including identifying shared outcomes and to bring forward an unfunded service package in the fall 2021 SOBA. This sponsorship is unique in that it has established Edmonton as the home to Canada Basketball's Women's Senior Team. Since the start of this partnership there have been significant increases in basketball participation locally at the athletes, coaches and other officials level.

Branch - Parks & Roads Services

Program - Infrastructure Operations
Title - Mechanical weed control - Horticulture

Growth on Existing Services
Unfunded
Ongoing

Results to be Achieved

This request is for ongoing funding for the Horticulture Weed Control Program to be able to continue to provide mechanical weed control in shrub beds in B level shrub beds (neighbourhoods, parks, and along roadways). This funding will allow administration to return to 2020 service levels. Providing mechanical weed control will assist with reducing weeds in B level shrub beds.

Description

In Fall 2020, City Council approved budget reduction resulting in reduced manual and mechanical weed control through routing, inspection and control of regulated weeds on the B-level shrub bed inventory utilizing herbicides when deemed necessary, in alignment with City Policy C501A. On June 7 2021, after reviewing CO_00251 Weed Control Program-Reduction in Funding, City Council approved the following motion: "That Administration prepare a service package for Council's consideration at the Fall Supplemental Operating Budget Adjustment to return the weed management program to 2020 service levels, on an ongoing basis." This would allow Administration to move back to providing mechanical weed control twice per year in shrub beds that are located in neighbourhoods, along roadways and in parks.

Justification

On June 7 2021, after reviewing CO_00251 Weed Control Program - Reduction in Funding, City Council approved the following motion "That Administration prepare a service package for Council's consideration at the Fall Supplemental Operating Budget Adjustment to return the weed management program to 2020 service levels, on an ongoing basis." This will allow Administration to continue to prioritize preventative methods of pest management and support long-term management of pests using a balanced combination of techniques, including mechanical and physical treatments, biological control, habitat manipulation, and judicious application of pesticides. Providing mechanical weed control will assist with reducing weeds in B level shrub beds.

Branch - Social Development

Program - Community Resources
Title - Community Investment Operating
Grant Program

New or Enhanced Service
Unfunded
Ongoing

Results to be Achieved

As directed by Council, the Community Investment Operating Grant (CIOG) has been reimagined to align with corporate strategy and outcomes. This service package seeks to secure ongoing funding for this re-envisioned program (as one-time funding was provided in 2021 from the reduction to the EPS budget). The program has improved accountability to demonstrate impact and will contribute to the City Plan city building outcome, Edmonton fosters wellness and mental health by providing opportunities for all people to engage in community life and supporting those who are isolated or marginalized. Reporting will include outcomes measurement and output data to ensure organizations are meeting the requirements and funding is supporting activities that contribute to the goals of the program.

Description

The Community Investment Operating Grant (CIOG) has been reimagined for 2022 as directed by City Council at the Fall 2020 Supplemental budget. This program provides limited operating funding to social service, sport and recreation organizations working towards the outcomes of increasing social inclusion and increasing equitable access to participation within the programs and services they offer. Specific outcomes and data will need to be reported annually and will be taken into consideration of the groups' next application for the program. The outcome and output data collected will help tell the story of the impact of these dollars in community, and alignment with what the City of Edmonton wants to achieve. This approach supports not only the City outcomes but also aligns with strategies, such as EndPovertyEdmonton initiative, and the work of our partners including the Edmonton Sports Council, Edmonton Chamber of Voluntary Organization. These changes align with City Auditor recommendations and City funding contribution requirements.

Justification

The following direction was given by City Council That Administration work with the Community Services Advisory Board and reimagine the Community Investment Operating Grant for 2022 to create an operating subsidy that aligns with and advances the goals and outcomes of City Plan and the social priorities identified by the Social Development branch and create an unfunded service package for the same to return to the Spring Supplemental Operating Budget Adjustment 2021. Our community includes many individuals and families that don't have access to programs, who don't feel welcome or have limited income. This operating grant provides limited financial support and looks to achieve the City outcomes of social inclusion and removing barriers to participation for equitable access. Organizations will be required to provide training and support learning in diversity, inclusion and anti-racism. The funding provided by the CIOG program focuses on improving programming opportunities by aligning to City outcomes. Organizations will be providing outcome and output data to help show the impact their work has made in community.

Branch - Social Development

Program - Community Resources
Title - EndPovertyEdmonton and Edmonton
Community Development Company
Operating Funding

New or Enhanced Service
Unfunded
Ongoing

Results to be Achieved

The EndPovertyEdmonton initiative, including the Edmonton Community Development Company (ECDC), work with Administration and a variety of community stakeholders to look at solutions to ending poverty in our community. The plan has evolved from a five year Road map to more strategic and focused efforts to help support the City's goal of ending poverty. This service package is asking for operating funds to continue these efforts moving forward, following a 5 year council approved service package which comes to an end this year. This work aligns with the City Plan, Big City Move #4 - Inclusive and Compassionate, which speaks to improving equity, ending poverty, eliminating racism and making clear progress towards Truth and Reconciliation.

Description

EndPovertyEdmonton was established in 2017 to steward a plan to end poverty in Edmonton in a generation. Over the past five years the City, United Way and a dedicated group of EndPovertyEdmonton staff and volunteers have worked to implement the initial five-year community plan, the EndPoverty Edmonton Road Map, which City Council approved in 2016. The Edmonton Community Development Company (ECDC), one of the approved roadmap actions, works with communities experiencing poverty to support community economic development, revitalization, employment and housing opportunities. An evaluation of this initiative by the City has been completed and the partners are working together on a path forward to continue poverty alleviation work in Edmonton. Administration along with United Way of the Alberta Capital Region and other key stakeholders will work together to ensure enhancing community collaboration, measuring impact, and focusing on priority actions. Operational funding for EndPovertyEdmonton as well as the Edmonton Community Development Company will help ensure work keeps progressing on reducing poverty in our community.

Justification

On August 11, 2021, Community and Public Services Committee directed "That Administration work with EndPovertyEdmonton and the Edmonton Community Development Corporation to develop an ongoing funding package for Council's consideration at the 2021 Fall Supplemental Operating Budget adjustment, and consider drawing on the \$11 million in ongoing funding set aside for community safety and wellbeing and anti-racism efforts to cover operations and initiatives to end poverty."

The City has identified its commitment to ending poverty throughout the City Plan. EndPovertyEdmonton and the Edmonton Community Development Company are working with Administration and community stakeholder to achieve those outcomes. Operational funding for EndPovertyEdmonton (\$750K) and Edmonton Community Development Company (\$280K) will support work continuing beyond 2021 when the current Council supported five year funding ends.

Branch - Social Development

**Program - Safe & Healthy Communities
Title - RECOVER Urban Wellbeing Operating
Funds**

**New or Enhanced Service
Unfunded
Ongoing**

Results to be Achieved

RECOVER provides an innovation platform for partners (public, business, not-for-profit) to undertake social research and design to test new ways to improve the wellbeing of people living in the margins. To date, RECOVER has supported 28 prototypes and one is in the scaling and investment phase. RECOVER is prototyping a different measurement approach which will inform potential new wellbeing measures to include in City Plan under Big City Move #4 - Inclusive and Compassionate. This prototype is also testing a different public engagement practice to learn from those who do not participate in our usual public engagement methods. RECOVER is advancing the concept of a community-care network which is within the Safer for All Recommendations.

Description

RECOVER was created by City Council in 2018 to promote urban wellbeing, particularly for the people and neighbourhoods experiencing the most challenges to thriving. Like all social innovation, RECOVER does this work in partnership with community. As well, RECOVER relies on its Catalyst Group of 19 community leaders from the three sectors (public, private and not for profit). These members bring their resources from post secondary, business, social agencies, funders, public (EPS, EPL, GOA) and community. A common understanding is that the current way of trying to solve complex societal problems like poverty, homelessness, lack of connections is not as impactful as it could be. Collectively investing in social research and design may lead to better solutions. RECOVER uses its budget to complete primary research and to kick start shared investment in prototypes and scaling out of new ideas.

Justification

On December 14, 2018 City Council passed Operating Budget Amendment 9 "That the Social Development Branch budget be increased by \$400,000 in 2019, \$300,000 in 2020, \$200,000 in 2021 and \$100,000 in 2022, on a multi-year basis to fund the UrbanWellness/RECOVER service package, with funding from the Financial Stabilization Reserve."

On June 30, 2021 Community and Public Services Committee passed a motion "That Administration prepare an unfunded service package for Council's consideration as part of the Fall 2021 Supplemental Operating Budget Adjustment for ongoing operating funding of \$250,000 per year so that RECOVER can continue to support the social infrastructure work for urban well-being".

The original approved funding of \$100,000 in 2022 will be released back to the Financial Stabilization Reserve.

Moving into 2022, RECOVER is cost-sharing on some prototypes with corporate sponsors, while fully funding others. One prototype is ready to scale and shows much promise. The RECOVER approach has demonstrated value and is on track to add much more.

Previously Approved Service Packages

During the 2019-2022 operating budget discussions as well as the subsequent 2019 Fall and 2020 Fall, 2019 Spring, 2020 Spring, and 2021 Spring SOBAs, Council approved the following service packages with an overall net incremental increase of \$34.3 million in 2019, \$24.4 million in 2020, \$13.5 million in 2021 and \$4.9 million in 2022.

Operating Impacts of Capital	Incremental (\$000)	2019	2020	2021	2022
Community & Recreation Facilities					
CRF - DAAHS Annual Impact to Operating Budget					
2020 Fall					
The master agreement with ESD speaks to a 10-20 year agreement for access. The overall term and use of facility by the City of Edmonton will be determined by expansion needs of ESD in the school and/or the City of Edmonton's plan to build a separate Multi-purpose recreation centre on this Heritage Valley district park.	Expense	\$ -	\$ -	\$ 383	\$ 767
	Revenue	\$ -	\$ -	\$ 152	\$ 762
	Net	\$ -	\$ -	\$ 231	\$ 5
	FTEs	-	-	4.1	8.2
Fire Rescue Services					
South Edmonton Hazardous Materials Unit (Subsequently Amended - p.26)					
2019 - 2022 Original					
HazMat response in Edmonton is currently being provided from one station on the north side. The average HazMat response time in the north side has been significantly better than that of the south side. With proposed annexation and increased local petrochemical processing and transportation activities, the need to boost Fire Rescue Service's HazMat response capacity is accentuated.	Expense	\$ -	\$ 240	\$ 3,388	\$ 259
	Revenue	\$ -	\$ -	\$ -	\$ -
	Net	\$ -	\$ 240	\$ 3,388	\$ 259
	FTEs	-	-	25.0	-
Annexation South Edmonton Tanker Unit					
2019 - 2022 Original					
The annexation of Leduc County land has increased urgency for tanker apparatus due to the land being annexed not having fire hydrants. Therefore a tanker response is required for structure and wildland fires, vehicle fires and hazardous materials incidents. The tanker truck was approved in the 2017 fall SCBA and will arrive in 2019.	Expense	\$ 1,636	\$ 111	\$ 84	\$ 89
	Revenue	\$ -	\$ -	\$ -	\$ -
	Net	\$ 1,636	\$ 111	\$ 84	\$ 89
	FTEs	12.0	-	-	-
Fleet Growth 2016-2018					
2019 - 2022 Original					
Resources are required to meet the maintenance schedules for City municipal vehicles. Preventative maintenance programs ensure that vehicles are safe, reliable and available for programs and services provided to citizens.	Expense	\$ 1,442	\$ -	\$ -	\$ -
	Revenue	\$ -	\$ -	\$ -	\$ -

City Planning					
Urban Growth - Infrastructure Analysis					
2019 - 2022 Original					
Funding is required to deliver on Council's Goal of Urban Places and the City Plan. This supports Evolving Infill (refer to CR_6223 to be presented to Council on Nov 6, 2018). The Growth Fiscal framework includes Impacts of Growth (refer to CR_3592 received by Exec. Comm. on Jul 4, 2017), Offsite Levies (refer to CR_5344 received by Exec. Comm. on Jan 15, 2018) and Integrated Infrastructure implementation.	Expense	\$ 1,109	\$ (80)	\$ (480)	\$ (549)
	Revenue	\$ -	\$ -	\$ -	\$ -

Arts Council						
19-39 Art Gallery of Alberta - Access Initiatives						
2019 Spring						
The AGA aims to engage communities and enhance the arts ecosystem of the City, and contribute to the realization of Connections & Exchanges: A 10-Year Plan To Transform Arts and Heritage In Edmonton.	Expense	\$ 250	\$ (250)	\$ -	\$ -

<p>\$250,000 of funding from City Council in 2019 will support continued free admission opportunities for everyone, providing access to the AGA for a wide and diverse range of Edmonton audiences.</p>						
Greater Edmonton Foundation						
GEF Inflation						
2019 - 2022 Original						
Due to legislation changes implemented by the Provincial Government for minimum wage, statutory holiday pay, carbon tax and inflation our costs are increasing. We are asking for these costs to be shared at both provincial and municipal levels. This \$400,000 increase equates to \$1.11 per day per senior and will allow these seniors to safely live in their community and enjoy a high quality of life.	Expense	\$ 400	\$ 200	\$ -	\$ 300

Reach Edmonton						
REACH - YEG Ambassador						
2019 - 2022 Original						
The YEG Ambassador program, a partnership with City of Edmonton, the North Edge Business Association and REACH Edmonton, responds to significant revitalization in Edmonton's city core. Ambassador teams connect people who live, work, operate businesses, study or visit these areas by sharing information to services/resources that align with hospitality, community connection, and business supports. REACH - 24/7 Crisis Diversion						
2019 - 2022 Original						
Additional resources to 24/7 Crisis Diversion will allow the maintenance of target for existing demands for service and allow for increased efficiency and resources to respond to calls overnight. Since April 2017 the program has been operating at or above the funded capacity of 950 calls per month. Data from 2018 reflects service demand at 26.5% over funded capacity. TELUS World of Science						
Provision for Appropriate Base Funding						
2019 - 2022 Original						
TWOSE has a Vision: To be THE destination to engage Albertans' hearts and minds in science. In this project, a 35-year old building is being readied for the next 30 years of increased usage and demand. TWOSE's development is built around its Strategic Plan which articulates goals in science education, visitor experience, financial sustainability, and continued evolution into a must-see attraction. User Fees, Fines, Permits

Non-cash fare increase of 2% for 2022, included as part of the original 2019-2022 budget submission, is intended to address increased service delivery costs for Edmonton Transit. Cash fare increase to \$4.00, included as part of the the original 2019-2022 budget submission, is intended to address increased service delivery costs and more closely align to the anticipated maximum fare payable in the Regional Smart Fare fare collection system. Council approved the cash fare increase to \$3.75 in April of 2021, but the implementation was delayed to 2022 with transfer of one-time funding from the FSR.

Reserve Funds - Definitions

Reserve Fund	Department	Branch	Description
Affordable Housing	Citizen Services	Social Development	To assist the Social Development branch in delivering Affordable Housing units as outlined in the Council approved "Road Map" for Affordable Housing Investment Plan implementation. Due to the unpredictable pattern of expenditures and involvement of other orders of government, this reserve permits unexpended funds to be retained and applied to support future funding requirements. No interest earnings are applied to this reserve.
Brownfield Redevelopment	Urban Planning & Economy	Economic Investment Services	To facilitate implementation of City Policy C571 Brownfield Remediation and Redevelopment Support, the reserve supports Phase III Brownfield Redevelopment grant payments to qualified developers under the program to help finance developer costs related to environmental testing, remediation and/or exposure control in preparation for redevelopment. The reserve will accumulate timing differences between recognition of the City's liability (expense) to provide funds to the grant applicant for Phase III redevelopment work and receipt of future municipal tax uplift from the redevelopment. Upon approval of the Phase III Grant Funding Agreement by City Council a liability is recognized by the City. The liability and related expense will be up to the lesser of 100 per cent of the total Phase III remediation costs or the projected net municipal tax uplift, as calculated by the City Assessor. On August 30, 2021, City Council passed Bylaw 19858 City Administration Bylaw Amendments which allows the City Manager to approve Phase III grants less than \$1 million.
City of Edmonton Library Board	Boards and Commissions	Public Library	Reserves for future expenditures relating to Library Operations include amounts set aside by the Library Board for specific purposes. This will include amounts for Library facility projects and other major projects. No interest is applied to this reserve.
Commonwealth Stadium	Citizen Services	Community and Recreation Facilities	Approved in 1995 and established with \$750,000 from the original Vehicle Equipment Reserve as a result of the agreement between the City of Edmonton and the Edmonton Eskimo Football Club for the operation of the Commonwealth Stadium on an entrepreneurial basis. Annually \$200,000 of tax-levy funding is allocated to the reserve for development of new revenue, marketing strategies or capital programs. The City's portion of concession earnings are held in this reserve for capital concession capital projects. Effective January 1, 2007, 15 per cent of net concession revenues from City events or co-sponsored events is contributed by the Eskimos annually to the reserve for replacement of concession equipment. Interest earnings are applied to this reserve.
Community Revitalization Levy - Belvedere	Urban Planning & Economy	Belvedere Community Revitalization Levy	The purpose of the CRL reserves is to capture timing differences between program operating costs and incremental tax-levy increases and land sales. Belvedere CRL (Station Pointe) is financed through borrowing Bylaw 14883 which was passed in 2008 that enabled the City to undertake infrastructure improvements and land development along Fort Road. In January 2012, Bylaw 15932 was passed to allow for the Belvedere CRL to fund this project. The accumulated net deficit balance is due to timing difference between program operating costs (including debt servicing) and incremental tax-levy revenues and land sales. The deficit will be repaid from future CRL revenues and net proceeds from sale of land. The assessment baseline for the CRL is December 31, 2012. The CRL can remain in place for up to a maximum of 20 years from 2013 to 2032.
Community Revitalization Levy - Downtown	Urban Planning & Economy	Capital City Downtown Community Revitalization Levy	The purpose of the CRL reserves is to capture timing differences between program operating costs and incremental tax-levy increases. Council approved a boundary for the Capital City Downtown CRL on March 5, 2013. The Province approved the CRL regulation on July 25, 2013, and Council approved the CRL Plan and Bylaw 16521 on September 17, 2013. The Province gave final approval of the CRL bylaw on April 16, 2014. The accumulated net deficit balance is due to timing difference between program operating costs (including debt servicing) and incremental tax-levy revenues. The deficit will be repaid from future CRL revenues. The assessment baseline for the CRL is December 31, 2014. The CRL can remain in place for up to a maximum of 20 years from 2015 to 2034.
Community Revitalization Levy - Quarters	Urban Planning & Economy	Quarters Community Revitalization Levy	The purpose of the CRL reserves is to capture timing differences between program operating costs and incremental tax-levy increases. City Council approved Bylaw 15800, Schedule "A" - The Quarters Downtown CRL Plan on June 22, 2011. Quarters CRL is financed through borrowing Bylaw 15977, passed on January 18, 2012, that enabled the City to undertake infrastructure improvements and land development. The accumulated net deficit balance is due to a timing difference between program operating costs (including debt servicing) and incremental tax-levy revenues. The deficit will be repaid from future CRL revenues. The assessment baseline for the CRL is December 31, 2011. The CRL can remain in place for up to a maximum of 20 years from 2012 to 2031.
Developer Recoveries	City Operations	Parks and Roads Services and Other Tax-Supported Branches	Fees collected from external developers, for developments where the City was the initial developer, will be transferred to the reserve and withdrawals will be made to fund future ARA recoverable capital projects as approved by City Council through the capital budget process. Interest earnings would be applied to this reserve as it is intended to maintain future capital purchasing power.
Development Incentive	Urban Planning & Economy	Economic Investment Services	Approved during the 2010 budget deliberations to facilitate the implementation of City Policy C553C Development Fund Program. This reserve will be used to capture any unspent funding from the Development Incentive Program. The Development Incentive Program is designed to stimulate new infill development or redevelopment of existing buildings for mixed-use, commercial and/or multi-unit residential uses and fill vacant retail and commercial building storefronts with eligible commercial uses. In April 2014, City Council approved policy amendments to continue delivering the program and to expand it to be available to all Business Revitalization Zones and other City Council supported initiative areas. No interest earnings are applied to this reserve. This reserve is being recommended to be consolidated with the Storefront Improvement Reserve into a new Commercial Revitalization Reserve.
Edmonton Police Service	Edmonton Police Service	Edmonton Police Service	Established June 26, 2018 and governed by City Policy C605 Edmonton Police Service Reserve. The reserve is established to manage operational surpluses and deficits of the Edmonton Police Service over time.
Enterprise Portfolio	Citizen Services	Community and Recreation Facilities	To facilitate the implementation of City Policy C479 Fiscal Policy for the Enterprise Portfolio - Community Services by managing revenue fluctuations and fund business development opportunities for all facilities managed by the Community and Recreational Facilities branch. Interest earnings are applied to this reserve. This reserve is being recommended for closure.
Financial Stabilization	Corporate Expenditures & Revenues	Corporate Expenditures & Revenues	The Financial Stabilization Reserve (FSR) was established in 1997 to provide flexibility in addressing financial risks associated with revenue instability and unforeseen costs on a transitional basis, and to ensure the orderly provision of services to citizens. As per City Policy C217D Reserve and Equity Accounts, a minimum balance of 5 per cent with a target balance of 8.3 per cent of current general government expenses (excluding non-cash amortization and gain or loss on disposal of capital assets) has been established. The source of funding for the FSR has generally been tax-supported operating surplus. No interest is applied to this reserve. A stand alone reserve policy for the FSR is being presented in a separate report.
Financial Stabilization - Appropriated	Corporate Expenditures & Revenues	Corporate Expenditures & Revenues and Other Tax-Supported Branches	The Financial Stabilization Reserve (FSR) - Appropriated tracks amounts that have been appropriated from the FSR for specific purposes in current or future years. No interest is applied to this reserve.

Reserve Funds - Definitions

Reserve Fund	Department	Branch	Description
Fleet Services - Vehicle Replacement	City Operations	Fleet Services	This reserve was approved on October 14, 2009 and supports City Policy C617 Fleet Replacement Reserve which was approved on May 14, 2019. This reserve is used to fund the replacement of fleet assets that have reached their useful life. Fleet assets for Edmonton Transit, DATS, Waste, and Edmonton Police Services are excluded from the scope of this reserve. Funds to replenish the reserve come from fixed charges paid by tax-supported and utility operations.
Fort Edmonton Train Maintenance	Boards and Commissions	Fort Edmonton Park	As a condition of an ongoing agreement between the City of Edmonton and the Fort Edmonton Historical Foundation, annually a maximum of \$5,000 from the Fort Edmonton operations is set aside in this reserve to fund major maintenance expenses of the steam railway system within the Park. Interest earnings are applied to the reserve.
Funds in Lieu - Residential	Urban Planning & Economy	Planning and Environment Services	This reserve was approved in 1985 based on City Council's direction to separate the residential portion from the commercial/industrial portion in the Parkland Purchase Reserve. Funds received from developers and from the sale of parkland in residential areas is used to purchase and develop parkland in residential areas. The funds are generated as a result of the parkland dedication required in accordance with the Municipal Government Act (MGA) of up to 10 per cent. The MGA requires that such funds be used for "a public park, a public recreation area, school authority purposes, or to separate areas of land that are used for different purposes". The funds collected are restricted by City Policy C468A Policy to Govern the Use of Funds from the Sale of Surplus School Sites to usage within the same neighbourhood. Interest earnings are applied to the reserve.
Heritage Resources	Urban Planning & Economy	Planning and Environment Services	The Heritage Resources Reserve supports City Policy C450B Policy to Encourage the Designation and Rehabilitation of Municipal Historic Resources in Edmonton. This policy sets process for the designation of historically significant structures and the payment of required compensation such as grants, tax cancellation, rebate of property taxes, or a payment equal to the value of the amount of taxes payable on the designated historic building and substantial rehabilitation. This reserve also provides funding for maintenance grants, promoting heritage, and special heritage projects including limited demonstrative restoration projects. Annually, an amount is approved in the operating budget for this program and unspent funds are transferred into the reserve at the end of the year. Conversely, if there is a deficit in the program, draws are made on the reserve. No interest earnings are applied to this reserve.
Interim Financing	Corporate Expenditures & Revenues	Capital Project Financing and Real Estate	The Interim Financing Reserve was originally approved on November 19, 2014 and later amended on November 29, 2016. The purpose of the reserve is to accommodate timing differences between operating impacts of capital projects and related external funding sources and differences that arise between the timing of cash outflows (budget) and recognition of expenses (accounting) to ensure that the City can levy taxes in a manner that matches the cash outflow of the expenses. Reserve deficit balances will be repaid through external funding sources. No interest earnings are applied to this reserve.
Local Improvement	Corporate Expenditures & Revenues	Capital Project Financing	Approved at the October 31, 2012 City Council meeting, this reserve will accumulate the annual difference between local improvement revenues and debt servicing related to local improvements. No interest earnings are applied to this reserve.
LRT	Corporate Expenditures & Revenues	Capital Project Financing and Transit	An annual funding level of \$5.0 million is provided from tax-levy and is used to cover any deficiency of the Federal Gas Tax Fund over SLRT debt charges annually with any residual added to the reserve. Furthermore, a multi-year dedicated funding level is provided from tax-levy to support the construction and future operation of the new Valley Line LRT. The reserve is to be made available for funding city-wide LRT expansion. No interest earnings are applied to this reserve.
Motor Vehicle Insurance	Corporate Expenditures & Revenues	Corporate Expenditures	The City self-insures automobile liability claims with any amount in excess of the self insured amount being insured by external commercial insurers. Pursuant to Section 825, Part 7 of the Alberta Insurance Act, the Corporation must maintain a separate insurance fund. The amount is approved annually by the Superintendent of Insurance for the Province, and the City is required to sign a statutory declaration indicating that a separate insurance fund of the required amount is maintained. The amount of \$2.5 million, in addition to the amount set aside to satisfy third party liability and accident benefit claims is the current approved requirement. Since the City records an ongoing liability for claim estimates, the established limit in the reserve has remained stable. The reserve balance is invested in the Balanced Fund. Interest earnings on the investments form part of the corporate investment earnings budget.
Natural Areas	Urban Planning & Economy	Planning and Environment Services	Approved March 2, 1999, the Natural Areas reserve was established to facilitate the acquisition and conservation of environmentally sensitive natural areas, as per City Policy C531 Natural Area Systems. Bylaw 15164, approved July 22, 2009 expanded the purpose of the reserve to facilitate the repayment of debt incurred in the purchase of natural areas. The expected source of funding is \$1 million transferred annually from tax levy through the budget process. Interest earnings are applied to the reserve.
Neighbourhood Renewal	Corporate Expenditures & Revenues	Corporate Expenditures & Revenues and Other Tax-Supported Branches	The Neighbourhood Renewal reserve will contain tax funding dedicated to the Neighbourhood Renewal Program net of annual expenditures, as approved through the annual City budget process, as per City Policy C595A Neighbourhood Renewal Program. No interest is applied to this reserve.
Parkland	Urban Planning & Economy	Planning and Environment Services	The reserve receives funds from developer levies, the sale of municipal reserve lands in industrial and commercial areas, proceeds from the sale of municipal reserve land in the river valley communities (where land was originally purchased with Parkland Reserve funds) and money received from the rental of City property on park land. The Municipal Government Act (MGA) requires that such funds must be used for "a public park, a public recreation area, school authority purposes, or to separate areas of land that are used for different purposes". The funds collected can be used anywhere in the City for the required purposes. Interest earnings are applied to the reserve.
Pay-As-You-Go capital	Corporate Expenditures & Revenues	Capital Project Financing	Pay-As-You-Go (PAYG) funding is largely made available from annual investment income, the Ed Tel Endowment Fund dividend, and property taxes. Annually the approved PAYG operating funds will be transferred to the reserve. Amounts will be transferred from the reserve to fund tax-supported operations (excluding Edmonton Police Services) capital projects as approved by City Council through the capital budget process. Over the capital budget cycle, total withdrawals from the reserve cannot exceed total available funding. In order to provide the necessary flexibility in the use of PAYG funds to manage the general government operations capital program, in any year of the current capital budget cycle funds may be withdrawn from the reserve in excess of available funding. At the end of the capital budget cycle, the reserve must be in a surplus or balanced position. Sufficient PAYG funds need to be available in the current capital budget cycle to fund the total cost of approved capital projects to be funded with PAYG, including those costs with cash flows extending beyond the current capital budget cycle. Proceeds from the sale of capital assets paid for with PAYG funds are to be transferred to the reserve to be used to fund future capital projects.

Reserve Funds - Definitions

Reserve Fund	Department	Branch	Description
Pay-As-You-Go capital - Edmonton Police Service	Edmonton Police Service	Edmonton Police Service	Pay-As-You-Go (PAYG) funding for Edmonton Police Services comprises property taxes. Annually the approved PAYG operating funds will be transferred to the reserve. Amounts will be transferred from the reserve to fund Edmonton Police Services capital projects as approved by City Council through the capital budget process. Over the capital budget cycle, total withdrawals from the reserve cannot exceed total available funding. In order to provide the necessary flexibility in the use of PAYG funds to manage the Edmonton Police Services capital program, in any year of the current capital budget cycle funds may be withdrawn from the reserve in excess of available funding. At the end of the capital budget cycle, the reserve must be in a surplus or balanced position. Sufficient PAYG funds need to be available in the current capital budget cycle to fund the total cost of approved capital projects to be funded with PAYG, including those costs with cash flows extending beyond the current capital budget cycle. Proceeds from the sale of capital assets paid for with PAYG funds are to be transferred to the reserve to be used to fund future capital projects.
Perpetual Care	Citizen Services	Community and Recreation Facilities	The Perpetual Care Reserve is used for preservation, improvement, embellishment, and maintenance in perpetuity of the municipal cemeteries. 25 per cent of specific cemetery revenue is applied to the reserve at the time revenue is recognized. Investment earnings on the fund balance are redirected back to the reserve.
Planning and development	Urban Planning & Economy	Development Services	Approved by Council on November 27, 2018 as part of City Policy C610 Fiscal Policy for the Planning and Development Business. The purpose of the reserve is to manage the long term fiscal sustainability of the Planning and Development Business. The balance in the reserve represents the appropriated accumulated surplus of the Planning and Development Business over time. This reserve is only intended to stabilize the Planning and Development Business over long periods of time and is not to support any other activities, including tax-supported operations. The reserve has a minimum balance of 30 per cent of annual budgeted operating expenses for the Planning and Development Business, with a target balance of 75 per cent. No interest is applied to this reserve. This reserve replaces the previous Current Planning Reserve.
Revolving Industrial Servicing Fund	Urban Planning & Economy	Development Services	The purpose of this reserve is to facilitate implementation of City Policy C533A Revolving Industrial Servicing Fund. The City provides rebates to Front End Developers that undertake construction of cost shareable infrastructure. The City often borrows debt in order to provide these rebates. Front End Developers are eligible for a rebate providing they construct End-User Development that increases the taxable property assessment by \$10 million or more (excluding machinery and equipment). The source of funding for this reserve will be 50 per cent of the incremental property tax revenue from these End-User Developments and recoveries from subsequent developers attributable to the City, and these will be used to offset related debt servicing costs first. Additional recoveries shall be deposited into the reserve to fund future rebates. Interest earnings are applied to the reserve.
Rogers Place Arena Capital	Corporate Expenditures & Revenues	Capital Project Financing	The ticket surcharge agreement between the City of Edmonton and the Edmonton Arena Corporation identifies ticket surcharge revenues of \$375,000 per quarter (\$1.5 million annually) to fund certain repair and maintenance costs associated with major building components of Rogers Place Arena. These funds will be transferred to the reserve quarterly. Amounts will be drawn from the reserve to fund the repair and maintenance costs. Interest earnings are applied to the reserve.
Sanitary Servicing Strategy Fund	Urban Planning & Economy	Planning and Environment Services	Fees collected by the City from developers and EPCOR Drainage will be transferred to the reserve, and withdrawals will be made to reimburse EPCOR Drainage for eligible capital design and construction costs as approved by the Sanitary Servicing Strategy Fund (SSSF) Oversight Committee. Transfers to and from the reserve will be approved by City Council annually through the operating budget, however actual reserve transfers may vary from the budget approved by City Council at the discretion of the SSSF Oversight Committee in order to appropriately manage major sanitary trunk projects. Annual transfers from the reserve for reimbursement of EPCOR Drainage project costs are limited to the available funding in the reserve, and as a result the reserve is not allowed to go into a deficit balance. Interest earnings would be applied to this reserve as it is intended to maintain future capital purchasing power. EPCOR Drainage capital design and construction costs must be related to major sanitary trunks to service growth within the city and in new development areas.
St. Francis Xavier	Citizen Services	Community and Recreation Facilities	Established August 5, 2011 as a condition of an on-going agreement with the City of Edmonton and the Edmonton Catholic School Board to fund lifecycle maintenance for the St. Francis Xavier Sports Centre. Tax-levy funding is approved annually in the amount of 78 per cent of annual estimated maintenance costs, to fund the City's portion of major lifecycle maintenance. Any funding timing differences for the year are applied to the reserve. Interest earnings are applied to this reserve.
Storefront Improvement	Economic Investment Services	Urban Planning & Economy	This reserve facilitates implementation of City Policy C216C Retail and Commercial Façade and Storefront Improvement Program. This program provides matching grants to building owners who invest in approved projects to improve the appearance and function of street level retail and commercial buildings in targeted areas within eligible Business Revitalization Zones throughout the City. The program is funded through on-going annual tax levy funding and the net program timing difference for the year is applied to the reserve. No interest earnings are applied to this reserve. This reserve is being recommended to be consolidated with the Development Incentive Reserve into a new Commercial Revitalization Reserve, through a separate report.
Tax-Supported Debt	Corporate Expenditures & Revenues	Capital Project Financing	Approved on October 29, 2002 to accommodate timing differences between debt servicing requirements and receipt of taxes for the \$250 million 5 year program of tax-supported debt. As approved at the October 31, 2012 City Council meeting the purpose of the reserve was expanded to accommodate timing differences between debt servicing and receipt of taxes for all City tax-supported debt. A minimum balance of \$1.0 million is to be maintained and any unappropriated balance above this is made available to stabilize debt servicing costs within a year or to fund capital on a pay-as-you-go basis. The minimum balance is to be used to manage any interest rate or cash flow fluctuations. No interest is applied to this reserve.
