| Sherwood | 0 | 2 | 0 | 1 | 3 | +10 | 13 |

* Pending Score: Viewed as one means to proactively measure the opportunity for unfunded projects. While there is value in considering potential opportunities it was found not to impact the overall aggregate score ranking of neighbours.

** Boyle Street: Identified as already having significant capital investment and a number of operating initiatives. Social Vulnerability Trend was favourable.

*** Inglewood and Balwin/Belvedere next highest scores.
