

## Status of Reports

### Utility Committee

### June 8, 2018

---

**Recommendation:**

That the following revised due dates be approved:

1. Extended Producer Responsibility

City Operations - CR\_5681

**Original Due Date: June 8, 2018**

**Revised Due Date: August 23, 2018**

- Administration requires additional time to contact other municipalities and agencies in order to gather more data and input.

2. Source-Separated Organics Pilot

City Operations - CR\_5832

**Original Due Date: June 8, 2018**

**Revised Due Date: August 23, 2018**

- Administration requires additional time to create an inclusive citizen-focused implementation strategy, develop a comprehensive community engagement approach and establish rigorous performance monitoring and feedback mechanisms.

### 3. Strategies - Food Waste Reduction

City Operations - CR\_5835

**Original Due Date: June 8, 2018**

**Revised Due Date: August 23, 2018**

- Administration requires sufficient time to ensure the strategy is congruent with the National Zero Waste Council's national approach. NZWC is a collaborative organization involving Canadian governments, business and Non-Governmental Organisations. NZWC is releasing a comprehensive framework for reducing food waste in May 2018 that will align to global best practices in design change and policy innovation, prevent waste and facilitate a transition to circular economies.

### 4. Alternate Collection and Diversion Options for grass, leaf and yard waste

City Operations - CR\_5826

**Original Due Date: June 8, 2018**

**Revised Due Date: August 23, 2018**

- Administration requires sufficient time to thoroughly review the engagement results to ensure resident feedback fully informs the proposed program decisions of this report.
