SHAPE OUR CITY

Edmonton

1. Resources and Timelines
2. Project and Program Prioritization
3. Bike Route Planning Process
4. Maintaining an All-Seasons Network
5. Monitoring and Evaluation

Edmonton

The City Plan Implementation Approach

Planning, Policy & Regulation

Examples

- District Planning
- City Planning Framework
- Zoning Bylaw Renewal

Process & Service Delivery

- Prioritized budgeting
- Business planning
- Operational service delivery

Data & Measurement

- Measures and targets
- Transparent reporting

People, Partnerships & Change Management

- Organizational change management
- External relationships and partnership

Bike Network Implementation

Redeveloping Areas
408 km

Developing and Future Growth Areas
278 km

TOTAL 678 kms

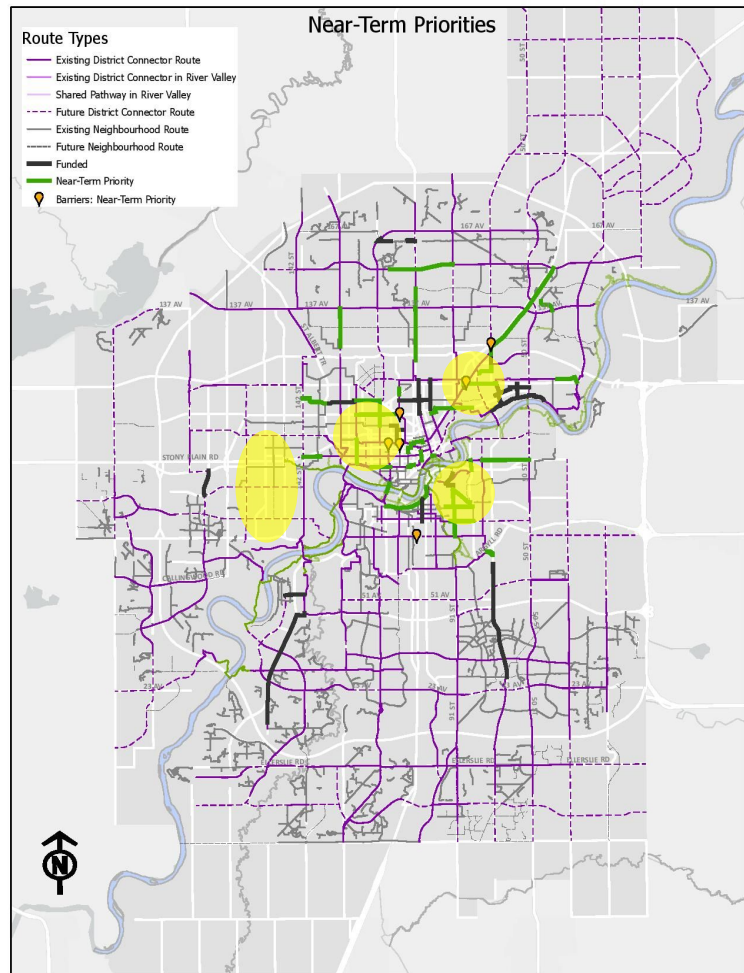

Bike Network Priorities

Near-Term Priorities:

- Increasing network density in central Edmonton
- Extending high quality network out from the central areas
- Stronger connections between central and north Edmonton

Area Network Plans

- Areas where it makes sense to do integrated planning across multiple neighbourhoods

Program Areas

Next Steps

- Develop recommendations for 2023-2026 capital budget cycle (both network and program areas)
- Ongoing planning and design in select locations
- Continue to watch for opportunities for alignment with other projects and partnerships

Thank You.
