### Position of Administration

Administration supports this proposed Charter Bylaw.

### Report

The purpose of proposed Charter Bylaw 20008 is to change the zoning of six parcels from (DC1) Direct Development Control Provision to (DC2) Site Specific Development Control Provision to allow for a medium rise Multi-unit Housing development. To facilitate the rezoning, there is also an associated amendment to the Oliver Area Redevelopment (Bylaw 20007) Plan that will change three maps and one policy.

The proposed rezoning is compatible with its surrounding area as it allows for a mid-rise building on a site that appropriately transitions between the high-rise context of Jasper Avenue and lower-scale interior of the Oliver neighborhood.

This application is supported by the City Plan which designates this area as the Centre City - Edmonton’s distinct cultural, economic, institutional and mobility hub with the highest density
