### PLANS IN EFFECT

The rezoning area is located within the Lewis Farms Area Structure Plan (ASP) and the Rosenthal Neighbourhood Structure Plan (NSP). The proposed (DC2) Site Specific Development Control Provision conforms to the Lewis Farms ASP which designates the site for residential uses and the Rosenthal NSP which designates the site for Low Density Residential development. The DC2 Zone meets the plan's objectives to encourage a mixture of housing types which are available to a wide spectrum of incomes, facilitate a variety of lifestyles, and create comfortable transitions of mass and scale by offering Multi-unit housing in the form of row housing on individual shallow lots.

## THE CITY PLAN

The proposed rezoning area is in the West Henday District Planning Area and is in alignment with the policies of The City Plan (MDP) goals and policies to accommodate all future growth for an additional 1.25 million population within Edmonton's existing boundaries. This will be achieved by allowing for a narrower lot product and ultimately adding a number of additional lots.
