## **Bylaw 19972 - A Bylaw to authorize the City of Edmonton to construct, finance and assess Neighbourhoods Overlay Local Improvements in the Eastgate Business Park**

The reconstruction of sidewalks falls under the cost sharing program as outlined in City Policy C619, Local Improvements - Surface, with 50 per cent of the reconstruction costs borne by the City at large and 50 per cent funded by the benefiting property owners through the local improvement assessment.

The total cost of the sidewalk reconstruction neighbourhoods overlay local improvements in the Eastgate Business Park estimated to be \$416,572. Borrowing of \$208,286 is required to finance the property owners' share of the estimated local improvement costs.

### **COMMUNITY INSIGHT**

The City engages with the public when a local improvement plan is proposed for the affected areas. When a local improvement is proposed, the City must prepare a local improvement plan and send notice to the property owners who will be liable to pay the local improvement. If the affected property owners are not in favour of this local improvement, the affected property owners may file a petition as set out in sections 222 to 226 and 392 of the *Municipal Government Act*. These petitions must be filed and received by the City's Chief Administrative Officer within 30 days from the notices being sent. If no sufficient petitions have been received, the City may proceed with the preparation of a local improvement bylaw.

Council must pass a separate local improvement bylaw for each local improvement. Local improvement bylaws are prepared in accordance with sections 263, 397 and 398 of the *Municipal Government Act*. In the case that sufficient petitions are received, the City cannot proceed with the local improvement.
