Report

This application proposes to close a portion of 156 Street SW, north of Chegwin Wynd SW, in the Chappelle neighbourhood. The closure area will remain as road right-of-way but will be closed to vehicular traffic to allow for its conversion to a greenway/multi-use trail. With closure of the road, alternative access will be provided to impacted parcels.

The proposed closure meets the technical requirements of civic departments and utility agencies. The application conforms with the Chappelle Neighbourhood Area Structure Plan (NASP) which designates the site as Greenway Road Right-of-Way.

Bylaw 20219 will be dealt together with Bylaw 20134 as they relate to two halves of the same road closure area. Bylaw 20219 encompasses the west half, Area "A".
