Position of Administration

Administration supports this proposed Bylaw.

Report

This application proposes to close the cul-de-sac portion of 78 Avenue NW, directly west of 114 Street NW and approximately 123 metres east of 115 Street NW. The purpose of the road closure is to limit vehicular traffic (other than emergency vehicles) and to develop a public open space plaza-connector in alignment with the McKernan-Belgravia Area Redevelopment Plan.

This road closure is to facilitate an associated rezoning (Charter Bylaw 20247) to allow future construction of the open space plaza-connector between two multi-unit housing mid-rise buildings with commercial uses on the main floor of one of the buildings. This road closure is also associated with separate road closures (Bylaw 20244) located north and south of this proposed closure area and plan amendments to the McKernan-Belgravia Station Area Redevelopment Plan (Bylaw 20246) to facilitate the proposed redevelopment under Charter Bylaw 20247.

All comments from civic departments or utility agencies regarding this proposal have been addressed.
