

Introduction

Edmonton

Current Off-Leash Establishment Processes

City-led Capital Projects: City-funded projects that are designed, build, maintained and operated by the City.

Developer Projects: Built by developers as part of new neighbourhoods, then maintained and operated by the City.

Temporary Off-Leash Pilot Program: Fully enclosed amenities on league licensed-land (winter ice rinks,

tennis and basketball courts)

New Methods for Off-Leash Area Establishment

Community Group Led Construction: well established method for community groups to fund, construct and operate infrastructure within licenced areas

Pop Up Dog Park Program: new program to quickly establish temporary OLAs within high need neighbourhoods and use these sites to engage with residents prior to developing permanent OLAs
