#### **Position of Administration**

#### **Report**

The purpose of Charter Bylaw 20501 is to change the zoning to Lots 4 - 6, Block 111, Plan 2803AF from the (RF1) Single Detached Residential Zone to the (RA8) Medium Rise Apartment Zone to allow for the development of a medium rise (approximately 6 storey) residential building with limited commercial opportunities at ground level.

This application aligns with the goals and policies of The City Plan to densify land along a key corridor supporting future LRT service while also managing appropriate transitions to the abutting single detached house through setbacks and stepbacks.

Glenora is one of Edmonton's oldest neighbourhoods, and this site does contain a house listed on the City's Inventory of Historic Resources (the Mayhew Residence). Though this rezoning will likely lead to the demolition of this historic resource, this application supports a variety of other
