## **BYLAW 20442 - To authorize the City of Edmonton to undertake, construct and finance City Operations Project, Landfill Gas to Renewable Natural Gas (RNG)**

includes a capital budget adjustment to capital profile 22-81-2053 Landfill Gas to Renewable Natural Gas (RNG) to adjust funding sources and reduce the profile by \$3.30 million. The total project cost of the profile is \$13.37 million. The Landfill Gas to Renewable Natural Gas Project (RNG) was developed to look for environmentally sustainable and financially attractive solutions for post-2024 landfill gas management. The initiative focuses on landfill gas to renewable natural gas upgrades. Funding for this project includes provincial grants of \$7 million, Waste Services Retained Earnings of \$2.67 million and \$3.70 million of new self-liquidating debentures. To complete this project, it will be necessary to borrow \$3.70 million.

Bylaw 20442 received first reading at the April 4, 2023, City Council meeting. The petition period expired on Friday, April 28, 2023. The Bylaw cannot be signed and thereby passed prior to Monday, May 1, 2023. No petitions were received, so this Bylaw may proceed.

### **COMMUNITY INSIGHTS**

Borrowing bylaws reflect a legislative requirement of the borrowing process. As a result, no community insight is undertaken with respect to the borrowing bylaw process. Where required by the *Municipal Government Act*, borrowing bylaws are advertised.
