Neighbourhood Park Development Program (Retired)

Neighbourhood Park Development Program - Challenges

- Funding model versus long term strategy
- Asset condition varies across the city
- Uncertainty with respect to renewal/replacement

Community Parks Framework - New Approach

- Establishes distribution targets for park amenities
- Clarifies expectation for park amenity development
- Provides a means to prioritize park development
- Continues to leverage community-led park amenity projects

Perspectives - Key Themes

- **Proposed Vision**
- **Amenity Categories**
- **New Approach & Criteria**
- **Community Collaboration**

Next Steps

- Implementation of *Breathe*, Edmonton's Green network strategy including:
 - Updating standards and provision guidelines and retiring the UPMP
 - Completing the green network analysis
- Prioritization of park amenities (both growth and renewal) for future budget consideration
