Executive Summary

- Each year, municipalities must offer for sale, at public auction, any parcel of land remaining in arrears of taxes and subject to a Tax Recovery Notification. This report describes the annual process that will be followed by the City as set out in the *Municipal Government Act* (MGA).

2023 TAX PUBLIC AUCTION RESOLUTION

- The 2023 Tax Public Auction list reflects the properties eligible for tax sale as of April 21, 2023. This includes 753 properties representing a total amount of \$8,051,789.39 in outstanding property taxes.
- Significantly fewer properties are expected to be available on the tax public auction date as the potential sale often results in the payment of outstanding property tax amounts.

REPORT

Each year, City Council receives a report on the annual property tax public auction. The annual auction allows municipalities in Alberta to recover taxes from properties that have been in arrears for more than two tax years following the year the tax was imposed. Proceeds from any sale are applied toward the outstanding tax balance, and then used to pay creditors, following which any remaining funds are transferred to the previous owner. The terms and conditions for potential buyers at the auction are outlined in Attachment 1.

The 2023 Tax Public Auction list (Attachment 2) shows the properties eligible for tax sale as of April 21, 2023. The list includes 753 properties, which have a total amount of \$8,051,789.39 in outstanding property taxes. Significantly fewer than 753 properties will likely be available for auction by the actual auction date, as the initiation of the auction process often results in property owners paying the outstanding taxes. Payment removes the tax account from arrears.

From 2018 to 2022, the average number of accounts originally listed for tax sale was 1,082; however an average of 15 properties were offered for sale by the time of the public auction.

Tax Public Auction Process

The following steps apply with respect to the properties included in the Tax Public Auction list for October 26, 2023:

- 1) In February 2022, a tax recovery notification warning letter was issued to the owners of any property that was in arrears of taxes of more than one year.
- 2) On March 31, 2022, a tax recovery notification was registered against the property title at the Alberta Land Titles Office, with respect to those properties where taxes remained in arrears as of that date.
- 3) Once the tax recovery notification was registered, confirmation of this registration was sent to the owners of the property by the Alberta Land Titles Office.
- 4) Every parcel that has an existing tax recovery notification on title is scheduled to be offered for sale at a public auction after March 31 of the year immediately following the date of registration.
- 5) In July 2023, a warning letter will be mailed to owners of properties remaining on the tax sale public auction list.
- 6) A list of tax public auction properties will be advertised in one issue of the Alberta Gazette (official newspaper of the Government of Alberta) between 40 and 90 days before the auction date.

2023 TAX PUBLIC AUCTION RESOLUTION

- 7) At least four weeks before the date of the public auction, a registered notice will be sent by the City of Edmonton to:
- a) each owner;
 - b) each person whose interest is evidenced by a caveat registered by the Registrar, Alberta Land Titles; and
 - c) each encumbrance shown on the certificate of title for each parcel included in the tax public auction.
- 8) A list of tax public auction properties will be advertised in one issue of the Edmonton Journal between 10 and 20 days before the public auction date.
- 9) A list of tax sale properties will be posted on the City's website after the properties are published in local newspapers.

Properties offered for public auction that are not sold and not redeemed by the taxpayer may be acquired by the City of Edmonton.

COMMUNITY INSIGHT

Details of the notices provided to the property owners and the public are outlined in the process section above. It is a requirement, under the MGA, that City Council approve the annual tax sale public auction date, the terms and conditions of the sale, and the method of establishing the reserve bid for properties included in the auction. Community input would not alter the auction requirements.

GBA+

Administration works with any owner of a property on the tax sale list over the course of several years to reach a solution for an account in arrears. Tax sale is a last resort when other paths to resolutions have been exhausted. Tax collectors follow a fair and consistent process for all property owners. As a practice, property taxation is not related to any individual's gender, race, ethnicity, religion, age or disability, in that the amount of taxes is based solely on a property's value and use.
