1. That Bylaw 14057, as amended, being the Ambleside Neighbourhood Structure Plan is hereby amended by:

a) Deleting the two paragraphs of section “4.5.3 Neighbourhood Commercial” and replacing them with

“There are two Neighbourhood Commercial sites located near the intersection of Ellerslie Road SW and Allan Drive SW. The sites provide for low intensity commercial, office and service uses located in close proximity to an arterial roadway, Ellerslie Road SW, and borders a residential area to the south in a neighbouring community. The sites are adjacent a multi-use trail within a utility/pipeline corridor. Development on the sites shall be sensitive and in scale with existing and planned development along Allan Drive SW and the surrounding residential neighbourhood.

Neighbourhood Commercial uses on the sites should complement the adjacent Community Center Commercial site and provide residents with local retail and commercial services within walking distance and transit access. This supports the creation of an active, walkable centre where people will use alternative means of transportation to meet their daily needs locally. This encourages frequency of use, greater activity, local awareness, surveillance and community safety. The area attributed to Neighbourhood Commercial is shown in Figure 5.”

b) Deleting the map entitled “Bylaw 18568 – Approved Ambleside Neighbourhood Structure Plan” and replacing it with the map entitled “Bylaw 20584 – Amendment to Ambleside Neighbourhood Structure Plan, attached hereto as Schedule “A”, and forming part of this bylaw;
