Waste Services Bylaw 20363 Amendment No. 1

November 3, 2023

Utility Committee

Eddie Robar, Denis Jubinville

Background

- Utility account holders pay the waste utility rate that matches their collection service
- When ratepayers transfer to curbside collection from apartment and condo collection, transitional waste utility rates are used to minimize rate shock

Curbside collection

Service Transition Rates

- A permanent, five-year transitional waste utility rate schedule would be included in Waste Services Bylaw 20363
- Service Transition Rates provide transparent rate information to current and future transitional rate customers
