**CORPORATE
SUMMARY**

Impact on a Typical
Homeowner

Corporate Summary
Budget Tables

Impact on a Typical Homeowner

The average Edmonton household will pay approximately \$750 in municipal property taxes for every \$100,000 of their assessed home value in 2024, an increase of \$49 compared to last year. These dollars help maintain the roads, pathways and public transit that move people. They support Edmontonians’ safety and well-being through bylaw enforcement, fire rescue, police and social programs. They fund attractions, leisure activities and parks that make Edmonton a great place to live, work and visit.

Impact of the Proposed 2024 to 2026 municipal tax increases per \$100,000 of assessment value, residential

	2023 Budget	2024 Budget	Annual Impact	2025 Budget	Annual Impact	2026 Budget	Annual Impact
Municipal Services	548	586	38	620	34	654	34
Police Services	153	164	11	168	4	169	1
Per \$100K of assessment value, residential	701	750	49	788	38	823	35

Municipal Services is based on a proposed tax increase of 5.46% for 2024, 4.50% for 2025 and 4.35% for 2026, including assessment growth.

Police Services is based on a proposed tax increase of 1.63% in 2024, 0.54% in 2025 and 0.18% in 2026.

	Impact of the Proposed Tax Increase		
	2024	2025	2026
Municipal Services	5.46	4.50	4.35
Police Services	1.63	0.54	0.18
	7.09	5.04	4.53

Standalone Service Packages					
Office of the City Manager - City Manager					
Anti-Racism - High Level Office					
<p>The Service Package advances implementation of the Anti-Racism Strategy, responds to the Anti-Black Racism Action Plan, and coordinates action with the Indigenous Framework. The High Level Anti-Racism Office in Administration leads anti-racist transformations of City services, enhances employment practices, and is accountable and responsible for the Strategy and Anti-Black Racism Action Plan.</p>					
Anti-Racism - High Level Office	Total	-	2,599	(70)	(15)
	FTEs	-	7.0	-	-
Anti-Racism - Independent Body					
<p>The Service Package supports the implementation of the City's Anti-Racism Strategy and responds to the Anti-Black Racism Action Plan. It provides operational surety for a community-based Independent Anti-Racism Body. The Body is community's convening point for anti-racism concerns and ideas, education and advocacy, and serves as an accountability partner for the City's anti-racism actions.</p>

Standalone Service Packages

City Operations - Edmonton Transit Service

Edmonton Transit Service (ETS) Auxiliary Vehicle Growth Units					
ETS will incur ongoing costs to operate, maintain and contribute into a fleet replacement reserve for the new LRT Systems auxiliary fleet (support LRT signals, overhead power and substations). Advancing this allows LRT systems maintenance to continue and contributes to an optimal maintenance and lifecycle management plan improving crew availability and efficiency of the LRT system.					
Edmonton Transit Service (ETS) Auxiliary Vehicle Growth Units	Total	-	1,413	(415)	(285)
	FTEs	-	-	-	-

City Operations - Fleet and Facility Services

[Fleet] EPS - Ford Explorer (Growth Units) - HELP funding					
Maintenance and fuel costs related to 6 growth units in EPS. Units are being purchased for EPS' HELP program with available grant funding (2023-2025) and will be funded after 2025 within existing EPS budget. Preventative maintenance programs ensure that vehicles are safe, reliable and available for programs and services provided to the citizens of Edmonton.					
[Fleet] EPS - Ford Explorer (Growth Units) - HELP funding	Total	-	-	-	-
	FTEs	-	-	-	-

City Operations - Parks and Roads Services

Tweddle Place Living Wall					
This package includes operating impacts of capital for "The Living Wall," a nature-based solution as an alternative for traditional noise/visual barriers between roadways and residential areas. The Living Wall consists of noise-absorptive, graffiti-resistant willow stands between wood frames. Operational funding is required for ongoing maintenance of the shrubs.					
Tweddle Place Living Wall	Total	-	186	-	1
	FTEs	-	1.5	-	-

Standalone Service Packages

City Operations - Edmonton Transit Service

Redeploy VLSE (Valley Line Southeast) Hours/Buses					
Audit Related	Practically Necessary	Legally Required	Council Priority		
✘	✘	✘	✘		
<p>The activation of Valley Line Southeast will replace the need for the existing precursor bus service, route 73; and provide an opportunity for ETS to repurpose buses to support new growth for the next two to four years. This service package would fund expanded conventional bus service, as the precursor bus service is currently funded on a one-time basis from the LRT reserve.</p>					
Redeploy VLSE hours/buses	Total	-	4,717	523	17
	FTEs	-	52.1	4.9	-

City Operations - Parks and Roads Services

Centre City Optimization					
Audit Related	Practically Necessary	Legally Required	Council Priority		
✘	✘	✘	✔		
<p>Continue the City Centre Optimization Project as per the council motion: That Administration bring forward an unfunded service package for consideration during the Fall 2023 SOBA which would allow the City to continue the City Centre Optimization Project, including an increased focus on the maintenance of parks, as outlined in the July 11, 2023 Urban Planning and Economy Report UPE01577.</p>					
Centre City Optimization	Total	-	2,987	(24)	15
	FTEs	-	32.5	-	-

Community Services - Community Standards and Neighbourhoods

Expanded Snow Program					
Audit Related	Practically Necessary	Legally Required	Council Priority		
✘	✘	✘	✘		
<p>The service package would support three programs for Assisted Snow. The three programs would be: working with low-income seniors to navigate the provincial program, expand snow removal services to low-income people with disabilities and those experiencing mobility issues, and would work with EFCL to explore community-based granting opportunities.</p>					
Expanded Snow Program	Total	-	839	2	1
	FTEs	-	3.0	-	-
Traffic Enforcement					
Audit Related	Practically Necessary	Legally Required	Council Priority		
✘	✘	✘	✘		
<p>The service package would support 29 FTE to enhance traffic safety in the city by creating a traffic enforcement peace officer team, including the appropriate training resources, with administrative and managerial support to supplement the EPS' annual traffic safety plan and EPS resources.</p>					
Traffic Enforcement	Total	-	4,656	(1,029)	10

**DETAILED
UNFUNDED
SERVICE PACKAGES**

Branch - Edmonton Transit Service

Program - Bus and LRT
Title - Redeploy VLSE (Valley Line Southeast LRT) Hours/Buses

Council Directed
Unfunded
Ongoing
Audit Related: No

Description

The activation of Valley Line Southeast will replace the need for the existing precursor bus service, Route 73; and provide an opportunity for ETS to repurpose these buses and operators to support new growth for the next two to four years.

Redeploying the hours and buses will allow service expansion, improve frequency along busy corridors, address equity gaps and support implementing the future Mass Transit Network.

Which Priorities does this Help to Advance?

Integrated & Connected Communities: The service package will provide more affordable transportation options for Edmontonians in communities by enhancing bus service. This will encourage transit use, ease congestion, increase service in areas that currently have limited bus service and improve traffic flow. The service package will also allow enhanced mobility for workers that commute to workplaces outside of peak hours.

What is the Impact?

The transit network, historically focused on peak hours commuting, does not align with the needs of all riders. Women and seniors tend to make more short distance trips during the midday and off-peak hours when there is less frequent transit service, finding it difficult use transit after 4pm. Redeploying the precursor bus service will make transit more accessible for groups who have been underserved by transit.

What are the Results to be Achieved?

The service package will enhance bus service to provide a higher level of transit service. Service levels will be improved, working towards the creation of a convenient, reliable, safe and fast transit experience for Edmontonians while supporting the ongoing development of the nodes and corridors envisioned in the City Plan, leading to an increased percentage of trips using transit or active modes of transportation.

Branch - Parks and Roads Services

Program - Infrastructure Operations
Title - Centre City Optimization

Council Directed
Unfunded
Ongoing
Audit Related: No

Description

This service package is brought forward as a result of a council motion on July 11 to continue the Centre City Optimization Project, including an increased focus on the maintenance of parks. Services include shrub bed maintenance, power washing and biohazard clean-up, garbage collection, snow removal, sanding, sweeping, trimming, graffiti removal, infrastructure maintenance (playgrounds, fences, furniture, sidewalks, potholes, etc.), streetscape maintenance, traffic control, and inspections.

Which Priorities does this Help to Advance?

An enhanced service approach to the Centre City area supports safe and reliable infrastructure, including increasing accessibility and comfort using parks and open spaces. This in turn supports social well-being and community safety, with more staff and public visiting these spaces on a regular basis. This approach also supports economic growth by attracting investment and development in the downtown area through revitalization and reinforcing relationships between residents, businesses, and the City. This approach is required to deliver service levels that meet the basic expectations of Edmontonians and the City.

What is the Impact?

The Centre City Service Optimization Project includes a dedicated operations team, to act as a single point of contact and direct many cross-functional work activities in Centre City and help to ensure that the downtown area, and adjacent neighborhoods are well maintained, safe and attractive places to live and work. This approach allows for improved relationships and easier collaboration with internal and external stakeholders.

What are the Results to be Achieved?

This model provides a full, proactive, inspection and operations and maintenance program for over 68 Parks and Roads activities and will streamline and dispatch emergent work in the Centre City area. Increased services in the Centre City area will result in more diversity of user groups being able to explore and enjoy these spaces, and added support to the business community in creating safe and welcoming environments for patrons.

Branch - Community Standards and Neighbourhoods

Program - Enforcement and Program Services
Title - Expanded Snow Program

Council Directed
Unfunded
Ongoing
Audit Related: No

Description

This service package funds development of the Assisted Snow program for people who are seniors, experiencing mobility issues and/or with disabilities. The program has three parts:

- 1) Work with the Province and their Special Needs Assistance for Seniors program for Edmontonians
- 2) Expand support to people with disabilities and experiencing mobility issues
- 3) Develop a grant program that works with community leagues

Which Priorities does this Help to Advance?

This service package helps to advance the following priorities:

- 1) Community safety and well being
- 2) Accessible and active mobility network
- 3) Accessibility committee goals

What is the Impact?

Improve services to ~1,000 low income seniors, people with disabilities and people experiencing mobility issues. Improving access to the provincial program as Administration will assume administrative functions and manage vendor work.

Development of a City service that provides snow removal in an equitable way, particularly to those of low-income who have disabilities or are experiencing mobility issues. Improving response time for investigations.

What are the Results to be Achieved?

Improve service delivery, user experience, and reduce red tape for seniors working through the provincial program for snow removal.

Improve access to the mobility avenues for those Edmontonians with disabilities and those experiencing mobility issues by providing a service that cleans their snow off of their driveway and sidewalks.

Rather than identify those struggling with sidewalk clearing by way of complaints, warnings, and potential enforcement, this program would be proactive in helping those in need of support to clear their walks of snow.

Branch - Community Standards and Neighbourhoods

Program - Enforcement and Program Services
Title - Traffic Enforcement

Council Directed
Unfunded
Ongoing
Audit Related: No

Description

This service package funds development of a dedicated peace officer traffic enforcement unit of 20 peace officers that will complement the EPS' Traffic Services Branch with an outcome goal of enhancing community safety and well-being and amplifying ongoing safety efforts within the mobility network.

Which Priorities does this Help to Advance?

This Council-directed service package is intended to advance public safety, and the movement of people and goods within Edmonton's mobility network. The new team will supplement the EPS, which is the lead local law enforcement agency on traffic enforcement.

What is the Impact?

While deploying a 7 day a week peace officer team for the city's 10,000+ kilometers of roadways may address some traffic concerns, positive employee experience may be affected as the peace officers would not have the same tools or authorities as the EPS officers conducting the same work.

What are the Results to be Achieved?

Creating a dedicated peace officer traffic enforcement team would allow Administration to support the EPS' annual traffic safety plan and provide services to any joint enforcement efforts deemed appropriate by the EPS.

Branch - Development Services

Program - Development Approvals and Inspections
Title - Landlord Licensing, Compliance and Registry Project

Council Directed
Unfunded
One Time
Audit Related: No

Description

Renters' Rights Integrated Project Team will respond to the March 20, 2023 CPSC motions to 1) Outline resources needed to enhance the existing business licence review processes to cancel, suspend, or impose conditions on licences issued to landlords and 2) Create and maintain a landlord registry that provides information to prospective tenants on issues with specific properties relating to health and safety.

Which Priorities does this Help to Advance?

Community safety and well-being & Council-directed:

Renters' Rights Integrated Project Team will be responsible for working across Social Development, Community Standards and Neighbourhoods, and Development Services to determine where bylaw/policy/program changes may be enacted at the municipal level related to landlord licensing and compliance, and supports for tenants. Outcomes of the work will include recommendations regarding enhanced tenant safety & well-being.

What is the Impact?

If Council were to direct future additional operational funding based on recommendations resulting from this work to establish new or enhanced services, there would be impacts to both tenants and landlords, operating budget implications, and GBA+ impacts notably to renters whose demographics may include low income, newcomers to Canada, those occupying lodging housing, those living in unpermitted or unsafe housing.

What are the Results to be Achieved?

Administration will identify where licensing, compliance, and registry programming may be enhanced or developed related to landlord regulation and tenant supports. Includes analysis of landlord and rental property compliance data, public engagement, comparative analysis of provincial and federal regulations, licensing, compliance, and registry services in order to determine the feasibility of net new or enhancements to existing City programs and services.

Integrated Service Package - Edmonton Transit Service

Program - Bus and LRT
Title - Satellite Garage and Transit Service Growth
Operating Impact of Capital

Council Directed
Unfunded
Ongoing
Audit Related: No

Description

Enabled through the purchase of 40 growth transit buses, this service package supports the delivery of 100,000 annual service hours and includes funding for operators, fuel, fleet maintenance and operation of the Kennedale Satellite Garage. One bus represents 2,500 annual service hours and the approach could be adjusted for an incremental approach. Service growth implementation is planned for Q2 2024 and will be guided by the Transit Service Standards and Transit Service Policy C539a. The smaller satellite facility allows for transit service growth in the near term, while awaiting completion of the larger Southeast Transit Garage. Costing for hydrogen fuel and maintenance is an estimate at a point in time and is subject to change. Further, if this service package is approved, capital funding of \$100k to support facility maintenance would be brought forward for Spring 2024 Supplemental Capital Budget Adjustment.

Which Priorities does this Help to Advance?

Mobility Network: Transit service growth improves and expands the mobility network, providing greater connectivity, increased service reliability and enhanced transit access city-wide.

Energy Transition & Climate: Increasing transit service availability supports ridership growth and mode shift to transit. The service package will also create capacity at other garages to increase the zero-emission fleet, advancing the City's energy transition goals.

What is the Impact?

Impact on Citizens: Transit service growth and improved service reliability supports greater access to transit, widening mobility choices through increased service frequency and new future routes.

GBA+: The package supports more equitable access to affordable transportation for those who choose transit as their primary transportation mode. Transit riders include youth, seniors, lower-income riders, newcomers, Indigenous peoples, and other marginalized communities.

What are the Results to be Achieved?

By addressing a component of service gaps identified by ETS and allowing service growth, the service package supports increased ridership by improving service availability and enhancing the transit rider experience. Ridership, service hours and rider satisfaction are monitored regularly. The satellite facility will also free up space at other garages for hydrogen-electric infrastructure improvements, advancing climate and energy transition targets in The City Plan.

Integrated Service Package - Parks and Roads Services

Program - Infrastructure Operations
Title - Ongoing Maintenance of Trees

Council Directed
Unfunded
Ongoing
Audit Related: Yes

Description

Maintenance of urban forest assets acquired from 2019-2022 (watering, pruning, risk assessment, trail upkeep, weed management, inspections) and initiating land acquisitions associated with priority tableland natural areas for acquisition within the developing and growth areas, and restoration opportunities to enhance natural areas (technical analysis, land appraisals, field work, update city-wide and location specific natural areas plans).

This is being presented in response to a motion associated with CO01328 City Plan New Urban Trees to bring forward any unfunded operating and capital profiles during the 2023-2026 budget cycle, and the Open Space Asset Transfer audit that reported that PARS has not received operating impacts of capital since 2017.

Which Priorities does this Help to Advance?

Big City Move Greener As We Grow and advances Climate Action and Protection. Nature-based solutions for climate resilience protect, manage, and restore ecosystems and provide co-benefits like flood protection, urban heat reduction, habitat, and biodiversity. A portion of this operating ask is required to support the work in the Natural Areas Acquisition capital profile (CM-17-3017) that is focused on procurement of high value natural areas and supports the 20% forest canopy target.

What is the Impact?

Urban Forest maintenance supports sustainability, reduces tree loss, and increases ecological benefits like stormwater filtration, and carbon capture. Greater strategic management of natural areas supports Greener as We Grow outcomes and City Plan directions for protection and maintenance of natural areas, the river valley and ecological networks, for human and ecosystem health, ecological connectivity, and for cultural/recreational uses.

What are the Results to be Achieved?

- Consistent service levels for maintenance of new trees, naturalization and natural areas from capital projects and developers
- Support Urban Forest Asset Management Plan target: 20% forest canopy by 2071
- Manage and protect of natural areas, the River Valley and Ravine System
- Alignment with City Plan directions to protect, restore, and enhance conserved natural areas and ecological networks, ensuring ongoing functionality and sustainability

Branch - Fire Rescue Services

**Program - Community Safety and Risk
Title - Community Property Safety Team
(CPST)**

**Council Driven
Unfunded
Ongoing
Audit Related: No**

Description

The Community Property Safety Team (CPST) pilot program addresses the high risk of fires in unsecured vacant properties (UVP) in Edmonton. The team has been designated authority under the Municipal Government Act (MGA) to issue compliance orders, secure UVP's and reduce community risk. Prior to this work, two people died and one firefighter nearly lost their life due to fires in vacant properties. CPST has changed the behaviors of landowners in neighborhoods by holding them accountable, leading to a decrease in vacant property fires and a decrease in the risk to the responding firefighters. These measures, however, are not self-sustaining; UVPs require consistent inspections and the ability to escalate the consequences when compliance cannot be achieved.

The CPST pilot was presented as part of the Problem Properties Initiative Update to City Council on April 19, 2022, where one-time funding from the Edmonton Police Services funds held within Financial Strategies was provided to EFRS, for the purpose of extending the Community Property Safety Team pilot. The funding ends Dec 2023. There is a significant increase in demand and the initial scope of the pilot program focused on core communities with the highest concentration of problem properties and derelict buildings but the demand for this work has expanded city wide. The service package will allow complete service to all communities, decrease the time a reported vacant building stays unsecured, decrease the amount of time it takes to initiate enforcement action on non compliant properties, and increase any escalation requirements needed through maintenance inspections.

Which Priorities does this Help to Advance?

This service package directly advances Connect Edmonton's Healthy City and pillars of the Community Safety and Well-being strategy; Safe and Inclusive Space and Crime Prevention, by ensuring UVP's are secured and owners are held accountable. CPST reduces firefighter exposure to and leads to residents' increased sense of safety and well-being.

What is the Impact?

Without this service package there are increased risks to residents that occupy homes next to UVP's, an increased risk of fires deliberately set in UVP's by occupants that do not reside there and an increased risk to firefighters responding to these types of fires. There would be a lack of dedicated response efforts to ensuring the escalated compliance measures are applied to absentee / neglectful landowners. CPST compliance efforts have contributed to the sale of, demolition of and/or redevelopment of properties that were once considered detrimental to the surrounding area, and a serious risk. It may also affect other integrated speciality teams in the problem properties initiative based on CPST call volume transferred to other departments.

What are the Results to be Achieved?

Approval of the service package would result in a city wide response to UVP's, an increase in the number of inspections which may result in escalating compliance measures in a more timely manner, a decrease in response times and a decrease in the amount of time it takes to board and secure a UVP. The package will also lead to twice as many cost recovery remedial actions for non compliant owners based on increased inspections, a decrease in structural fires throughout the city, and a cost avoidance increase by preventing reactive responses from emergency services. Also increased levels of resident support and appreciation for the positive impacts of this work.

Branch - Explore Edmonton

Program - Explore Edmonton
Title - Explore Edmonton - Increased Mandate and Scope Funding

Growth on Existing Services
Unfunded
Multi-Year
Audit Related: No

Description

Explore Edmonton Corporation (EEC)'s mandate and scope significantly expanded over the past four years, adding Northland's assets and ongoing support required to operate the Urban Farm, K-Days, Edmonton Pro Rodeo and Farm Fair International. In addition, EEC has stewarded the implementation of the 10-year Tourism Master Plan. This includes immediate priorities of the Nighttime Economy, Regenerative Tourism and Indigenous Tourism strategies.

To continue attracting and producing events and conferences, marketing Edmonton to both long and short-haul visitors, enhancing Edmonton's brand awareness and image, as well as the social benefits generated by EEC's broadened mandate, stable, predictable investment is required.

EEC has been able to partially mitigate the additional costs of the expanded mandate through increased private investment from EDMH (Edmonton Destination Marketing Hotels), corporate sponsorships and grants from the provincial and federal governments. However, much of this is contingent on matched or one-time investments. This service package seeks to address shortfalls related to the upcoming conclusion of the Prairie Can grant, the exhaustion of EEC's reserves by the end of 2023, and a forecasted downward trend in venue revenues to reflect the economic outlook of 2024. Without the baseline funding from the City, EEC is not able to secure additional funding; nor execute the full mandate.

While the City is a significant funding partner, EEC is a \$90-million organization with the City of Edmonton providing less than a quarter of the operational budget via the tax levy. Stable, predictable base funding is required to attract matching funds and execute multi-year programs and commitments such as event bids.

Which Priorities does this Help to Advance?

The work of EEC is aligned to the following City Priorities:

Climate Action & Protection: Committed to a lower-carbon future, including tracking, measuring and reporting our GHG reductions. Our programming aligns to EEC and the City's Regenerative/Sustainability programs, including offering net-zero impact events to clients and significant sustainable energy installations within both facilities.

Economic Resilience & Growth: Host conferences, conventions, trade & consumer shows, sports & entertainment events, generating sizable economic impact.

Employee Safety & Well Being: Health & safety underpin everything we do.

What is the Impact?

EEC implements three main program areas that each reflect a different financial profile and return on investment for the shareholder:

1) **VENUES:** The venues are used to attract high-impact events and conferences that bring visitors, investors and industry that otherwise would not visit Edmonton. EEC's programming aligns to Regenerative/Sustainability programs including offering net-zero impact events to clients and significant sustainable energy installations within both facilities. While traditionally civic venues in Canada do not generate profit, EEC is working to create new revenue streams and efficiencies that over time will be invested back into the venues to reduce the financial burden to taxpayers.

2) **MAJOR EVENTS:** Producing major events with a focus on Agriculture and Community Diversity and Inclusion include K-Days, the Edmonton Pro Rodeo and Farm Fair International. These events require base funding that is leveraged with other funders to produce programming. City investment in EEC helps attract funding from other levels of government and organizations. The return includes significant community benefit and social impact, including celebrating Edmonton's cultural and industrial diversity, and continuing to connect Edmonton to agriculture and agri-tourism and attracting rural visitors.

3) **MARKETING AND BRAND:** Destination development and marketing does not produce revenue directly to EEC but drives significant economic impact for Edmonton's visitor economy by attracting visitors, filling hotel rooms and sustaining

cultural and hospitality businesses. This programming stream drives revenue and profit for others.

Through events alone, EEC generates more than \$200 million annually in directly attributable economic impact and that number will continue to rise as the visitor economy recovers and expands. Over the next four years, EEC forecasts to achieve a direct economic impact of approximately \$800 million and support 700 jobs per year.

EEC drives significant impact through the visitor economy to overall economic health and quality of life to citizens. Tourists are investors in the city’s hospitality businesses, cultural, arts and sports events and venues. The dollars that tourists and conference attendees spend in the city sustain many of the community assets that contribute substantially to citizens’ own quality of life. Beyond just the dollars and cents, the sports, cultural and business events that EEC attracts, the regional, national and international marketing and Edmonton brand positioning, as well as community events hosted in EEC’s facilities have a major impact on Edmonton’s reputation, sense of place and quality of life.

What are the Results to be Achieved?

EEC strives to achieve the following results:

- Economic impact of approximately \$800 million over a 4-year period and over 700 jobs supported each year.
- Reduction in GHG Emissions (over 4K mtCO2e).
- EDI targets that will support EEC in becoming a more equitable, diverse and inclusive organization.
- Stakeholder satisfaction/NPS (net promoter score) results aligned with the value EEC creates for its partners.
- Social and community benefits that provide value to Edmontonians.

Branch - Public Library

Program - Edmonton Public Library
Title - Heritage Valley Expansion

Growth on Existing Services
Unfunded
Ongoing
Audit Related: No

Description

As customer demand continues to grow, EPL will expand our existing Heritage Valley location from 3,013 sq. ft. to approximately 10,000 sq. ft. by leasing additional space within the current location managed by Allard Property Management. The expansion will allow EPL to provide full library service that includes library materials to meet customer demand, more public computer stations and added study space. The expanded space will also allow for a makerspace to support digital literacy and making and creating opportunities and a program room for library programs, meeting community need and demand for early literacy programming, enrichment, and recreation. This service package is partially funded through reallocation of funding within EPL.

Which Priorities does this Help to Advance?

This funding will allow EPL to increase existing services (e.g., expand library collections, public computer access and early literacy, school-aged and adult programming) and provide valuable library services that are presently limited due to capacity constraints for Edmontonians living in the extreme southwest (e.g., study space for students, makerspace, and program room to offer classes and events). Projected costs include staffing, lease and building operation costs. One-time costs such as leasehold improvements and fit ups will be funded through EPL's reserves.

The relocation and expansion of the Heritage Valley Branch of the Edmonton Public Library aligns with the City Plan which supports economic equity to patrons to ensure Edmontonians will have access to safe, welcoming places to socialize, be creative, play, learn, and participate in library services and programs. The Edmonton Public Library is guided by its community-led service framework to remove barriers to accessing library services. The Library's fundamental value is non-judgmental access to library services and resources for Edmontonians from all backgrounds.

What is the Impact?

This funding will allow EPL to increase existing services (e.g., expand library collections, public computer access and literacy programming) and provide valuable library services that are presently limited due to capacity constraints for Edmontonians living in the extreme southwest (e.g., study space for students, makerspace, and program room to offer classes and events). The expansion of the Heritage Valley Branch of the Edmonton Public Library aligns with the City Plan which supports economic equity to patrons to ensure Edmontonians will have access to safe, welcoming places to socialize, be creative, play, learn, and participate in library services and programs. The Edmonton Public Library is guided by its community-led service framework to remove barriers to accessing library services. The Library's fundamental value is non-judgmental access to library services and resources for Edmontonians from all backgrounds.

What are the Results to be Achieved?

EPL's eplGO Heritage Valley location operates from a small 3,013 sq. ft. kiosk storefront in southwest Edmonton. Since opening in 2018, customer demand for library services has outpaced the capacity of the space, and by comparison to other locations, its activity metrics outperform small branches and some of our medium branches. To meet customer demands, EPL proposes expanding our present space within the current storefront location so that we can increase existing services (e.g., expand library collections and of public computers) and provide valuable library services that are presently unavailable to Edmontonians living in the extreme southwest (e.g., study space for students, makerspace and program room to offer classes and events).

Integrated Service Package - Parks and Roads Services

Program - Infrastructure Operations
Title - Temporary and Seasonal Workforce Review -
Recalibrating the Workforce

Growth on Existing Services
Unfunded
Ongoing
Audit Related: No

Description

After analyzing 5,000 temporary assignments through the Temporary and Seasonal Workforce Review, this service package will fund the conversion of 264 temporary assignments into 151 permanent positions. This would result in the City converting a total of 483 temporary assignments to 331 permanent positions and create a more stable workforce and a better employee experience. The additional cost is mainly to provide benefits and pension to staff.

Which Priorities does this Help to Advance?

This service package advances the work of recalibrating the temporary workforce that administration presented to Council in October 2022. This will help improve frontline services such as community safety and wellbeing, transit, and mobility network maintenance by creating additional capacity, a more stable workforce, and a better employee experience for longstanding employees.

What is the Impact?

More permanent positions will help stabilize the City's workforce and improve frontline services such as snow and ice maintenance, roadway maintenance, encampment cleanup, waste collection, light rail vehicle cleaning, and community programming. This will also improve union relationships and employee experience by providing more permanent opportunities for staff. Permanent staff are eligible for health benefits and pensionable service.

What are the Results to be Achieved?

The City's temporary and seasonal workforce will be aligned to the operational requirements of the work leading to improved service delivery and employee experience. This will also reduce administration or recruitment and training and create additional capacity for the City to dedicate more hours to frontline services. Temporary employees that have been made permanent will receive benefits and have pensionable service.

Integrated Service Package - Community Standards and Neighbourhoods

Program - Enforcement and Program Services
Title - Core Encampment and Unsheltered Homelessness Response

Growth on Existing Services
Unfunded
Ongoing
Audit Related: No

Description

Answering encampment complaints is a significant component of Administration's response to homelessness. The resources required to address encampments, including clean-ups, has not kept pace with increased demand. In an effort to meet core service levels, Administration is seeking a total of 36 FTE and operating costs to provide enforcement, encampment clean-up, a hygiene hub and preparation for possible shigella outbreaks in 2024.

Which Priorities does this Help to Advance?

The core encampment and unsheltered homelessness response service package supports: the corporate objective of Serving Edmontonians, ConnectEdmonton's Healthy City - Inclusive and Compassionate, Community Safety and Well-Being, and Public Safety. The internal supports for data analysis, peace officer training and a business operations analyst support enabling service.

What is the Impact?

Edmontonians will receive the target and timely response to their complaints through additional homeless camp clean-up resources which will assist with meeting service levels. Additionally, the homeless population will continue to receive the hygiene hub services at one location and employees will experience a relief from the current state of six peace officers responding to over 9000 complaints (more than 1500 per officer) during the year.

What are the Results to be Achieved?

Results include re-establishing a response time service standard of 3-5 days between complaint submission and investigation. Additionally, a reduction of complaints in the queue for the High Risk Encampment Response Team, expedition of clean up for closed encampments, and increased hygiene opportunities for encampment occupants are expected.

Integrated Service Package - Social Development

Program - Affordable Housing and Homelessness
Title - Enhanced Encampment and Unsheltered
Homelessness Response

Growth on Existing Services
Unfunded
Ongoing
Audit Related: No

Description

To keep pace with the demand for encampment response services and maintain a balance between public safety and social support, resources are required to: increase outreach capacity; modernize data systems; improve coordination efforts; expand park restoration; mitigate risks associated with encampments, and enhance services to unsheltered people, including access to dedicated bridge housing spaces, additional hygiene hubs, and peer support.

Which Priorities does this Help to Advance?

This advances two priorities:

- 1) Community Safety and Well Being, by improving access for the most vulnerable to critical social infrastructure and services, such as outreach, hygiene hubs, peer support, and to other essential health and social service providers through prototyping
- 2) Housing priority, by providing bridge housing spaces specifically for unsheltered people, with direct pathways to permanent housing embedded.

What is the Impact?

Ensuring a balance in the two core outcomes of this work: that people experiencing unsheltered homelessness have clear, consistent, and rapid connections to housing; and that encampments do not diminish public safety.

GBA+ analysis: over 3,100 individuals are on the By Name List. Despite making up only 5 per cent of Edmonton's population, 57 per cent of those experiencing homelessness are Indigenous, while 45 per cent identify as female.

What are the Results to be Achieved?

Street Outreach better keeps pace with additional referrals from an expanded Park Ranger team.
 Dedicated bridge housing helps compensate for inadequate shelter capacity and augments housing outcomes.
 Improved data collection/sharing/analysis and overall coordination between encampment response partners.
 Proactive mitigation of risks associated with encampments through peer support teams.
 Improved park restoration and fewer related complaints.

Branch - GEF Seniors Housing

**Program - Greater Edmonton Foundation
Title - GEF Seniors Housing - Social Housing
- Lodge Staffing Increase**

**New or Enhanced Service
Unfunded
Ongoing
Audit Related: No**

Description

The Lodge program for seniors is faced with increasing operating pressures resulting from significant changes in the needs of clients and service standards requirements. We have reviewed the staffing model of the Lodge program to be able to effectively respond to clients' increasing service needs. The funding will offset GEF's increase in required Housekeeping, Food Services, Reception, and Activity & Wellness FTE positions (46.0) going forward.

Which Priorities does this Help to Advance?

It advances the community safety and well-being priority of the City by helping seniors remain in their community and facilitate them doing so safely. It enables seniors who do not require or benefit from additional non-care supports to remain independent and engaged members of the community in which they live for longer periods of time. The staffing increase will positively impact clients' well-being by providing necessary and timely supports.

What is the Impact?

Impacts:

1. More appropriate and timely service to clients. Service that is more responsive in addressing Senior's needs while respecting their need to age in a place that is dignified and meaningful.
2. Improved client safety and well-being by having increased staff presence to respond to their increasing support needs.
3. Safer workplaces for staff based on the impact the changing needs of clients is having on their work life and well-being.

What are the Results to be Achieved?

To positively support the City of Edmonton's Affordable Housing Strategy and Affordable Housing Investment Plan, where GEF supports the housing spectrum by providing housing and services to vulnerable seniors that enable them to age in place in less restrictive, non-medical environments. Key performance measures/outcomes are the annual occupancy rates (currently 94%), client experience survey results, and employee Lost-time incidents.

Branch - Social Development

Program - Indigenous Relations
Title - Capacity Funding and Positions for Indigenous MOU Partners

New or Enhanced Service
Unfunded
Multi-Year
Audit Related: No

Description

This service package proposes ongoing funding for two municipal (city) liaison positions for the Confederacy of Treaty Six First Nations and Métis Nation of Alberta (City MOU partners) as an act of commitment to the Truth and Reconciliation Commission (TRC) Calls to Action and continued relationship building, partnership and collaboration towards common goals and priorities.

Which Priorities does this Help to Advance?

This is an example of systems change that provides resources to our Indigenous MOU Partners so that we are able to work together to advance commitments made in our MOU partnership agreements, strategies such as the Urban Reserve Strategy, the Community Safety & Wellbeing Strategy, Indigenous Affordable Housing Strategy, and the TRC Municipal Response Plan and Missing and Murdered Indigenous Women and Girls (MMIWG) and 2SLGBTQQIA Action Plan.

What is the Impact?

Due to increasing prioritization and commitment to respond to the TRC Calls to Action, increased partnership and collaboration with MOU partners will be critical but capacity is limited due to competing needs and priorities that the partners are already responding to in their communities. These positions will relieve some of that pressure and allow for the City and our partners to continue to work together collaboratively.

What are the Results to be Achieved?

As a result of this investment, our partnerships will be able to achieve more positive outcomes for Urban Indigenous communities and First Nation and Métis Nation initiatives in the City by increasing the capacity of two of our partners to work more closely with the City of Edmonton to achieve common goals, priorities and complete projects.

Integrated Service Package - Edmonton Transit Service

Program - Bus and LRT
Title - Metro to Blatchford - Base

Operating Impacts of Capital Unfunded Ongoing Audit Related: No

Description

The Metro Line NAIT to Blatchford extension is one of the priority LRT projects identified in the City Plan. The service package funds the operation of the new permanent NAIT station and Blatchford Gate station starting in 2024. Costs include LRT operations; track, station, catenary and substation maintenance; safety and security; supporting fleet; landscaping; NAIT plaza maintenance; and utility costs.

Which Priorities does this Help to Advance?

Mobility Network: The project expands the mobility network by advancing the LRT corridors prioritized in the City Plan.

District Planning: The project encourages transit-oriented development, supporting density around LRT station areas and helps catalyze further development the Blatchford area.

Energy Transition & Climate Action: The project supports mode shift, reducing the city's GHG emissions by lowering the use of single-occupant vehicles.

What is the Impact?

Impact on Citizens: The Metro Line to Blatchford extension expands the LRT network to Northwest Edmonton for the first time, providing greater LRT access to community members in the north and northwest areas of Edmonton.

GBA+: The LRT extension will provide more convenient, faster transit options for low-income populations, seniors, people with disabilities and youth in the Northwest. The project is one of six LRT projects designed and planned in consultation with Indigenous communities.

What are the Results to be Achieved?

The project expands the LRT network with an aim to attract new riders and sustain existing riders by enhancing the transit experience and conveniently connects communities to all the services and amenities they need to improve their quality of life. The project supports the City's initiatives to create neighbourhoods that are livable, pedestrian-friendly environments and achieve environmental targets by increasing transit usage.

Integrated Service Package - Metro to Blatchford - Base

For all other projects *	\$270.00	\$270.00	\$275.00	\$280.00	\$285.00
Unmetered Construction Water Fee - per \$1,000 of Construction Value	\$0.44	\$0.44	\$0.44	\$0.44	\$0.44
Unmetered Construction Water Fee - Maximum Per Project Fee	\$625.00	\$625.00	\$625.00	\$625.00	\$625.00
Non-refundable Administrative Fee (or 20%), for permit work not yet started	\$114.00	\$115.00	\$115.00	\$120.00	\$120.00
Reactivation of an expired permit - fee of one half the original permit fee but not less than the minimum fee for that permit type.					

<u>Pre-Application Meeting ^^^</u>					
Commercial Building Permits - Commercial, Industrial, Institutional, Mixed Use and Multi-dwelling (over 5 units and/or multi-building residential construction sites) Building Applications	\$459.00	\$460.00	\$470.00	\$480.00	\$490.00
<u>After Hours Inspections #</u>					
Up to three hours including travel time when commenced out of business hours	\$539.00	\$540.00	\$550.00	\$560.00	\$575.00
Each additional half hour or part thereof	N/A	\$90.00	\$92.00	\$94.00	\$96.00
<u>Festivals and Special Events ##</u>					
First hour of inspection	Standard commercial and trade minimum fee per schedule above				
Each additional half hour or part thereof	N/A	\$90.00	\$92.00	\$94.00	\$96.00
Notes					
Safety Codes Fee is applicable to Building Permits, Gas Permits, Temporary Gas Permits, Plumbing Permits, HVAC Permits, Sewer Permits and Electrical Permits. It is 4% of each individual permit fee, with a minimum of \$4.50 and a maximum of \$560 per permit.					
Construction Value means the value of the construction of an undertaking as determined by the City Manager.					
Combined Building Mechanical Permit Fee means a single fee payable for all of the following permits for an undertaking: a building permit, a gas permit, a heating, ventilating and air-conditioning permit, and a plumbing permit.					
Electrical Installation Cost means the cost of the materials and labour to install a particular electrical undertaking.					
Floor Area is used as a denominator in determining the "cost per square foot" value. We have adopted the Canadian Institute of Quantity Surveyors' definition of Floor Area which dictates:					
<ol style="list-style-type: none"> 1. Measure each floor to the outer face of the external walls; 2. No deductions for openings at stairs, elevators or vertical ducts are made; 3. A deduction is made for a non-service vertical protrusion, e.g., atrium space; 4. Mezzanine floors are generally included; 					

- 5. Balconies are excluded; enclosed solariums in residential condominiums are included;
- 6. Sloping and stepped floors (auditoriums/movie theatres) are measured flat; and,
- 7. Exclude all external covered walkways

If a permit is extended or reactivated, the fee payable for the permit is one-half of the amount required for a new permit for such a project, provided no changes have been made or proposed to what was originally approved.

* If a re-examination of revised plans involves an increase in:
 - construction value of more than \$25,000, or
 - total floor area of the project,
 then permit fees will be adjusted according to the prevailing fee schedule.

** may be subject to GST per the Fire Rescue Service Bylaw 15309. The amount listed as of January 1, 2023. Please refer to the bylaw for the most updated to date.

^ Includes multi-unit Garden Suite.

^^ House Wiring Permit Fees are based on the Floor Area of the House.

^^^ subject to GST.

Business hours are 8:00 AM - 4:30 PM on weekdays. Inspections requested outside of that time (evenings, weekends and statutory holidays) are subject to the charges listed.

Festivals and Special Events are charged standard commercial and trade minimum fee which includes permit review, permit issue and up to an hour on-site inspection. Each additional half hour or part thereof when inspection occurs are charged at the rate listed.

* The Subdivision Officer and Director of Planning Coordination may reduce or waive Land Development Application Fees, including any additional fees, where payment of the fee will result in a hardship or an inequity.					
**as per Bylaw 15414, FAR: Floor Area Ratio means the numerical value of the Floor Area of the building or structure relative to the Site upon which it is located, excluding:					
A. Basement areas used exclusively for storage or service to the building, or as a Secondary Suite;					
B. Parking Areas below ground level;					
C. Walkways required by the Development Officer;					

- D. Floor Areas devoted exclusively to mechanical or electrical equipment servicing the development, divided by the area of the Site; and
- E. indoor Common Amenity Area, divided by the area of the Site.

^Area structure plan amendments application fee excludes amendments that are necessitated by an amendment to the Neighbourhood Structure Plan.

^^Applications for address changes are only permitted where the existing address is creating inherent confusion for the delivery of public services and the general public, or Emergency Response and Administration deem necessary.

^^^ subject to GST.

Urban Planning and Economy Department, Planning and Environment Services

(Note: As stated in the EPCOR Drainage Services Bylaw approved by Council on August 30th, commencing January 1, 2018 and for each subsequent year on that date the Sanitary Sewer Trunk Charge shall be adjusted in accordance with an adjustment notice provided by the City of Edmonton, as applicable. The EPCOR Sanitary Integrated Review Plan (SanIRP) is in progress and will be the main determining factor on infrastructure cost and revenue collection, therefore rates in subsequent years will be determined when the SanIRP is completed.)

Pre-Application Meeting ⁴	(Current)	(Proposed)	(Proposed)	(Proposed)
Major Development Permits - Non-Residential and Multi-Unit Residential (5 or more units), Cluster/Lodging/Supportive Housing	\$470.00	\$470.00	\$480.00	\$490.00
Minor Development Permits-New Infill Construction for Single Detached Housing, Semi Detached Housing, Duplex Housing, Backyard Housing and Row Houses (up to 4 principal units)	\$185.00	\$185.00	\$190.00	\$195.00
	2024 Fee	2024 Fee	2025 Fee	2026 Fee
Inspection Fees	(Current)	(Proposed)	(Proposed)	(Proposed)
<u>Development Permit Inspections ⁵</u>				
Residential Development Permits (excluding Row Housing, Stacked Row Housing, and Apartment Housing) for the first two inspections	\$220.00	N/A	N/A	N/A

	2024 Fee	2024 Fee	2025 Fee	2026 Fee
	(Current)	(Proposed)	(Proposed)	(Proposed)
Non-Residential developments and Residential developments with 5 or more Dwellings in Redeveloping Areas for the first two inspections	\$550.00	\$550.00	\$560.00	\$575.00
<u>Lot Grading Inspection Fee - Bylaw 18093</u>				
Single Detached and Semi-Detached Housing (per dwelling unit)	\$155.00	\$155.00	\$160.00	\$160.00
Multi-Family housing (per building)	\$470.00	\$480.00	\$490.00	\$500.00
Each Additional Multi-unit Housing dwelling above the first 4 units on the first level	\$62.00	\$63.00	\$64.00	\$65.00
Any other land use - Minimum fee per building, addition to building or alterations of surface drainage	\$470.00	\$480.00	\$490.00	\$500.00
Re-inspection	\$165.00	\$170.00	\$175.00	\$180.00

This table reflects only the fees associated with the Zoning Bylaw 12800 and the Drainage Bylaw 18093. All other fees, such as those relating to Safety Code Permits or the Business Licence Bylaw 20002 are found on other fee schedules.

¹ The Development Planner may reduce or waive Development Permit Fees, including any additional fees, where payment of the fee will result in hardship or inequity.

² a) Residential property is defined as three or less self-contained dwelling units located on one site that is used for residential purposes. b) Non-Residential property is defined as, but not limited to, a Multi-Unit Housing, commercial or industrial property.

³ The Re-inspection Fee of \$165 would apply after the first two inspections as per Lot Grading Fee Bylaw 18093. Up to two Development Permit may be undertaken as part of the Development Permit Fees for New Residential Dwellings.

⁴ subject to GST.

⁵ Small scale residential Development Permit Inspection Fees are included in the Development Permit fee.

Additional Land Development Fees				
Notification and Engagement Fee per component (ie Rezoning, Plan Amendment, Road Closure)	\$1,585.00	\$1,585.00	\$1,620.00	\$1,650.00
Re-notification Fee (per label)	\$3.50	\$3.50	\$3.50	\$3.50
Notes for Rezoning Application Fees				
a) A base rate and area rate are both charged per proposed category - see example below.				

b) Site area is based on the boundary of the proposed zone.
c) If an application has proposed zones in the same category, the proposed category will be charged.
d) Rezoning applications are subject to a notification and engagement fee component.
e) The applicant shall pay the difference in fees, prior to third reading of the amending Bylaw, for any application resulting in a Zone in a higher fee category than that initially applied for, whether the application was amended by the applicant, the Development Services, or City Council. If the resulting Zone is in a lower fee category, no refund shall be made.
f) Proposed Height (h) Modifiers under RSM, RM and RL zones shall be charged their respective category base fee and area rates.
g) Direct Control Types are characterized as follows:
Administrative: A standard zone is being converted to a DC for a minor technical reason (i.e. minor numerical changes to regulations, removal of uses from a standard zone), minor amendments to an approved DC zone.
Minor: Changes to the character of the site that do not significantly change the intensity of the use.
- Resembles a standard zone with minor changes to uses that change the character of the zone
- Addition or changes to regulation(s) from Standard Zone.
- No increase in FAR from existing zoning.
- Only "architectural" changes to height that do not result in additional floor area.
Major:
- Significant changes to the character and intensity of uses. (i.e. commercial, residential and mixed use towers, adding residential uses to commercial site or non-residential uses to residential site, large-site rezonings)
- Increase 2 or more of FAR/height/density
- Major additions of uses from previous standard zone or DC
- Major changes or additions of regulations from standard zone or DC
- Application requires comprehensive site planning supported by technical studies

Example Rezoning Application:
From (AG)
To (RM) @ 4.0 ha, (CG) @ 3.0 ha, and (MU) 5.0 FAR @ 4,500 sqm

Description (Category)(Zone) (area (ha) or Buildable Area (sqm) as appropriate)	(A) Base Fee	(B) Area (ha or sqm)	(C) Area Rate (per ha or sqm)	(D) Area Rate Fee (B x C)	(E) Sub total (A + D)
Medium Scale Residential Category (RM Zoning) @ 4.0 ha	\$2,535.00	4.0 ha	\$235.00/ha	\$940.00	\$3,475.00
Large Scale Commercial/Mixed Use (CG) @ 3.0 ha	\$4,680.00	3.0 ha	\$650.00/ha	\$1,950.00	\$6,630.00
MU - FAR Modifier, 5.0 FAR @ 4,500 sqm Site	\$4,680.00	22,500 sqm (FAR x Site Area)	\$0.30/sqm	\$6,750.00	\$11,430.00
			Total Rezoning Fees		\$37,507.00

Reserve Funds - Definitions

Reserve Fund	Responsibility Area and Description
Affordable Housing	Community Services - Social Development
To assist the Social Development branch in delivering Affordable Housing units as outlined in the Council approved "Road Map" for Affordable Housing Investment Plan implementation. Due to the unpredictable spending pattern of expenditures and involvement of other orders of government, this reserve permits unexpended funds to be retained and applied to support future funding requirements. No interest earnings are applied to this reserve. Allowable transfers to and from the reserve must be in line with the Affordable Housing Investment Plan program.	
Brownfield Redevelopment	Urban Planning and Economy - Economic Investment Services
To facilitate implementation of City Policy <i>C571 Brownfield Remediation and Redevelopment Support</i> , the Brownfield Redevelopment Reserve was established with approval by Council on December 15, 2015. The reserve accumulated timing differences between recognition of the City's liability (expense) to provide funds to the grant applicant for Phase III redevelopment work and receipt of future municipal tax uplift from the redevelopment to pay back the grant and related liability.	
On September 13, 2023, City Council approved to increase the scope of the Brownfield Redevelopment Reserve to include the Phase I, II and IV grant programs as well. It may take several years for applicants to complete remediation and redevelopment work, and to fulfill the criteria of the Grant Funding Agreement for Phase I, II, and IV grants. The grants are only provided once the applicant has fulfilled all the criteria of the Grant Funding Agreement. This may result in a delay between when the grant and related budget are approved and when the grant is actually distributed to the applicant. The approved change would have the reserve accumulate any timing differences between when applicants enter a Grant Funding Agreement and the budget is approved and when they fulfill the criteria for grant payment. Allowable transfers to and from the reserve must be in line with the City Policy <i>C571 Brownfield Remediation and Redevelopment Support</i> .	
City of Edmonton Library Board	Boards and Authorities - Public Library
Reserves for future expenditures relating to Library Operations include amounts set aside by the Library Board for specific purposes. This will include amounts for Library facility projects and other major projects. No interest is applied to this reserve.	
Commercial Revitalization	Urban Planning and Economy - Economic Investment Services
The purpose of the Commercial Revitalization reserve is to accommodate the timing differences between tax-levy funding for three commercial revitalization programs and the distribution of grants to eligible applicants. The three commercial revitalization programs (Development Incentive, Storefront Improvement, and Corner Store) provide a complementary set of tools to support commercial revitalization and main street vibrancy across targeted areas of the City. The programs also support City Council's strategic goal of Urban Places, as identified in ConnectEdmonton: Edmonton's Strategic Plan. Allowable transfers to and from the reserve must be in line with the City Policies <i>C216C Storefront Improvement Program</i> , <i>C533C Development Incentive Program</i> , and <i>C616 Corner Store Program Policy</i> .	
Commonwealth Stadium	Community Services - Community Recreation and Culture
Approved in 1995 and established with \$750,000 from the original Vehicle Equipment Reserve as a result of the agreement between the City of Edmonton and the Edmonton Eskimo Football Club for the operation of the Commonwealth Stadium on an entrepreneurial basis. Annually \$200,000 of tax-levy funding is allocated to the reserve for development of new revenue, marketing strategies or capital programs. The City's portion of concession earnings are held in this reserve for capital concession capital projects. Effective January 1, 2007, 15 per cent of net concession revenues from City events or co-sponsored events is contributed by the Eskimos annually to the reserve for replacement of concession equipment. Interest earnings are applied to this reserve.	
Community Revitalization Levy - Belvedere	Urban Planning and Economy - Belvedere Community Revitalization Levy
The purpose of the CRL reserves is to capture timing differences between program operating costs, incremental tax-levy increases and land sales. Belvedere CRL (Station Pointe) is financed through borrowing Bylaw 14883 which was passed in 2008 that enabled the City to undertake infrastructure improvements and land development along Fort Road. In January 2012, Bylaw 15932 was passed to allow for the Belvedere CRL to fund this project. The accumulated net deficit balance is due to timing difference between program operating costs (including debt servicing) and incremental tax-levy revenues and land sales. The deficit will be repaid from future CRL revenues and net proceeds from sale of land. The assessment baseline for the CRL is December 31, 2012. The CRL can remain in place for up to a maximum of 20 years from 2013 to 2032.	

Reserve Funds - Definitions

Reserve Fund	Responsibility Area and Description
Community Revitalization Levy - Downtown	Urban Planning and Economy - Capital City Downtown Community Revitalization Levy
<p>The purpose of the CRL reserves is to capture timing differences between program operating costs and incremental tax-levy increases. Council approved a boundary for the Capital City Downtown CRL on March 5, 2013. The Province approved the CRL regulation on July 25, 2013, and Council approved the CRL Plan and Bylaw 16521 on September 17, 2013. The Province gave final approval of the CRL bylaw on April 16, 2014. The accumulated net deficit balance is due to timing difference between program operating costs (including debt servicing) and incremental tax-levy revenues. The deficit will be repaid from future CRL revenues. The assessment baseline for the CRL is December 31, 2014. The CRL can remain in place for up to a maximum of 20 years from 2015 to 2034.</p>	
Community Revitalization Levy - Quarters	Urban Planning and Economy - Quarters Community Revitalization Levy
<p>The purpose of the CRL reserves is to capture timing differences between program operating costs and incremental tax-levy increases. City Council approved Bylaw 15800, Schedule "A" - The Quarters Downtown CRL Plan on June 22, 2011. Quarters CRL is financed through borrowing Bylaw 15977 which was passed on January 18, 2012 that enabled the City to undertake infrastructure improvements and land development. The accumulated net deficit balance is due to timing difference between program operating costs (including debt servicing) and incremental tax-levy revenues. The deficit will be repaid from future CRL revenues. The assessment baseline for the CRL is December 31, 2011. The CRL can remain in place for up to a maximum of 20 years from 2012 to 2031.</p>	
Community Safety and Well Being	Corporate Expenditures & Revenues and Community Services - Social Development
<p>The intent of Community Safety and Well-Being (CSWB) Strategy is to advance seven Council-approved pillars of action to address the root causes of complex social challenges. CSWB initiatives are assessed for impact according to Council-approved pillars: (Anti-Racism, Reconciliation, Well-Being, Safe and Inclusive Spaces, Pathways In and Out of Poverty, Crime Prevention and Crisis Intervention, Equitable Policies, Procedures and Guidelines), guiding principles and outcomes.</p> <p>The CSWB Reserve permits unexpended funds to be retained and applied to support future funding requirements in alignment with the Community Safety and Well-Being Strategy.</p>	
Developer Recoveries	City Operations - Parks & Roads Services and Other Tax-Supported Branches
<p>Fees collected from external developers, for developments where the City was the initial developer, will be transferred to the reserve and allowable transfers from the reserve will be to fund future ARA recoverable capital projects as approved by City Council through the capital budget process. Interest earnings would be applied to this reserve as it is intended to maintain future capital purchasing power.</p>	
Edmonton Police Service	Boards and Authorities - Edmonton Police Service
<p>Established June 26, 2018 and governed by City Policy <i>C605 Edmonton Police Service Reserve</i>. The reserve is established to manage operational surpluses and deficits of the Edmonton Police Service over time.</p>	
Financial Stabilization	Corporate Expenditures & Revenues
<p>The Financial Stabilization Reserve (FSR) was established in 1997 to provide flexibility in addressing financial risks associated with revenue instability and unforeseen costs on a transitional basis, and to ensure the orderly provision of services to citizens. As per City Policy <i>C217D Reserve and Equity Accounts</i>, a minimum balance of 5 per cent with a target balance of 8.3 per cent of current general government expenses (excluding non-cash amortization and gain or loss on disposal of capital assets) has been established. The source of funding for the FSR has generally been tax-supported operating surplus. No interest is applied to this reserve.</p>	
Financial Stabilization - Appropriated	Corporate Expenditures & Revenues and Other Tax-Supported Branches
<p>The Financial Stabilization Reserve (FSR) - Appropriated, tracks amounts that have been appropriated from the FSR for specific purposes in current or future years. No interest is applied to this reserve.</p>	

Reserve Funds - Definitions

Reserve Fund	Responsibility Area and Description
Fleet Services - Vehicle Replacement	City Operations - Fleet Services
This reserve was approved on October 14, 2009 and supports City Policy <i>C617 Fleet Replacement Reserve</i> which was approved on May 14, 2019. This reserve is used to fund the replacement of fleet assets that have reached their useful life. Fleet assets for Edmonton Transit, DATS, Waste, and Edmonton Police Services are excluded from the scope of this reserve. Funds to replenish the reserve come from fixed charges paid by tax-supported and utility operations.	
Fort Edmonton Train Maintenance	Boards and Authorities - Fort Edmonton Park
As a condition of an ongoing agreement between the City of Edmonton and the Fort Edmonton Historical Foundation, annually a maximum of \$5,000 from the Fort Edmonton operations is set aside in this reserve to fund major maintenance expenses of the steam railway system within the Park. Interest earnings are applied to the reserve.	
Funds in Lieu - Residential	Urban Planning and Economy - Planning and Environment Services
This reserve was approved in 1985 based on City Council's direction to separate the residential portion from the commercial/industrial portion in the Parkland Purchase Reserve. Funds received from developers and from the sale of parkland in residential areas is used to purchase and develop parkland in residential areas. The funds are generated as a result of the parkland dedication required in accordance with the Municipal Government Act (MGA) of up to 10 per cent. The MGA requires that such funds be used for "a public park, a public recreation area, school authority purposes, or to separate areas of land that are used for different purposes". The funds collected are restricted by City Policy <i>C468A Policy to Govern the Use of Funds from the Sale of Surplus School Sites</i> to usage within the same neighbourhood. Interest earnings are applied to the reserve.	
Heritage Resources	Urban Planning and Economy - Planning and Environment Services
The Heritage Resources Reserve supports City Policy <i>C450B Policy to Encourage the Designation and Rehabilitation of Municipal Historic Resources in Edmonton</i> . This policy sets process for the designation of historically significant structures and the payment of required compensation such as grants, tax cancellation, rebate of property taxes, or a payment equal to the value of the amount of taxes payable on the designated historic building and substantial rehabilitation. This reserve also provides funding for maintenance grants, promoting heritage, and special heritage projects including limited demonstrative restoration projects. Annually, an amount is approved in the operating budget for this program and unspent funds are transferred into the reserve at the end of the year. Conversely, if there is a deficit in the program, draws are made on the reserve. Allowable transfers to and from the reserve must be in line with City Policy <i>C450B Policy to Encourage the Designation and Rehabilitation of Municipal Historic Resources in Edmonton</i> . No interest earnings are applied to this reserve.	
Industrial Infrastructure Cost Sharing Program	Urban Planning and Economy - Development Services
The Industrial Infrastructure Cost Sharing Program is designed to assist in financing large municipal infrastructure in industrial areas and to ultimately encourage the servicing and development of industrial land which provides an increased tax assessment base, employment and other economic spinoffs.	
Interim Financing	Corporate Expenditures & Revenues and Real Estate
The Interim Financing Reserve was originally approved on November 19, 2014 and later amended on November 29, 2016. The purpose of the reserve is to accommodate timing differences between operating impacts of capital projects and related external funding sources and differences that arise between the timing of cash outflows (budget) and recognition of expenses (accounting) to ensure that the City can levy taxes in a manner that matches the cash outflow of the expenses. Reserve deficit balances will be repaid through external funding sources. No interest earnings are applied to this reserve.	
Local Improvement	Corporate Expenditures & Revenues
Approved at the October 31, 2012 City Council meeting, this reserve will accumulate the annual difference between local improvement revenues and debt servicing related to local improvements. Allowable transfers to the reserve relate to amounts placed on the tax roll to fund local improvement debt servicing, which will then be transferred out of the reserve as needed to service the debt used to fund local improvement projects. The local improvement will be approved in the capital budget as well as a bylaw. No interest earnings are applied to this reserve.	

Reserve Funds - Definitions

Reserve Fund	Responsibility Area and Description
LRT	<p>LRT Expansion and Renewal and Edmonton Transit Service</p> <p>An annual funding level of \$5.0 million is provided from tax-levy and is used to cover any deficiency of the Federal Gas Tax Fund over SLRT debt charges annually with any residual added to the reserve. Furthermore, a multi-year dedicated funding level is provided from tax-levy to support the construction and future operation of the new Valley Line LRT. Allowable transfers from the reserve are to be made available for funding city-wide LRT expansion and will be approved by Council through the operating and capital budget process. No interest earnings are applied to this reserve.</p>
Motor Vehicle Insurance	<p>Corporate Expenditures & Revenues and Legal Services</p> <p>This reserve was established to satisfy the requirements of the Superintendent of Insurance. The City self-insures its motor vehicle liability claims and maintains a commercial insurance policy for claims in excess of its retention. As a self insured entity, the City is required to obtain a financial responsibility card from the Superintendent of Insurance for ownership, operation and maintenance of city owned or its leased motor vehicles. To obtain a financial responsibility card, pursuant to Section 825, Part 7 of the Alberta Insurance Act, RSA 2000, Chapter 1-3, the Corporation must maintain a separate insurance fund designated for the sole purpose of satisfying therefrom all Motor Vehicle Liability claims arising from bodily injury to or death of any person, or damage to property of others occasioned by, or arising out of the ownership, maintenance, operation or use of all vehicles owned by, operated by or leased to the City of Edmonton or any entity, owned in whole or in part by the City of Edmonton. The amount of \$2.5 million, in addition to the amount set aside to satisfy third party auto liability and accident benefit claims is the current approved requirement. Since the City records an ongoing liability for claim estimates and pays out of the annual budget set aside for these claims, the established limit in the reserve has remained stable. The reserve balance is invested in the Balanced Fund. Interest earnings on the investments form part of the corporate investment earnings budget.</p>
Natural Areas	<p>Urban Planning and Economy - Planning and Environment Services</p> <p>Approved March 2, 1999, the Natural Areas reserve was established to facilitate the acquisition and conservation of environmentally sensitive natural areas, as per City Policy <i>C531 Natural Area Systems</i>. Bylaw 15164, approved July 22, 2009 expanded the purpose of the reserve to facilitate the repayment of debt incurred in the purchase of natural areas. The expected source of funding is \$1 million transferred annually from tax levy through the budget process. Allowable transfers to and from the reserve must be in line with City Policy <i>C531 Natural Area Systems</i>. Interest earnings are applied to the reserve.</p>
Neighbourhood Renewal	<p>Building Great Neighbourhoods</p> <p>The Neighbourhood Renewal reserve will contain tax funding dedicated to the Neighbourhood Renewal Program net of annual expenditures, as approved through the annual City budget process, as per City Policy <i>C595A Neighbourhood Renewal Program</i>. No interest is applied to this reserve.</p>
Parkland Purchase	<p>Urban Planning and Economy - Planning and Environment Services</p> <p>The reserve receives funds from developer levies, the sale of municipal reserve lands in industrial and commercial areas, proceeds from the sale of municipal reserve land in the river valley communities (where land was originally purchased with Parkland Reserve funds) and money received from the rental of City property on park land. The Municipal Government Act (MGA) requires that such funds must be used for "a public park, a public recreation area, school authority purposes, or to separate areas of land that are used for different purposes". The funds collected can be used anywhere in the City for the required purposes. Interest earnings are applied to the reserve.</p>
Pay-As-You-Go Capital	<p>Corporate Expenditures & Revenues</p> <p>Pay-As-You-Go (PAYG) funding is largely made available from annual investment income, the Ed Tel Endowment Fund dividend, and property taxes. Annually the approved PAYG operating funds will be transferred to the reserve. Amounts will be transferred from the reserve to fund tax-supported operations (excluding Edmonton Police Services) capital projects as approved by City Council through the capital budget process. Over the capital budget cycle, total withdrawals from the reserve cannot exceed total available funding. In order to provide the necessary flexibility in the use of PAYG funds to manage the general government operations capital program, in any year of the current capital budget cycle funds may be withdrawn from the reserve in excess of available funding. At the end of the capital budget cycle, the reserve must be in a surplus or balanced position. Sufficient PAYG funds need to be available in the current capital budget cycle to fund the total cost of approved capital projects to be funded with PAYG, including those costs with cash flows extending beyond the current capital budget cycle. Proceeds from the sale of capital assets paid for with PAYG funds are to be transferred to the reserve to be used to fund future capital projects.</p>

Reserve Funds - Definitions

Reserve Fund	Responsibility Area and Description
Pay-As-You-Go Capital - Edmonton Police Service	Boards and Authorities - Edmonton Police Service
Pay-As-You-Go (PAYG) funding for Edmonton Police Services comprises property taxes. Annually the approved PAYG operating funds will be transferred to the reserve. Amounts will be transferred from the reserve to fund Edmonton Police Services capital projects as approved by City Council through the capital budget process. Over the capital budget cycle, total withdrawals from the reserve cannot exceed total available funding. In order to provide the necessary flexibility in the use of PAYG funds to manage the Edmonton Police Services capital program, in any year of the current capital budget cycle funds may be withdrawn from the reserve in excess of available funding. At the end of the capital budget cycle, the reserve must be in a surplus or balanced position. Sufficient PAYG funds need to be available in the current capital budget cycle to fund the total cost of approved capital projects to be funded with PAYG, including those costs with cash flows extending beyond the current capital budget cycle. Proceeds from the sale of capital assets paid for with PAYG funds are to be transferred to the reserve to be used to fund future capital projects.	
Perpetual Care	Community Services - Community Recreation and Culture
The Perpetual Care Reserve is used for preservation, improvement, embellishment, and maintenance in perpetuity of the municipal cemeteries. 25 per cent of specific cemetery revenue is applied to the reserve at the time revenue is recognized. Investment earnings on the fund balance are redirected back to the reserve.	
Planning and Development	Urban Planning and Economy - Development Services
Approved by Council on November 27, 2018 as part of Council Policy C610 - <i>Fiscal Policy for the Planning and Development Business</i> . The purpose of the reserve is to manage the long term fiscal sustainability of the Planning and Development Business. The balance in the reserve represents the appropriated accumulated surplus of the Planning and Development Business over time. This reserve is only intended to stabilize the Planning and Development Business over long periods of time and is not to support any other activities, including tax-supported operations. The reserve has a minimum balance of 30 per cent of annual budgeted operating expenses for the Planning and Development Business, with a target balance of 75 per cent. No interest is applied to this reserve. This reserve replaces the previous Current Planning Reserve.	
Public Art	Integrated Infrastructure Services - Infrastructure Planning and Design
Art in public spaces is essential for integrating art, design and creative ideas into public life. City Administration partners with the Edmonton Arts Council to comprehensively and sustainably manage the City of Edmonton's public art program and collection. The City of Edmonton will annually fund a Public Art Reserve on a Pay-As-You-Go basis as approved by City Council through the operating budget.	
Revolving Industrial Servicing Fund	Urban Planning and Economy - Development Services
The purpose of this reserve is to facilitate implementation of City Policy C533A <i>Revolving Industrial Servicing Fund</i> . The City provides rebates to Front End Developers that undertake construction of cost shareable infrastructure. The City often borrows debt in order to provide these rebates. Front End Developers are eligible for a rebate providing they construct End-User Development that increases the taxable property assessment by \$10 million or more (excluding machinery and equipment). The source of funding for this reserve will be 50 per cent of the incremental property tax revenue from these End-User Developments and recoveries from subsequent developers attributable to the City, and these will be used to offset related debt servicing costs first. Additional recoveries shall be deposited into the reserve to fund future rebates. Interest earnings are applied to the reserve.	
Rogers Place Arena Capital	Corporate Expenditures & Revenues
The ticket surcharge agreement between the City of Edmonton and the Edmonton Arena Corporation identifies ticket surcharge revenues of \$375,000 per quarter (\$1.5 million annually) and will be transferred to the reserve quarterly. Allowable transfers from the reserve to fund capital repairs defined as City Costs and detailed in schedule B of the lease agreement with Edmonton Arena Corp. Interest earnings are applied to the reserve.	

Reserve Funds - Definitions

Reserve Fund	Responsibility Area and Description
Sanitary Servicing Strategy Fund	Urban Planning and Economy - Planning and Environment Services
<p>Fees collected by the City from developers and EPCOR Drainage will be transferred to the reserve, and withdrawals will be made to reimburse EPCOR Drainage for eligible capital design and construction costs as approved by the Sanitary Servicing Strategy Fund (SSSF) Oversight Committee. Transfers to and from the reserve will be approved by City Council annually through the operating budget, however actual reserve transfers may vary from the budget approved by City Council at the discretion of the SSSF Oversight Committee in order to appropriately manage major sanitary trunk projects. Annual transfers from the reserve for reimbursement of EPCOR Drainage project costs are limited to the available funding in the reserve, and as a result the reserve is not allowed to go into a deficit balance. Interest earnings would be applied to this reserve as it is intended to maintain future capital purchasing power.</p> <p>EPCOR Drainage capital design and construction costs must be related to major sanitary trunks to service growth within the city and in new development areas.</p>	
St. Francis Xavier	Community Services - Community Recreation and Culture
<p>Established August 5, 2011 as a condition of an on-going agreement with the City of Edmonton and the Edmonton Catholic School Board to fund life/cycle maintenance for the St. Francis Xavier Sports Centre. Tax-levy funding is approved annually in the amount of 78 per cent of annual estimated maintenance costs, to fund the City's portion of major life/cycle maintenance. Any funding timing differences for the year are applied to the reserve. Interest earnings are applied to this reserve.</p>	
Tax-Supported Debt	Corporate Expenditures & Revenues
<p>Approved on October 29, 2002 to accommodate timing differences between debt servicing requirements and receipt of taxes for the \$250 million 5 year program of tax-supported debt. As approved at the October 31, 2012 City Council meeting the purpose of the reserve was expanded to accommodate timing differences between debt servicing and receipt of taxes for all City tax-supported debt. A minimum balance of \$1.0 million is to be maintained and any unappropriated balance above this is made available to stabilize debt servicing costs within a year or to fund capital on a pay-as-you go basis. The minimum balance is to be used to manage any interest rate or cash flow fluctuations. No interest is applied to this reserve.</p>	
Traffic Safety and Automated Enforcement	Corporate Expenditures & Revenues and Parks & Roads Services
<p>Established November 26, 2014 and governed by City Policy <i>C579B Traffic Safety and Automated Enforcement Reserve</i>. The reserve is intended to accumulate surpluses (and fund shortfalls) that may arise from the variability of photo enforcement revenues, and transparently show budgeted allocations toward: a) The Office of Traffic Safety, b) Other traffic safety initiatives (operating and capital), and c) Community infrastructure programs such as, but not restricted to Community League Infrastructure Grant programs. The reserve will be funded from automated enforcement revenues and is to have a minimum balance of 5 per cent of automated enforcement revenue. Interest earnings are applied to this Reserve.</p>	
Tree Management	City Operations - Parks & Roads Services
<p>A requirement of City Policy <i>C456C Corporate Tree Management</i>. Funds are placed in the reserve to replace the trees and shrubbery with a view to protect the urban forest, upon removal in the course of construction or repairs to City-owned property. Funds are transferred out of the reserve to cover the operating costs incurred to replace trees and shrubbery.</p>	
Vehicle for Hire	Urban Planning and Economy - Development Services
<p>The reserve may be utilized for specified purposes as approved by City Council through the operating and capital budget process. Eligible program expenditures include initiatives that benefit the Vehicle for Hire service, such as enforcement services, including the purchase of vehicles to support enforcement needs. A program initiative that is to be funded from the reserve must be identified in the annual vehicle for hire program work plan, align with the City Plan and Connect Edmonton goals and objectives, and promote and advance passenger and public safety. Transfers from the reserve help stabilize resources across extended periods of time and offset annual program deficits. Transfers to the reserve come from annual program surpluses (the excess of program revenues which are comprised of license fees, accessibility surcharges and per trip fees, over program expenditures). Annual program surpluses are transferred to the reserve. No interest earnings are applied to this reserve.</p>	

**DEBT
SCHEDULE**
