Closed Recommendations

Since our last report (September 1, 2023) Administration has **closed 5 recommendations.**

Project Name	Department	Recommendation	Original Due Date	Closed Date
1. Enterprise Performance Management	Financial and Corporate Services	Rec 1 - Gather performance measurement data	September 30, 2023	September 13, 2023

On January 30, 2023, we recommended that the Service Innovation and Performance Branch work with each Department Strategy Section to gather and input performance measurement data in the enterprise performance management software.

The Branch launched a new internal enterprise data platform and created a user guide that covers the details of the system and the importance of performance management. The Branch also provided training to the Department Strategy Section directors on how to input and update measures into the system.

2. Safety Codes Permits and Inspection Services	Urban Planning and Economy	Rec 4 - Enhance performance measures	September 30, 2023	September 29, 2023
---	----------------------------	--------------------------------------	--------------------	--------------------

On October 3, 2022, we recommended that the Development Services Branch enhance its performance measures so they are reliable, understandable, comparable, and include measurable targets.

The Branch has developed a new *Quarterly Report* which includes key performance measures such as application processing times and customer satisfaction measures. The quarter two, 2023 report was published and available on the Branch's website on September 29, 2023. The *Quarterly Report* includes definitions, methodology, and targets for the performance measures.

3. Safety Codes Permits and Inspection Services	Urban Planning and Economy	Rec 5 - Improve efficiency for permit application and inspections	September 30, 2023	September 29, 2023
---	----------------------------	---	--------------------	--------------------

On October 3, 2022, we recommended that the Safety Codes Permits & Inspections (SCPI) review the permit application and inspection processes and implement a plan to improve efficiency.

The Branch has developed dashboards to measure and monitor application processing times to assist with ongoing improvement efforts as well as resource allocation across services. SCPI partnered with industry to improve the completeness of the permit application process. According to the dashboard, the percentage of complete applications has increased from 44 percent in 2022 to 46 percent in 2023 for single detached homes. As well, the updates to Standard Operating Procedures and transition of additional resources has reduced the queue times for single detached homes from 14 days to 7 days. To improve the ability to meet safety codes inspections, a second inspection contractor has been added in 2023 to assist with inspection volumes.

4.	Enterprise Performance Management	Financial and Corporate Services	Rec 2 - Monitor departments	September 30, 2023	October 4, 2023
----	-----------------------------------	----------------------------------	-----------------------------	--------------------	-----------------

On January 30, 2023, we recommended that the Service Innovation and Performance Branch monitor the departments' gathering and inputting of performance measurement data.

The Branch provided training to the Department Strategy Section directors that covered how and why the Branch will be monitoring compliance. The Branch also created a compliance requirement document that defines what they are monitoring and why. Finally, the Branch issued its first activity monitoring report that provides information on the number of performance measures that have been updated and have not been updated.

5.	Cyber Security Program	Financial and Corporate Services	Rec 6 - In private	December 31, 2023	November 9, 2023
----	------------------------	----------------------------------	--------------------	-------------------	------------------

Specific information related to this recommendation was not shared publicly due to *Freedom of Information and Protection of Privacy Act*. Some of the information could pose a risk to the City if malicious actors were made aware of it; as a result, any discussion related to this recommendation should be done in private.

Overdue Recommendations

There are four overdue recommendations.

No recommendations are **more than one year overdue**.

Four recommendations are **less than one year overdue**.

Project Name	Department	Recommendation	Months Overdue	Due date
1. Enforcement Services Management and Support	Community Services	Rec 1 - Develop performance measures	4	June 30, 2023 Revised due date: March 30, 2024

37. Cyber Security Program	Financial and Corporate Services	Rec 2 - In private	26	December 31, 2025
38. Cyber Security Program	Financial and Corporate Services	Rec 5 - In private	39	December 31, 2026
39. Capital Asset Management Audit	Integrated Infrastructure Services	Rec 2 - Guide development of Asset Management Plans	51	December 31, 2027

Recommendation Follow-Up Process

BACKGROUND

Establishing a follow-up process to monitor and ensure that Administration has effectively implemented audit recommendations is an essential part of an effective audit process. It allows Council, Administration, and the Office of the City Auditor to know that prior recommendations and the risks that led to those recommendations have been addressed.

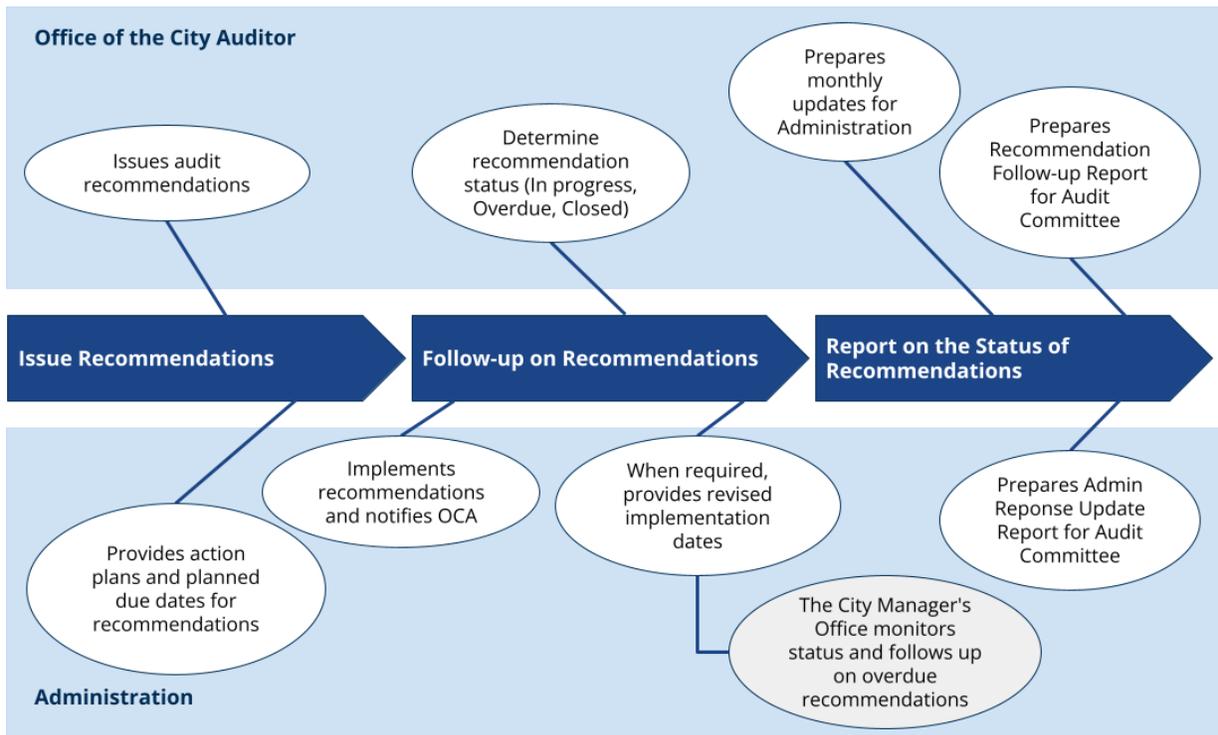

RECOMMENDATION FOLLOW-UP PROCESS

The Office of the City Auditor's follow-up process provides Council and the Administration with timely updates on commitments made in response to audit recommendations.

The recommendation follow-up process consists of three main activities:

1. Issuing recommendations
2. Following-up on recommendations
3. Reporting on the status of recommendations

The chart on the next page depicts the follow-up process and the roles of the Office of the City Auditor and Administration in the process.

REVISING ACTION PLANS AND DUE DATES

Administration sometimes needs to revise action plans and planned due dates as a result of unforeseen circumstances, such as competing priorities, changes in resources, and changes in industry requirements. We continue to track recommendation status based on the original due date, and provide the revised due date in this report.

CLOSING RECOMMENDATIONS

Once administration notifies us that they have implemented the recommendation, we interview appropriate business area staff and review documentation to evaluate administration's actions. We evaluate whether their actions have addressed the risks identified during the audit. We close the recommendation once Administration has met the intent of the recommendation.
