

January 5th, 2016

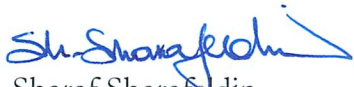

Dear Walter Trocenko:

The Muslim Association of Canada (MAC) would like to thank you and your staff for your continuous support in finding a school site for our kids. In the past few years, we have been working with Tim McCargar to identify a suitable school site that will meet our school's needs. Tim brought to us a future school site that will perfectly fit our needs. Evansdale site is almost a 3 acre site attached to a park field and will be a great location to construct a school with a gym and hall that the larger community will benefit from.

Please accept this letter as an expression of interest that the Muslim Association of Canada would like to pursue this opportunity to acquire Evansdale parcel to build a school. Your help in this matter is greatly appreciated.

We look forward to receiving your sales agreement. MAC is determined to play a role in making Edmonton a better place to live in.

Best Regards,

Sharaf Sharafeldin

Executive Director

Muslim Association of Canada
