

**EMS Response Prioritization System**

**\*Citation: EMS Response Prioritization System AHS Memorandum January 25, 2022**

All Medical events are assigned color code determinant and classification by the Alberta Health Services Emergency Medical Services Medical Directors.

<b>Purple</b>	Immediately life threatening (Cardiac / Respiratory arrest)
<b>Red</b>	Immediately life threatening or time critical
<b>Orange</b>	Urgent / Potentially serious but not immediately life threatening
<b>Yellow</b>	Non-urgent (Not serious or life threatening)
<b>Blue</b>	Non-urgent (Not serious or life threatening) – evaluation of alternative (non-EMS) response when available <b>** (to be introduced at a later date)</b>
