

Canora PSH Project Description

Project Lead	City of Edmonton
Neighborhood	Canora
Address	10111 - 154 Street NW
Priority Population	Individuals experiencing homelessness or at risk of homelessness.
Description	<p>The proposed development is one residential apartment building up to four storeys and consisting of 63 single resident occupancy units, nine of which are designed to be barrier-free.</p> <p>This site near the West Valley LRT line was purchased by the City in September 2021 with the intent of developing supportive housing. The zoning on the site at the time of purchase aligns to a prospective development. As no rezoning was undertaken for this site, no community engagement has occurred to date.</p>
