Overview of Plan

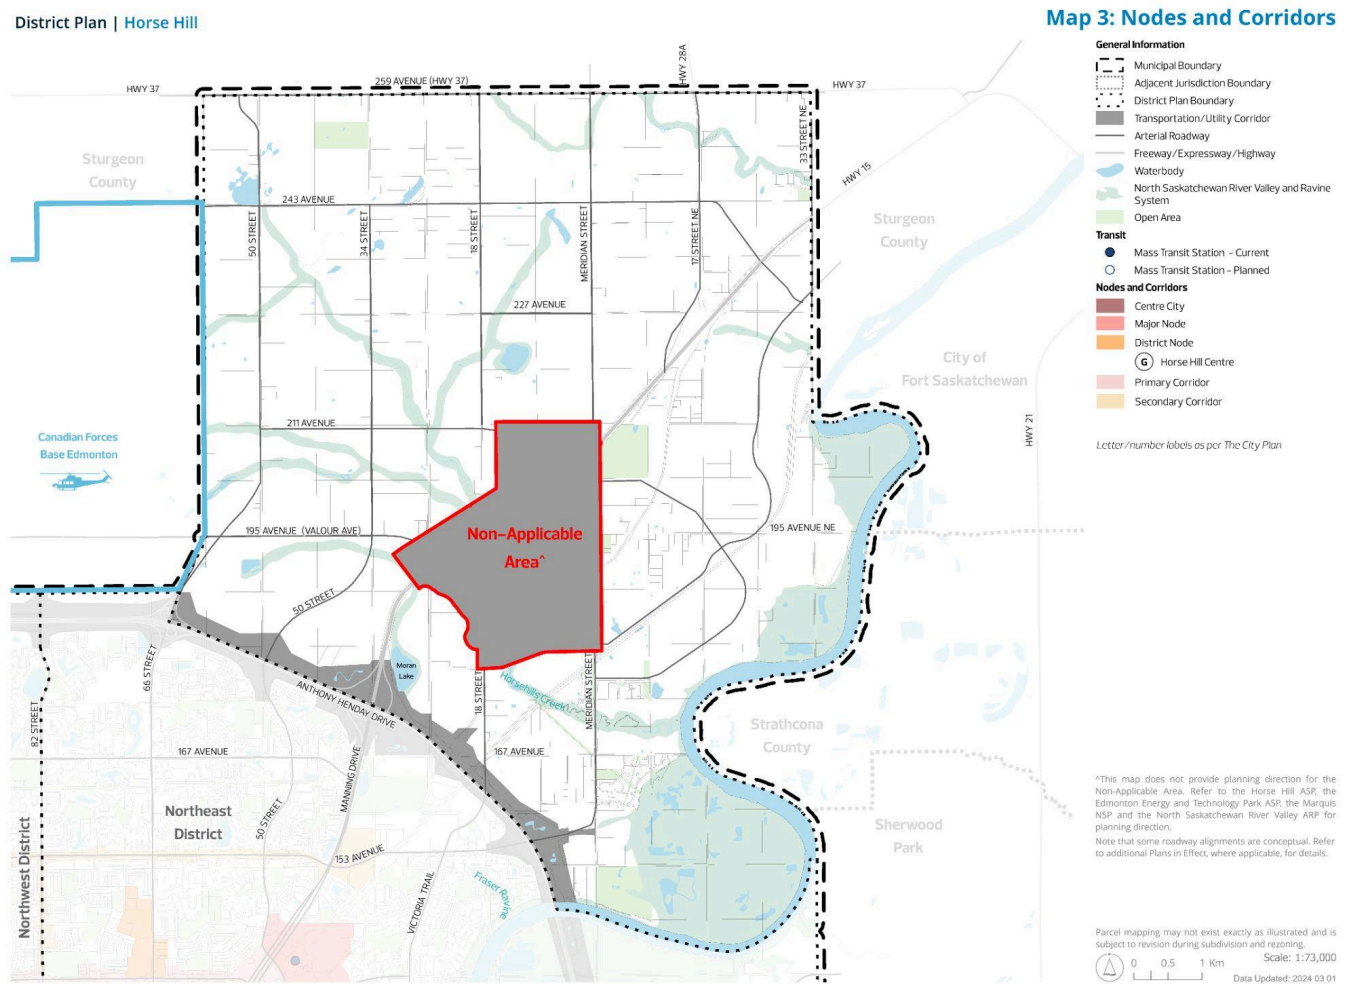

Figure 1 - Nodes and Corridors Map - Horse Hill District

The Horse Hill District is one of 15 districts in Edmonton’s District Network as outlined in The City Plan. Northeast is the only adjacent district. The Horse Hill District includes the Horse Hill Centre District Node (see Figure 1).

Notable features of this district include the Edmonton Energy and Technology Park, a future major employment centre that is part of Alberta’s Industrial Heartland. It also contains significant portions of the river valley and the new Northeast River Valley Park.

Table 1 provides the anticipated population and employment numbers for the Horse Hill District at the 1.25 million and two million population horizons of The City Plan.

Table 1 - Anticipated District Population and Employment Numbers

	Federal Census 2021*	City Plan 1.25 Million Population Horizon	City Plan 2 Million Population Horizon
District Population	3,000	7,000	78,000
District Employment	4,000	9,000	64,000

* 2021 figures are calculated with the 2021 Federal Census using census tract level data.

As the city grows, the Horse Hill District will become a focus area for population and employment growth through new development. The Horse Hill District Plan directs the most substantial development opportunities to developing neighbourhoods and to the Horse Hill Centre District Node.

Plan Preparation

The City Plan was the starting point for drafting all district plans as it provided high-level direction for the Nodes and Corridors, Mobility, Open Space and Growth Activation Networks. Creation of the Horse Hill District Plan also included a fulsome review of all plans in effect, with consideration of recommendations for plan repeals and amendments. No plans in effect have been proposed to be repealed or amended in the Horse Hill District. For more information on the plan preparation process refer to the May 28, 2024 Urban Planning and Economy report UPE01245 Charter Bylaw 24000 - District Policy.

The public and stakeholder groups also provided input on the Horse Hill District Plan. Administration made changes based on feedback when it:

- Aligned with The City Plan and recent Council decisions regarding land use and zoning,
- Was relevant to the plan content and subject to the authority of a land use plan, or
- Identified errors in the draft plans.

Much of the feedback received was not specific to a particular district, but applied to the District Policy or to all district plans, such as what information was shown on the maps. Of the feedback that was related to a particular district, much of it corrected minor errors and omissions.

Repeals and Amendments

The plans proposed to be repealed, amended and retained in the Horse Hill District are described below. Maps of all plans proposed for repeal and amendment as part of the District Planning project are provided as Attachments 2 and 3 to the May 28, 2024 Urban Planning and Economy report UPE01245 Charter Bylaw 24000 - District Policy.
