

BYLAW 20802

To Designate the Field Log House as a Municipal Historic Resource

Recommendation

That Executive Committee recommend to City Council:

That Bylaw 20802 be given the appropriate readings.

Purpose

To designate the Field Log House as a Municipal Historic Resource pursuant to the provisions of the *Historical Resources Act*, RSA 2000, c H-9.

Readings

Bylaw 20802 is ready for three readings.

A majority vote of City Council on all three readings is required for passage.

If Council wishes to give three readings during a single meeting, then prior to moving third reading, City Council must unanimously agree “that Bylaw 20802 be considered for third reading.”

Position of Administration

Administration supports this Bylaw.

Report Summary

This Bylaw designates the Field Log House as a Municipal Historic Resource and allocates financial incentives to support its restoration.

REPORT

Upon passage of Bylaw 20802, the Field Log House will be designated a Municipal Historic Resource and the Rehabilitation Incentive and Maintenance Agreement (Schedule “B” of Attachment 1) will be approved and come into effect. The City will pay the owners up to \$45,554 to assist in the costs of rehabilitation to the historic elements of the structure.

BYLAW 20802 - To Designate the Field Log House as a Municipal Historic Resource

The Field Log House is listed on the Inventory of Historic Resources in Edmonton and merits designation under City Policy C450B - Policy to Encourage the Designation and Rehabilitation of Municipal Historic Resources in Edmonton. The house was built in 1934 and is a rare and intact example of a log-constructed building in the city.

The owner has completed the application requirements to have the Field Log House designated as a Municipal Historic Resource under the provisions of City Policy C450B. The regulated portions of the structure, as outlined in Schedule "A" of Attachment 1, will be preserved and maintained. Any future renovation of the Field Log House will be required to meet the *Standards and Guidelines for the Conservation of Historic Places in Canada*. A Notice of Intention to Designate the Field Log House as a Municipal Historic Resource was sent to City Council for review on February 15, 2024, and mailed to the owners of the Field Log House on March 1, 2024. The Notice of Intention is valid for 120 days (Attachment 2).

Community Insight

Through the creation of The City Plan, Edmontonians advised that it was critical to retain and steward historic resources even as the City is redeveloped and modernized, recognized as The City Plan value of "Preserve." Administration has engaged with the owner of the property throughout the designation process and is aware that others in the Bellevue and Highlands neighbourhoods consider it to be a local landmark. Additional engagement with the public for this process is not a requirement under the *Historical Resources Act*.

Budget/Financial Implications

Upon completion of the project phases, the Heritage Resources Reserve will pay the owner up to \$45,554 for rehabilitation of the historic elements of the structure. The current Reserve balance is sufficient to cover the committed funding, including the Field Log House. The total estimated cost of the eligible heritage restoration work for the project is \$91,108.

Beyond the \$45,554 grant from the Heritage Resources Reserve, the owner is responsible for all costs of the restoration work for the project.

Administration is considering a number of potential heritage designations and projects for use of Reserve funds, which will be brought forward for Council approval as required. Based on the current commitments, including the Field Log House, the Reserve balance is anticipated to be \$4.22 million at the end of 2024. The Reserve is funded by the tax levy on an annual basis (\$2.6 million in 2024 including \$465,131 specifically for the Edmonton Brewing and Malting Company Ltd. building and \$500,000 specifically for Hangar 11).

Legal Implications

In consideration of the incentive payable for the rehabilitation of the Historic Resource (as described in Schedule "B" of Attachment 1), the owners have waived any right to compensation under the *Historical Resources Act*.
