Living Wage and Sustainable Procurement Updates

June 19, 2024 Executive Committee

Financial and Corporate Services
FCS02346

Background

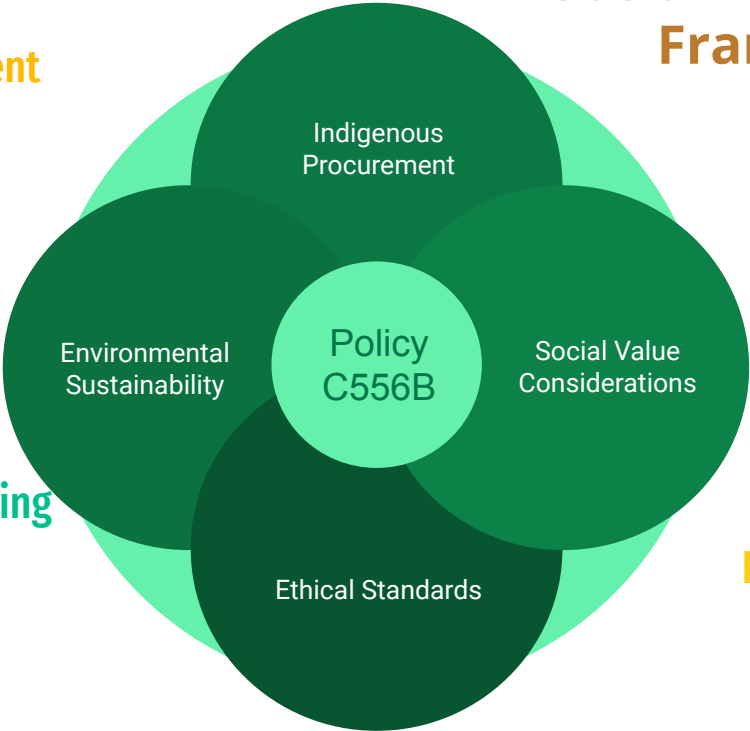

- Living Wage Policy (established 2018)
- Sustainable Procurement Policy (established 2010)
- Revised sustainable procurement policy:

Social Procurement Framework

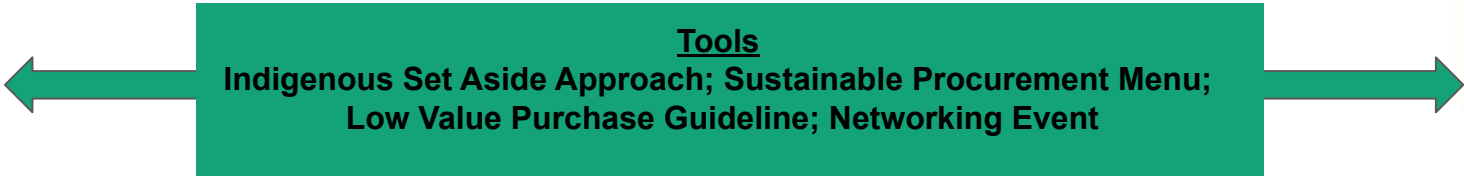

Indigenous Procurement Framework

Community Benefit Framework

Diversity Spend Reporting Framework

Measurement & Reporting Framework

Summary

- Leveraging the City's purchasing power creates positive economic, environmental and social impacts in Edmonton.
- Recommendation is to evaluate bidders for City work on a range of social benefits, of which living wage is one component, with the goal of achieving the greatest community benefit.
- This allows the City to collaborate with potential bidders to deliver on the best possible overall contract value for Edmontonians.

Thank you
