### **Policy, Plan and Guideline Review**

The District Planning project reviewed all plans in effect and other planning tools in the Northeast District to determine their relevance in guiding future development decisions.

### **Community Insights**

Administration did significant public engagement, including for the repeal of plans, as part of the District Planning project in 2022 and 2023. In the Northeast District, members of the public shared concerns about the proposed repeal of the Fraser Neighbourhood Area Structure Plan because they were concerned that additional density would result in overcrowded neighbourhoods. Members of the public did not share any feedback about the other plans proposed for repeal in the Northeast District.
