Company pursuant to this clause in a timely and expeditious manner to the satisfaction of the Municipality, acting reasonably, the Municipality, in addition to and not in limitation of any other rights, remedies or damages available to it at law or in equity, shall be entitled to, but is not obligated to, seek an order of specific performance to require the Company to complete the work.

In the event the relocation, or any part thereof, requires the approval of the Municipality or a third party, the Municipality will assist the Company in obtaining municipal approvals and the Municipality will use reasonable efforts to assist the Company in any negotiation with such third party to obtain the necessary approval(s).

In the event the relocation results from the demand or order of an authority having jurisdiction, other than the Municipality, the Municipality shall not be responsible for any of the costs of such relocation.

16. EXPANSIONS AND UPGRADES

At no cost to the Municipality, with the exception of customer contributions, the Company shall, at its sole cost and expense, on a timely basis and pursuant to its Terms and Conditions, use its best efforts on a commercially reasonable basis to meet the Distribution System expansion requests of the Municipality or a Consumer, and provide the requisite facilities for connections for new Consumers to the Distribution System.

For the purposes of this Agreement, and subject to Schedules "B" and "C", it is understood and agreed that the Municipality cannot insist on relocating or upgrading any overhead system to an underground system, if there is a less expensive or more practical solution. If there is not a less expensive or more practical solution, the Municipality and the Company will meet to negotiate suitable arrangements. The Company shall not be responsible for any upgrades to the Municipality's assets resulting from a relocation of the Company's assets.

17. JOINT USE OF DISTRIBUTION SYSTEM

(a) Municipal Use

The Municipality may, upon notice to the Company and upon confirmation from the Company that the intended use of the Company's poles by the Municipality complies with good and safe electrical operating practices, Applicable Law, and does not unreasonably interfere with the Company's use thereof, make use of the poles of the Company for any reasonable municipal purpose (that is not commercial in nature or that could reasonably adversely affect the Company's exclusive franchise, as granted by the Municipality under this Agreement), at no charge by the Company to the Municipality, provided at all times that such use complies with the intended use. For greater certainty, this shall include the Municipality's use of poles for the Street Lighting System. With respect to equipment the Municipality wishes to install on the Company's poles, after receiving notice from the Municipality, the Company may request the Municipality provide detailed, authenticated drawings and standards and any other information the Company reasonably requires to ensure the Municipality's use complies with the conditions outlined in this Section 17(a). In addition, the Municipality may, upon notice to the Company and upon confirmation from the

Company that the intended unmetered service to City Attachments connected to the Municipality's Street Lighting System: (i) complies with the Company's policies; (ii) complies with good and safe electrical operating practices; (iii) complies with Applicable Law; (iv) does not unreasonably interfere with the Company's use of the Distribution System; (v) does not reasonably adversely affect the Company's exclusive franchise, as granted by the Municipality under this Agreement; and (vii) provided that the costs for electricity for City Attachments are paid by the third parties, allow unmetered service City Attachments to connect to the Municipality's Street Lighting System, provided at all times that such use complies with the intended use.

The Municipality is responsible for its own costs, for the costs of removing any facilities owned by the Municipality or repairing any of the facilities of the Company, and any necessary and reasonable costs incurred by the Company, including the costs of any alterations that may be required in using the poles of the Company.

The Municipality may, upon notice to the Company and upon confirmation from the Company that the intended use of the rights of way by the Municipality complies with good and safe electrical operating practices, Applicable Law, and does not unreasonably interfere with the Company's use thereof, make use of the rights of way of the Municipality, at no charge by the Company to the Municipality, provided at all times that such use of the rights of way complies with the intended use.

The Company agrees to act reasonably and in a timely manner in making its determination above. Where a request is made by a Municipality to the Company under this Article 17(a), the confirmation, the inability to provide a confirmation along with a reasonable explanation of the reasons why a confirmation cannot be provided, or the reasons for the delay shall, at a minimum, be communicated to the Municipality within five (5) business days of receipt of the request.

Notwithstanding this Article 17(a), any use of the Company's manhole system, ductline system or joint use power bases/pedestals by the Municipality that was permitted by the Company prior to the effective date of this Agreement shall be considered an allowable pre-existing use, which shall not be expanded without confirmation from the Company. Any new uses introduced after the effective date of this Agreement shall be subject to the provisions herein. The Parties agree to work cooperatively over time to remove any Municipality assets located within the Company's manhole or ductline system.

(b) Third Party Use and Notice

The Company agrees that should any third party, including other utilities, desire to jointly use the Company's poles, conduits or trenches or related parts of the Distribution System, the Company shall not grant the third party joint use except in accordance with this Article, unless otherwise directed by any governmental authority or court of law having jurisdiction.

Third parties shall be directed to approach the Company to request approval from the Company to jointly use the Distribution System. The Company shall provide final written approval for third party use.

Notwithstanding any provision of this Agreement, attachments in the joint use space of the Company's poles by telecommunication providers shall be governed by the terms of the agreements made between the Company and the applicable telecommunication provider.

(c) Cooperation

The Company and the Municipality agree they will use reasonable efforts to cooperate with each other in any negotiations with third parties desiring joint use of any part of the Distribution System located on Municipal Property.

(d) Payment

The compensation paid or to be paid by such third party to the Municipality for the use of the Municipal Property including its rights-of-way, shall be determined between the Municipality and the third party.

The compensation paid or to be paid by such third party to the Company for the joint use of its poles, conduits or related parts of the Distribution System shall be determined between the Company and the third party, subject to the jurisdiction of any governmental authority over the matter and the Municipality's right to intervene in any related regulatory proceeding.

(e) Provision of Agreements

Upon request by the Municipality, the Company shall provide to the Municipality a copy of all agreements between the Company and any third parties involved in the joint use of any part of the Distribution System. The Company shall be entitled to redact:

- (i) any confidential or proprietary information of the Company or the third party; and
- (ii) such information that it reasonably determines to be of a commercially or competitively sensitive nature, from any such copy provided.

An inventory listing of these agreements shall be updated by the Company and provided to the Municipality upon request and at no cost to the Municipality. The Municipality agrees that the requirement to provide the Municipality with a copy of all agreements between the Company and any third parties involved in the joint use of any part of the Distribution System outlined above shall apply only to agreements made after the effective date of this Agreement.

The Company acknowledges that it does not have the authority to allow nor to grant to any third party the right to use any right-of-way that the Municipality authorized the Company to-use.

(f) Compensation for Costs

Subject to Article 17(c), in the event that either Party to this Agreement is required by law to appear before any applicable regulatory authority, including the Canadian Radio-television and Telecommunications Commission ("CRTC"), the Commission, or a court of law, as a direct result of the actions of the other Party (the "Denying Party") relating to the denial of use to a third party of any part of the Distribution System, then the Denying Party shall pay all reasonable and necessary legal costs incurred by the other Party that are directly related to any such regulatory or judicial proceeding.

For the purpose of this Article, "direct loss or damage" does not include loss of profits, loss of revenue, loss of production, loss of earnings, loss of contract or any other indirect, special or consequential loss or damage whatsoever, arising out of or in any way connected with this Agreement or the actions or omissions of the Company or the Municipality.

- (a) If any dispute or controversy of any kind or nature arises relating to this Agreement or the Parties' rights or obligations hereunder, the Parties agree that such dispute or controversy will be resolved by negotiation, and where such negotiation does not result in the settlement of the matter within thirty (30) days of notice of such dispute being provided by one Party to the other Party, and to the extent permitted by law, the Company and Municipality agree that unresolved disputes pertaining to this Agreement, other than those contemplated in Articles 3 and 20 and Section 3 of Schedule "A", or those related to the sale of the Distribution System as contemplated in Article 10 and 12 hereof, or any other matter that is within the exclusive jurisdiction of a governmental authority having jurisdiction, shall be submitted to arbitration for determination and may be commenced by either Party providing written notice to the other Party stating the dispute to be submitted to arbitration.

The Parties shall attempt to appoint a mutually satisfactory arbitrator within ten (10) business days of the said notice. In the event the Parties cannot agree on a single arbitrator within the ten (10) business days, the dispute shall be forwarded to the Commission for resolution or determination.

Each Party shall appoint an arbitrator within the ten (10) business days thereafter by written notice, and the two arbitrators shall together appoint a third arbitrator within twenty-five (25) business days of written notice for arbitration. The dispute shall be heard by the arbitration panel within forty-five (45) business days of the written notice for arbitration unless extended by mutual agreement between the Parties. The arbitration panel shall render a decision within twenty (20) business days of the last day of the hearing.

Save as otherwise expressly provided in this Agreement, the provisions of the Arbitration Act (Alberta) (as amended from time to time) shall apply to any arbitration undertaken under this Agreement subject always to the Commission's jurisdiction over any matter submitted to arbitration. 23. INTERRUPTIONS OR DISCONTINUANCE OF ELECTRIC SERVICE

Subject to its Distribution Tariff, the Company shall use its best efforts on a commercially reasonable basis to avoid and minimize any interruption, reduction or discontinuance of Electric Distribution Service to any consumer. However, the Company reserves the right to do so for any one of the following reasons:

- (a) Where the Company is required to effect necessary repairs or changes to the Distribution System;
- (b) On account of or to prevent fraud or abuse of the Distribution System;
- (c) On account of defective wiring or other similar condition which in the opinion of the Company, acting reasonably, may become dangerous to life or property;
- (d) Where insufficient energy or power is available for distribution by the Company to a consumer; or
- (e) Where required by a retailer, due to non-payment of power bills.

For clarity and in accordance with the Company's Terms and Conditions, the Municipality shall be responsible for costs required to mitigate service interruptions to the Municipality.

24. APPLICATION OF WATER, GAS AND ELECTRIC COMPANIES ACT

25. FORCE MAJEURE

If either Party shall fail to meet its obligations hereunder within the time prescribed, and such failure is caused or materially contributed by an event of "force majeure", such failure shall be deemed not to be a breach of the obligations of such Party hereunder, but such Party shall use best efforts on a commercially reasonable basis to put itself in a position to carry out its obligations hereunder. The term "force majeure" shall mean any acts of God, strikes, lock-outs, or other industrial disturbances, acts of the Queen's enemies, acts of terrorism (either foreign or domestic), sabotage, war, blockades, insurrections, riots, epidemics, lightening, earthquakes, storms, fires, wash-outs, nuclear and radiation activity or fall-out, restraints of rulers and people, orders of governmental authorities or courts of law having jurisdiction, the inability to obtain any necessary approval from a governmental authority having jurisdiction (excluding in the case of the Municipality that requires an approval from itself, the particular Municipality), civil disturbances, explosions, mechanical failure, and any other causes similar in nature not

specifically enumerated or otherwise specified herein that are not within the control of such Party, and all of which by the exercise of due diligence of such Party could not have been prevented. Lack of finances shall be deemed not to be an event of "force majeure".

26. TERMS AND CONDITIONS

The Terms and Conditions that apply to the Company and are approved by the Commission, as revised or amended from time to time by the Commission, shall apply to the Municipality.

27. NOT EXCLUSIVE AGAINST HIS MAJESTY

Notwithstanding anything to the contrary herein contained, it is mutually understood and agreed that the rights, powers and privileges conferred and granted by this Agreement shall not be deemed to be exclusive against His Majesty in the right of the Province of Alberta.

28. SEVERABILITY

If for any reason any covenant or agreement contained in this Agreement, or the application thereof to any Party, is to any extent held or rendered invalid, unenforceable or illegal, then such covenant or agreement will be deemed to be independent of the remainder of this Agreement and to be severable and divisible from this Agreement. The invalidity, unenforceability or illegality will not affect, impair or invalidate the remainder of this Agreement or any part thereof. The intention of the Municipality and the Company is that this Agreement would have been executed without reference to any portion which may, for any reason and extent, be declared or held invalid, unenforceable or illegal.

29. AMENDMENTS

This Agreement may only be amended by written agreement of the Parties, such amendments to be subject to regulatory approvals as required by law.

30. DISSOLUTION

In the event that the Municipality intends or resolves to dissolve:

- (a) this Agreement shall be assigned to the successor governing authority to the Municipal Service Area;
- (b) subject to an agreement to the contrary between the Company and the successor party, the Municipal Service Area of the Municipality as at the date of dissolution shall thereafter be the Municipal Service Area of the successor party for the purposes of this Agreement; and
- (c) the rights and obligations contained herein shall otherwise continue and shall be binding upon the Company and the successor party.

31. WAIVER

A waiver of any default, breach or non-compliance under this Agreement is not effective unless in writing and signed by the Party to be bound by the waiver. No waiver will be inferred from or implied by any failure to act or delay in acting by a Party in respect of any default, breach or

non-observance or by anything done or omitted to be done by the other Party. The waiver by a party of any default, breach or non-compliance under this Agreement will not operate as a waiver of that Party's rights under this Agreement in respect of any continuing or subsequent default, breach or non-compliance under this Agreement (whether of the same nature or any other nature).

32. CONFIDENTIALITY

The Company acknowledges that the Municipality is governed by the provisions of the *Freedom of Information and Protection of Privacy Act (Alberta)*.
