Overview of Plan

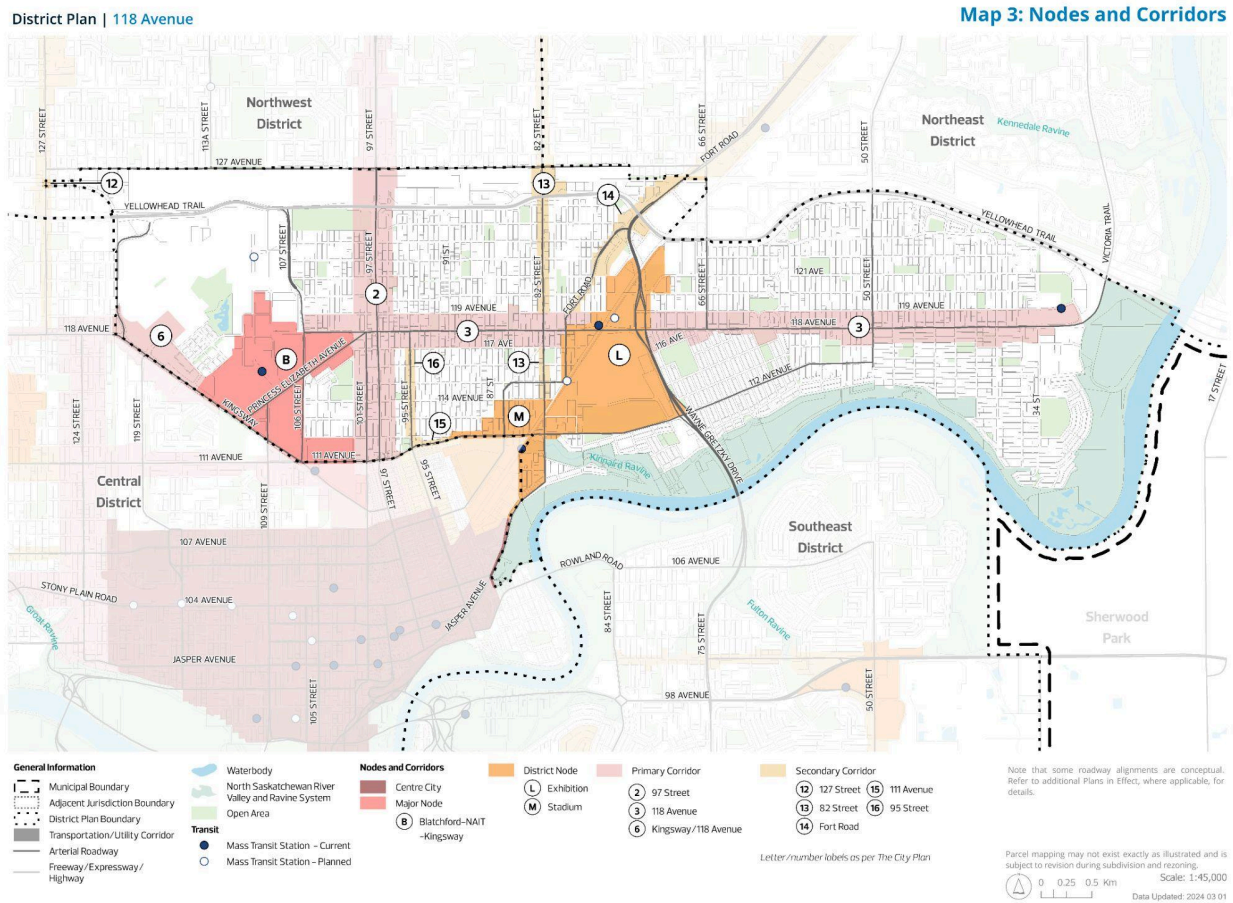

Figure 1 - Nodes and Corridors Map - 118 Avenue District

The 118 Avenue District is one of 15 districts in Edmonton’s District Network as outlined in The City Plan. Adjacent districts include Central, Northwest and Northeast. The 118 Avenue District includes the majority of the Blatchford/NAIT Major Node, one district node and a portion of a second district node, two primary corridors and three secondary corridors (see Figure 1).

Notable features of this district include Blatchford, NAIT’s main campus, Kingsway Mall and the Exhibition lands. 118 Avenue forms a central connection through most of the district, providing a

vibrant street for surrounding communities. The district also contains significant public parks such as Borden Park and Rundle Park, in addition to well-used river valley access points.

Table 1 provides the anticipated population and employment numbers for the 118 Avenue District at the 1.25 million and two million population horizons of The City Plan.

Table 1 - Anticipated District Population and Employment Numbers

	Federal Census 2021*	City Plan 1.25 Million Population Horizon	City Plan 2 Million Population Horizon
District Population	48,000	61,000	125,000
District Employment	30,000	34,000	64,000

* 2021 figures are calculated with the 2021 Federal Census using census tract level data.

The 118 Avenue District will continue to be a focus area for population and employment growth through redevelopment and infill. The 118 Avenue District Plan directs the most substantial development opportunities to nodes and corridors, such as the Blatchford/NAIT Major Node and the Exhibition District Node.

Plan Preparation

The City Plan was the starting point for drafting all district plans as it provided high-level direction for the Nodes and Corridors, Mobility, Open Space and Growth Activation Networks. Creation of the 118 Avenue District Plan also included a fulsome review of all plans in effect which has resulted in recommendations for the repeal of one plan. Relevant policies from the plan proposed for repeal have been moved into the district plan's Area-Specific Policy section (see Table 2 in the 118 Avenue District Plan). For more information on the plan preparation process refer to the May 28, 2024 Urban Planning and Economy report UPE01245 Charter Bylaw 24000 - District Policy.

The public and stakeholder groups also provided input on the 118 Avenue District Plan. Administration made changes based on feedback when it:

- Aligned with The City Plan and recent Council decisions regarding land use and zoning,
- Was relevant to the plan content and subject to the authority of a land use plan, or
- Identified errors in the draft plans.

Much of the feedback received was not specific to a particular district, but applied to the District Policy or to all district plans, such as what information was shown on the maps. Of the feedback that was related to a particular district, much of it corrected minor errors and omissions.
