

Bylaw 19310

A Bylaw to amend Bylaw 13531, as amended, the Meadows Area Structure Plan,
through an amendment to the Aster Neighbourhood Structure Plan

WHEREAS pursuant to the authority granted to it by the Municipal Government Act on January 21, 2004, the Municipal Council of the City of Edmonton passed Bylaw 13531, as amended, being The Meadows Area Structure Plan; and

WHEREAS City Council found it desirable to amend from time to time Bylaw 13531, as amended, The Meadows Area Structure Plan by adding new neighbourhoods; and

WHEREAS on January 26, 2016, City Council has amended the Meadows Area Structure Plan by the passage of Bylaw 17366 adopting the Aster Neighbourhood Structure Plan; and

WHEREAS an application was received by Administration to amend the Aster Neighbourhood Structure Plan; and

WHEREAS Council considers it desirable to amend the Meadows Area Structure Plan through an amendment to the Aster Neighbourhood Structure Plan;

NOW THEREFORE after due compliance with the relevant provisions of the Municipal Government Act RSA 2000, ch. M-26, as amended, the Municipal Council of the City of Edmonton duly assembled enacts as follows:

1. Appendix "G" to Bylaw 13531, as amended, is hereby further amended as follows:
 - a. deleting the third paragraph of Section 5.5 Institutional Lands and replacing it with the following:

"An existing church site is provided for at the southeast corner of 23 Avenue and 17 Street. The church will need an expansion of the building due to the population increase within the NSP area. The expansion will require extra institutional lands to the south of the existing facility. The church access can eventually be provided internally from the mixed use site

on 23 Avenue. Interim access should remain from 17 Street. The new consolidated access from the mixed-use site should be addressed at time of subdivision and development permit stage for the mixed-use site. Developments on the mixed-use site and existing church site should have regard for each other and the neighbourhood so that buildings do not “turn their backs” on each other.

- b. delete the statistics entitled “Appendix 1 - Statistical Calculations, Aster Neighbourhood Structure Plan Land Use Concept and Population - Bylaw 17366” and replace with the following:
