## REPORT

Upon passage of Bylaw 21015, the Brennan Residence will be designated a Municipal Historic Resource and the Rehabilitation Incentive and Maintenance Agreement (Schedule “B” of Attachment 1) will be approved and come into effect. The City will pay the owners up to \$100,000 to assist in the costs of rehabilitation of the historic elements of the structure.

## **BYLAW 21015 - To Designate the Brennan Residence as a Municipal Historic Resource**

The Brennan Residence is listed on the Inventory of Historic Resources in Edmonton and merits designation under City Policy C450B - Policy to Encourage the Designation and Rehabilitation of Municipal Historic Resources in Edmonton. The house was built in 1921 and is a good example of a Craftsman style-influenced home in the Glenora community.

The owner has completed the application requirements to have the Brennan Residence designated as a Municipal Historic Resource under the provisions of City Policy C450B. The regulated portions of the structure, as outlined in Schedule "A" of Attachment 1, will be preserved and maintained. Any future renovation of the Brennan Residence will be required to meet the *Standards and Guidelines for the Conservation of Historic Places in Canada*. A memorandum regarding the Notice of Intention to Designate the Brennan Residence as a Municipal Historic Resource was sent to City Council on November 1, 2024, and the formal Notice letter was mailed to the owners of the Brennan Residence on November 12, 2024. The Notice of Intention is valid for 120 days (Attachment 2).

### **Community Insight**

Through the creation of The City Plan, Edmontonians advised that it was critical to retain and steward historic resources even as the City is redeveloped and modernized, recognized as The City Plan value of "Preserve." Administration has engaged with the owner of the property throughout the designation process. Additional engagement with the public for this process is not a requirement under the *Historical Resources Act*.

### **Budget/Financial Implications**

The *Historical Resources Act* requires a municipality to provide financial compensation to a property owner when a site or structure on their property is designated as a Municipal Historic Resource. In lieu of this financial compensation, grants are provided from the Heritage Resources Reserve to the property owner to assist in the rehabilitation of the historic resource.

Upon completion of the project phases, the Heritage Resources Reserve will pay the owner of the Brennan Residence up to \$100,000 for the rehabilitation of the historic elements of the structure. The current Reserve balance is sufficient to cover the committed funding, including the Brennan Residence. The total estimated cost of the eligible heritage restoration work for the project is \$200,971.45.

Beyond the \$100,000 grant from the Heritage Resources Reserve, the owner is responsible for all costs of the restoration work for the project.

Administration is considering a number of potential heritage designations and projects for use of Reserve funds, which will be brought forward for Council approval as required. Based on the current commitments, including the Brennan Residence, the Reserve balance is anticipated to be \$3.9 million at the end of 2025. The Reserve is funded by the tax levy on an annual basis (\$2.4 million in 2025 including \$465,131 specifically for the Edmonton Brewing and Malting Company Ltd. building and \$500,000 specifically for Hangar 11).

### **Legal Implications**

In consideration of the incentive payable for the rehabilitation of the Historic Resource (as described in Schedule "B" of Attachment 1), the owners have waived any right to compensation under the *Historical Resources Act*.
