# Economic Impact of bringing a Health and Wellness Centre to the Edmonton Region

# Edmonton Global

***Our purpose is to radically transform and grow the economy of the Edmonton Metropolitan Region***

- Increasing regional prosperity through attraction of foreign direct investments and new businesses
- Increasing trade and export with the world

## Speaking in favor of establishing a health and wellness centre in Brander Gardens:

The proposed development represents a significant economic opportunity for the Edmonton Region, reinforcing our position as a prime destination for investment, tourism, and business growth.
