

Potential Transit Priority Locations

The following map indicates the top locations of passenger delay in the ETS network. The width of red lines indicates the degree of passenger delay experienced on the corridor, with wider segments indicating more delay.

Map 1 - Potential Transit Priority Locations

Attachment 2

The following table lists the segments shown in the map above that were shortlisted using the criteria discussed in the report, and the associated bus routes that operate on these corridors affected by passenger delay.

Table 1 - List of Potential Transit Priority Locations and Associated Bus Routes

Corridor	Routes
107 Avenue (120 Street to 156 Street)	7, 52, 901
109 Street (Princess Elizabeth to Jasper Avenue)	8, 110X, 902
