Sub-Committee Request

EDC is seeking Council's approval to establish one sub-committee to support its 2025 goals. The sub-committee will focus on the EDC 2025 Work Plan, as its present workload and composition do not allow this work to be undertaken in an efficient manner. The sub-committee will allow these actions to be undertaken in a much more focused and expedient manner.

Further details are provided in the 2025 Work Plan (Attachment 3).

The Planning and Environment Services branch, which provides administrative support to EDC, supports the request to establish the sub-committee.
