5	City Operations	CO02675	Edmonton Transit Service Fare Policy C451H Review - Exploring the Revenue - Cost Ratio	<p>At the August 28, 2024, Executive Committee meeting, the following motion passed:</p> <p>That Administration review the revenue-to-cost recovery ratio in Policy C451H - Edmonton Transit Service Fare Policy and provide options, including new target ranges, and return to Committee.</p>	Given the broader fiscal gap strategies work and the items reviewed as part of the revenue stream led by Finance, this report would be redundant. City Operations (ETS) will support the FCS team with this work.
6	Community Services	CS01972	Safe and Inclusive Public Spaces	<p>At the July 4, 2023, City Council meeting, the following motion was passed:</p> <p>2. That, based on the recent RCMP 2SLGBTQ+ advisory statement, the Mayor, on behalf of City Council, draft a letter to other orders of government highlighting concern about rising hate and discrimination towards the 2SLGBTQIA+ community and urging legislative changes and resources to address this as well as an invitation to meet and discuss the matter and work collaboratively on actions.</p>	Given that the original motion and the drafted, but unsent, letters are now outdated and no longer reflect the current legislative and intergovernmental context, and that future action will be effectively guided by the 2SLGBTQIA+ Action Plan's prioritization of direct engagement with the 2SLGBTQIA+ community for informed advocacy, it is recommended that Council repeal part 2 of the motion instead of proceeding with the previously directed letter.
