

**Table 3: Comparison of Restaurant Parking Requirements in other Municipalities**

Example: A restaurant development has 200m<sup>2</sup> (2,153 ft<sup>2</sup>) of Public Space and 136 seats.  
How many parking spaces are required?

	Edmonton	Calgary	Regina	Saskatoon	Ottawa <sup>1</sup>	Toronto <sup>1</sup>	Vancouver <sup>1</sup>
<b>General Requirements</b>	56 spaces	57 spaces	28 spaces	20 space	34 spaces	10 spaces	25 spaces
<b>Downtown</b>	0 spaces	0 spaces (CC-X & CCET) <sup>2</sup>	0 spaces	0 spaces	0 spaces	0 spaces	2 spaces
<b>Other Special Areas:</b> Inner City, main streets, etc.	42 spaces	0 spaces (Beltline)	0 spaces	0 spaces	32 spaces	0 spaces	4 spaces

1. Parking requirements are converted, if expressed differently, to relate to "Public Space".  
Assumption is Public Space = 60% of Gross Floor Area (GFA).
2. Small and Medium sized Licensed & unlicensed Restaurants, CCET Zone includes Large Restaurants - some sub-areas exceptions apply
