| South | J |
| Gateway | K |
| Southeast | L |

For the Motion: Ayling, Bailey, Boulet, Lefebvre, McDonald, Miller, Wiebe

Carried unanimously

The Naming Committee considered numerical, lettering, geographical, and other naming themes for the proposed Municipal Ward Boundaries naming initiative. The recommended Ward names above identify the geographic location of the Wards within the City of Edmonton and are generally distinct from federal and provincial electoral districts, school board wards, community league boundaries, and current Ward names. In an effort to limit repetitive nomenclature as much as possible, four names were selected based on history and known geographic features. If approved, the Committee hopes that establishing new names for the Wards will assist with communicating the proposed boundary changes and provide clarity and guidance to all residents. The Naming Committee was pleased to participate in the proposed Municipal Ward Boundaries naming discussion.

Yours truly,
Edmonton Naming Committee
