

Community Services Committee Report

River Rescue Response Facility - Environmental Impact Assessment and Site Location Approval

Recommendation of the Committee

1. That the Environmental Impact Screening Assessment and Site Location Study, as outlined in Attachment 3 and 4 of the June 25, 2013, Community Services report CR_269, be approved.
2. That the existing Fire Station 21 be repurposed to:
 - house an active river rescue crew
 - provide backup service to the downtown core
 - house specialized apparatus
3. That Fire Station 21 be approved as a major facility within the River Valley, and that the location of the facility within the River Valley be deemed essential and approved pursuant to section 3.5.1 of the North Saskatchewan River Valley Area Development Plan Bylaw.
