The City of Edmonton  
Transportation Dept  
Attention: Audra Jones / Tyler Golly

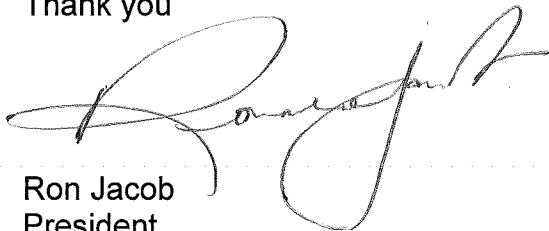

Re: Prince Charles Transportation Management Study  
Notice of Expression of Interest

Pursuant to discussions we have had concerning traffic issues in Prince Charles and preliminary findings of Edmonton Police Service and The City's Traffic Safety Unit, we believe a formal review of transportation matters in our community is warranted. A summary of issues was previously provided to your department for your review.

On behalf of the Prince Charles Community League, signatures are enclosed to support this request representing over 25% of our community households. There are additional forms circulating through our community that are anticipated to be completed and available to Transportation personnel before the end of the month.

Should you require additional information or have the need to communicate with us further, please contact the undersigned at 780 757 7746 or by email at [rjacob@shaw.ca](mailto:rjacob@shaw.ca)

Thank you

A handwritten signature in black ink, appearing to read 'Ron Jacob', is written over a horizontal line.
