Steven Langer	Community Services Advisory Board
<p>Steven has had the privilege of working in education throughout his career. He began his teaching career in London, England with a year of teaching and travelling before joining Sturgeon School Division. Steven has taught a variety of subjects and has worked primarily in grades K-9. He had the opportunity to coach, perform in and direct drama productions, travel with students on Canadian adventure tours, and take students on outdoor camping adventures.</p> <p>Steven was very fortunate to have a rich educational experience, including four years as a Vice Principal before serving for four years as a Principal in Sturgeon Public School Division. He is passionate about working with students, empowering leadership, and supporting a culture of risk-taking, authentic learning experiences, and growth. Steven believes in lifelong learning, as evidenced by his completion of a Masters of Education in Leadership from the University of Portland.</p> <p>Steven served as Director of Curriculum in Languages, Arts, and Wellness for Alberta Education. He was also subject lead for Wellness Education, leading a team in the development of K-9 future curriculum.</p> <p>Steven is currently working with the Alberta School Boards Association as Chief Officer, Education Services. It has been great to gain a deeper understanding of the education system in supporting school boards. Some of the key initiatives Steven has led include advocacy, education services, communications, online learning, research and professional resources, and supporting the work on our Indigenous Relations team.</p> <p>Steven loves to spend time with his young family including his wife Kim, five year old daughter Adelyn, and two year old son Ethan. Life is always exciting at home, and days are filled with many hugs, stories, and play time. Steven also enjoys being active, especially outdoors. Golf is his favourite pastime, but he also enjoys camping, sailing and hockey.</p>
