Previous Council/Committee Action

At the October 9, 2012, Community Services Committee meeting, the following motion was passed:

That Administration prepare, for the October 17, 2012, City Council meeting, a Bylaw to Amend Bylaw 13145, based upon Attachment 4 of the October 9, 2012, Community Services report 2012CST014.

Report

 Public consultation efforts revealed over eighty-five percent of Edmontonians identify improper training, poor supervision and irresponsible dog owners as the main causes for dog attacks.

- After extensive data and policy research, consultation with the public, off-leash park users, and dog industry experts, there is extensive support for removal of breed specific legislation from the Animal Licensing and Control Bylaw.
- Efforts are underway to enhance the current responsible pet ownership education program in conjunction with the proposed bylaw changes. Collaboration with the Edmonton Humane Society, local pet rescue groups, veterinary clinics and community groups will be undertaken. Opportunities to increase dog training and bite prevention programming will be coordinated with relevant stakeholder groups.
- Enforcement efforts will centre on holding dog owners more accountable for their dogs' actions, increased sign use and greater education on codes of conduct in offleash areas.
- Administration will undertake to provide Council with a one-year update on dog bite numbers, if the bylaw is amended.
