SCHEDULE “C”

GENERAL GUIDELINES FOR REHABILITATION

The General Guidelines for Rehabilitation are intended to assist in applying accepted principles and practices to the conservation of Historic Resources. The guidelines are set out in the *“Standards and Guidelines for the Conservation of Historic Places in Canada.”* In a manner consistent with accepted practice, City Heritage Policy C450B requires that the standards be used in conjunction with the guidelines to ensure that the basis for a clear and consistent interpretation of the guidelines is provided to assist Owners of Historic Resources throughout any rehabilitation process. The following guidelines and the referenced standards shall apply to the Northern Alberta Pioneers and Descendants Cabin (the “Municipal Historic Resource”) and any rehabilitation or maintenance work undertaken with respect to the Municipal Historic Resource at any time.

1. **Compatible Uses:**

Wherever possible, the uses proposed for a Municipal Historic Resource shall be compatible with the existing building such that only minimal changes are required to the building. The use of a Municipal Historic Resource for its original purpose is desirable..

2. **Original Character:**

The original distinctive qualities and character of the building as designated by the Municipal Historic Resource Bylaw should be preserved. The removal or alteration of any historical materials or features shall be avoided whenever possible.

3. **The Historic Period:**

The Municipal Historic Resource should be recognized as a product of its own time. Alterations which are not based on historical fact or which recreate an earlier or a later design idiom shall be discouraged.

4. **Witness to Change:**

Changes to the Municipal Historic Resource may have occurred over time. These alterations are evidence of the history and development of the building. Because this evolution may have acquired a significance in its own right, alterations to the original building should be recognized and respected where indicated.

5. **Style and Craftsmanship:**

Distinctive stylistic features and examples of skilled craftsmanship which have been designated by the Municipal Historic Resource Bylaw shall be preserved and treated sensitively.

6. Repair and Replacement:

Deteriorated architectural features shall be repaired rather than replaced whenever possible. Where replacement is necessary, the new material should match the original as to composition, color, texture, design, etc. The repair or replacement of architectural features shall be based on a sound knowledge of the original characteristics of the feature. Such knowledge shall be based on historical or pictorial evidence and not upon conjecture.

7. Cleaning:

In all cases, surface cleaning shall be undertaken with the gentlest means available. Sandblasting in particular, but also other cleaning methods, damage historic buildings and should not be undertaken without thorough testing prior to use on a building. Sandblasting is not recommended on brick, stone or wood. In all instances, it should be ascertained that a building exterior is really in need of cleaning prior to undertaking the work.

8. Reversibility of Improvements:

When the introduction of new elements or materials are necessary to stabilize or preserve a municipally designated historic resource, alteration shall be undertaken such that the new materials, should they fail, may be removed at a later date without damage to the original fabric of the Municipal Historic Resource. Where this is not possible (i.e. use of epoxy) only those methods and materials which have been thoroughly tested and found satisfactory in situ, shall be used.

9. Recording:

Prior to undertaking any alterations, particularly in cases where alterations may threaten the building fabric (underpinning, moving structures), the applicant shall compile a complete record of the architectural features of the Municipal Historic Resource. Measured drawings and photographs of details may prove invaluable if major features are damaged or lost during the subsequent repair work.

10. Original Construction Details:

In some historic structures, poor construction details or inappropriate materials resulted in rapid deterioration of certain building elements. In these instances, accurate reconstruction of the original detail will inevitably result in the failure of the element. Therefore, reconstruction should be undertaken in such a fashion as to duplicate the original appearance as closely as possible while using details based on sound construction practice.

11. Codes:

At no time should the life and safety of occupants of a Municipal Historic Resource be deemed of lesser importance than the preservation of the original fabric of the Municipal Historic Resource. The required life and safety standards are those required by the current Alberta Building Code. However, notwithstanding these Code requirements, where the essential character of the structure is threatened by changes for Code reasons, every effort shall be made to achieve an equivalent safety standard by alternate means so as to minimize the impact on the historic fabric.

12. Improvements:

Prior to undertaking any improvements, a schedule of alterations should be prepared. This schedule should include phasing of alterations where necessary due to program or budget restrictions. The type and timing of both short and long term maintenance work shall also be included.

13. Signs:

As a general rule signs should be limited to signs which were originally present on the building. In instances where new uses or interpretive functions dictate the use of additional signs, these new elements should be integrated into the general design of the project. The size, typeface, graphics, and materials should be chosen to suit the period of the Municipal Historic Resource wherever possible. Avoid installing new signs such that the repair, replacement or removal of the signs damages the original fabric of the structure.

14. Enforcement:

The owner and the City shall enter into an agreement to provide that the designated structure will be maintained in such a manner as to prevent any deterioration.

15. Alterations and Additions to Historic Resources:

Contemporary design for alterations and additions to existing Historic Resources shall not be discouraged when such alterations and additions do not diminish the overall historic character of the resource and such design is compatible with the size, scale, colour, material and character of the resource, neighbourhood or environment.

GUIDELINES FOR DEVELOPMENT ON THE REGULATED LANDS

1. General Purpose:

To establish guidelines on future development on the lands on which the Northern Alberta Pioneers and Descendants Cabin is located to protect the heritage character of the Municipal Historic Resource and the immediate surrounding lands.

2. Area of Application:

The area of application shall apply to a portion of land located at 9430 Scona Road NW, being that portion of the land legally described as:

Plan I4

All that portion of Block (Z) lying to the East of the Northerly production of centre line of Grandin Street as shown on Plan I

Excepting thereout: All that portion subdivided under Plan 3313EO

Excepting thereout all mines and minerals

as specifically shown in Schedule "B" of this Bylaw (the "Land").

3. Development Criteria:

The Development Officer and the Heritage Planner shall have regard for the following guidelines when reviewing a development permit application for any additions or alterations to the Northern Alberta Pioneers and Descendants Cabin.

4. Historic Integrity:

4.1. Should redevelopment of the Northern Alberta Pioneers and Descendants Cabin occur, such redevelopment must respect the historic character of the regulated portions of the building designated as a Municipal Historic Resource. As well, any future development within the Lands must conform to "General Guidelines for Rehabilitation" and the "*Standards and Guidelines for the Conservation of Historic Places in Canada*."

4.2. There shall be no building development in the front yard of the historic structure.

4.3. Additions or additional structures must be sympathetic in either matching material or style, or both, in order that the Building.

- 7.9. **If the Owner fails to perform any obligation under this Article 7 or made pursuant to this Article 7, the City may give notice of the breach to the Owner without any further notice in the case of a breach pursuant to Section 7.6 of the Agreement, or at the expiration of twenty-one (21) days after service of the notice in the case of any other breach, the City may without further notice, take all steps as the City may in its absolute and uncontrolled discretion deem necessary to remedy the Owner's breach. Any monies**

expended by the City in remedying the said breach, together with a surcharge of fifteen percent (15%), shall be paid by the Owner to the City, and until such payment shall, together with interest thereon at the rate of one percent (1%) per annum above the prime rate, be a debt owing by the Owner to the City. This amount shall be recoverable by the City from the Owner within thirty (30) days of the Owner receiving a written demand and summary of costs from the City, failing which such amount payable shall be a charge on the Land and the City is at liberty to register such charge on title to the Land. The rights of the City under this clause shall be in addition to and not substitution of any other rights of the City against the Owner whether by way of damages for breach of covenant or otherwise.

- 7.10. The failure of the City at any time to require performance by the Owner of any of the Owner's covenants shall in no way affect the City's right to enforce such covenant, nor shall the waiver by the City of the performance of any covenant be taken or be held to be a waiver of the performance of that covenant or any other covenant hereunder at any later time.
- 7.11. The Owner hereby releases the City, its agents and employees from any liability whatsoever that the City may have to the Owner arising out of or related to the City's performance of such obligations, save for any such liability as may be due to the City's negligence. The Owner hereby agrees to cooperate with the City and allows the City such necessary access to the Building and the Land as is requisite for the City to fulfil the requirements of this section.
- 7.12. Pursuant to and in accordance with Section 29 of the Act this Agreement shall be registered on title to the Land and the conditions and covenants herein shall run with the Land and shall bind the Owner and subsequent owners and successors in title to the Owner.

8. REZONING:

- 8.1. If the City requests, the Tenant shall apply to the City, within one (1) year of the request, to have the Land rezoned to DC1 (Direct Development Control) Provision. Nothing in this Agreement fetters Council's discretion to approve or reject the Tenant's rezoning application.
- 8.2. Notwithstanding any other provision of this Agreement the City may, in its sole and absolute discretion, hold back the Incentive grant until the Sustainable Development department has received a valid application to rezone the Land to DC1 (Direct Development Control).

9. INSTALLATION OF PLAQUES:

9.1. The Owner and the Tenant shall permit the placement of two (2) plaques in a visible location on or in proximity to the Building upon, or anytime after, the passing of the Designating Bylaw. One plaque shall be created and installed by the City at the City's sole expense to a design and specification solely within the City's discretion identifying the Building and the Land as a Municipal Historic Resource. A second plaque shall be created and installed by the Edmonton Historical Board as an interpretative plaque, to a design and specification solely within the Board's discretion. The location of the City's and the Board's plaques shall be mutually agreed to by the Owner and the City, both parties acting reasonably. For greater clarity, the City or the Board shall have no obligation to create and install such plaques, and the decision to do so shall be solely within each of the City's and the Board's discretion. Neither the Owner nor the Tenant shall permit or cause the removal, disturbance or obscuring of such plaques.

10. CANADIAN REGISTER OF HISTORIC PLACES:

10.1. The Owner consents to having the property listed on the Canadian Register of Historic Places which will at minimum entail having the address, historic descriptions, statements of significance and photographs available for public viewing, in print or electronic format.

11.2. The limits of such policy will insure the structure to full replacement value.

11.3. In the event of a loss every effort should be made to replace, repair or restore the Building to conserve the characteristics of the Building which give it its historical significance. Parts of the Building designated as being historic shall be restored, as closely as possible, to the details and characteristics of the original dwelling so designated as being historic.

11.4. Any exceptions to this insurance provision must be approved by the designated Heritage Planner for the City of Edmonton.

12. DISPUTE RESOLUTION:

- 12.1.1. The party requesting that the matter in dispute be resolved in accordance with the provisions of this Dispute Resolution Article (the “Disputing Party”) shall notify the other party (the “Defending Party”) in writing of the details of the nature and extent of the dispute (the “Arbitration Notice”);
- 12.1.2. Within seven (7) days of the receipt of the Arbitration Notice, the Defending Party shall by written notice advise the Disputing Party that it disputes all matters referred to in the Arbitration Notice except those for which the Defending Party admits responsibility and proposes to take remedial action;
- 12.1.3. The terms of reference for arbitration shall be those areas of dispute referred to in the Arbitration Notice with respect to which the Defending Party has not admitted or proposes to take remedial action;
- 12.1.4. The Defending Party and the Disputing Party shall within ten (10) days after the date of receipt by the Disputing Party of the Defending Party’s notice, appoint an arbitrator who shall be acceptable to both parties (the “Arbitrator”). In the event that the parties shall fail to appoint the Arbitrator, then either party may, on written notice to the other, apply to the President of the Alberta Arbitration and Mediation Society to name the Arbitrator;

- 12.1.6. Unless the Arbitrator orders otherwise, the City and the Owner shall equally bear the costs of the arbitration;
- 12.1.7. The decision of the Arbitrator is final and binding on the parties and there shall be no appeal of the decision to the courts; and
- 12.1.8. Except as modified by this Agreement, the provisions of the Arbitration Act R.S.A. 2000 c. A-43, as amended, shall apply.
