Budget/Financial Implications

Upon completion of the project phases, the City will pay the owner up to \$75,000 for rehabilitation from the Heritage Resources Reserve. The current Reserve balance is sufficient to cover committed funding, including the McLear Residence.

The total estimated cost of the restoration portion of the project is \$210,630. Beyond the \$75,000 grant from the Heritage Resources Reserve, the owner is responsible for all costs associated with the restoration portion of the project.

The projections for the Reserve (using current commitments) anticipate a Reserve balance of \$226,703.72 at the end of 2020. Administration is considering a number of potential heritage designations for use of these funds, which will be brought forward for Council approval as required. Based on the current commitments, the Reserve balance is anticipated to be \$607,346.53 at the end of 2021. The Reserve is funded by

the tax levy on an annual basis (\$2.3 million in 2020, including \$417,550 specifically for the Edmonton Brewing and Malting Company Ltd. Building).

Legal Implications

In consideration of the incentive payable for the rehabilitation of the Historic Resource (as described in Schedule “C” of Attachment 1), the Owner has waived the right to compensation under the *Historical Resources Act*.
