A ten-year public art planning document approved by Edmonton City Council in 2008.

1.13 Public Art (Artwork or Public Artwork)

Any original work of art that is accessible to the general public. Typically, the creation of a Public Artwork takes into consideration site and context as part of its process; the Artwork can be functional, integrated or discreet to its site (types are further described in the MAP). Public Art mediums can include, but are not limited to: sculpture, installation, paintings, drawings, prints, photography, multi-media projects, murals, mosaics, land art/earth works, or projects which incorporate design, architecture, or landscape architecture.
