

Roadway Condition Rating System

All roadway assets are graded and assessed against the following rating system:

- A (Very Good) – Fit for the future. Well maintained, good condition, new or recently rehabilitated.
- B (Good) – Adequate for now. Acceptable, generally approaching mid-stage of expected service life.
- C (Fair) – Requires attention. Signs of deterioration, some elements exhibit deficiencies.
- D (Poor) – An increasing potential of affecting service. Approaching the end of service life, condition below standard, a large portion of the system exhibits significant deterioration.
- F (Very Poor) – Unfit for sustained service. Near or beyond expected service life, widespread signs of advanced deterioration
