

Current State Review of the Existing LRT Stations

NAIT and Stadium stations are also excluded from the review as they are temporary locations and undergoing rehabilitation respectively.

Legend for Station Typology:

S: Surface - Station is at ground level

U: Underground - Station is fully underground

EC: Elevated Concourse - a heated elevated space above ground

UC: Underground Concourse - a heated space below ground

LRT Station	Year Built*	Transit Users Boarding Train (daily average)	Station Typology (see legend)	Platform Description	Number of Shelters on Platform	Shelters Fully Enclosed
South Campus/Fort Edmonton	2009	10, 146	S	Fully covered	3	No
McKernan/Belgravia	2009	3,938	S	Partially covered	1	No
MacEwan	2015	8,064	S	Fully covered	2	Yes
Kingsway/Royal Alexandra Hospital	2015	4,761	S	Fully covered	2	Yes
Belvedere	1998	8,193	S + EC	Fully covered	2	Yes
