The available land to industrial areas in Edmonton is more than 726 net hectares (1794 net acres) of vacant zoned industrial and ready for immediate development.

Local artist Richard Dixon with permission

## **We are a River city**

All along the river are tell tale signs of flow path of the once a continental ice sheet. And the bison bones and wood pieces protrude as well as organic debris according to Edmonton Geological society to as far back as 8000 BP. **Edmonton Beneath our Feet 1993 p. 116.**
