

Urban Planning Committee Report

Re-routing of Report

Recommendation of the Committee

That the following report be re-routed as indicated:

Safety of Future Transit Stations - Design Guidelines and Site Activation

City Operations - CR_6505

- Administration recommends presenting this report together with CR_6432 - LRT Station Security Update, scheduled for the October 2, 2019, Community and Public Services Committee, to ensure a more holistic discussion of transit safety.

Re-route to: October 2, 2019, Community and Public Services Committee

History

At the August 20, 2019, Urban Planning Committee meeting, the Committee considered the request to re-route the report as noted.
