

PROPOSED REZONING - Avonmore

 **From:** (RF1) Single Detached Residential Zone
To: (RF3) Small Scale Infill Development Zone

Our request is that committee approve a motion to have secondary suites included as an opportunity in small scale multi-unit housing, including row housing and stacked row housing. This requires an amendment to the definition of “secondary suite”.

We understand that stacked row housing is no longer a definition that exists in the zoning bylaw, so IDEA would be happy to work with Administration on the precise wording of the change.
